

COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

Dean: William T. Fielding

Accredited by AACSB International

The Association to Advance Collegiate Schools of Business

MISSION STATEMENT

The mission of the College of Commerce and Business Administration (CCBA) is to educate a diverse undergraduate and graduate student body for successful employment and managerial careers in a dynamic global environment, to be productive and ethical citizens, and to be prepared for advanced studies, as well as lifelong learning.

The CCBA carries out its mission through its commitment to the following four core values:

Teaching

We seek to provide our students with a learning-centered environment through which they become literate, articulate, and broadly educated individuals, who are knowledgeable in fundamental economic principles, the business disciplines, and the impact of global forces on domestic affairs. The curricula prepare baccalaureate and MBA graduates to be literate with information technology, ethically and globally aware, as well as analytical decision-makers who possess fully developed oral, written, and interpersonal communication skills. Graduates should be able to adapt to rapidly changing technologies, and to adapt to a diverse work-place environment. The faculty seek to be recognized as excellent teachers and scholars, dedicated first and foremost to the development of students, through quality teaching, advising, and mentoring.

Intellectual Contributions

The CCBA values basic research, applied research, and instructional development activities of the faculty, with primary focus on applied scholarship (contribution to practice) and instructional development (learning and pedagogical research). The faculty believe that teaching and scholarly activity are interdependent and that research enhances faculty effectiveness in the classroom and provides students with state-of-the-art business knowledge.

External Interaction

The CCBA seeks to take a leadership role in the economic development of the State of Alabama, specifically its Northeast region. The CCBA promotes excellence in service activities consistent with academic and professional strengths of faculty and staff. Faculty and staff are expected to be a resource for the economic development of the State and region by extending their knowledge, skills, and values to society. Interaction with external constituents is fostered through a variety of efforts to include the Center for Economic Development, the Center for Business and Free Enterprise Education, guest speakers, executives-in-residence, and advising groups.

Continuous Improvement

The College strives to provide quality undergraduate and graduate management education through traditional as well as distance delivery. The faculty, staff, and administration of the CCBA are committed to continuously improving the quality of our academic programs, our student support activities, and our service to the local and regional community.

From these **core values**, the College has derived the following guiding principles:

GUIDING PRINCIPLES

- Emphasizing effective teaching;
- Instilling ethical development, integrity, and social responsibility in students;
- Recognizing the contribution of others through intellectual and external interactions, collaboration, freedom of thought, and freedom of expression; and
- Continuously improving academic programs, student support activities, and service to the community.

VISION STATEMENT

The College aspires to be recognized as one of the premier public regional undergraduate schools of business in the Southeast.

PROGRAMS OF STUDY

This College offers the 120 hour Bachelor of Science degree with majors in the following areas of study: Accounting, Business Economics, Finance, Management (concentrations are available in Human Resource Management and Information Management/E-Commerce), and Marketing. Also, a 120-hour Bachelor of Arts degree with a major in Economics and approved minor which, among others, may include Urban Economics/Real Estate Development is an option. A major in Economics with a concentration in International Business is also available. The CCBA offers minors in accounting, business economics, finance, business administration, information management/ecommerce, international business, management, marketing, and urban economics/real estate development.

UPPER DIVISION ASSESSMENT POLICY

In addition to meeting the general admission requirements of the University, students wishing to pursue a degree from the College of Commerce and Business Administration must adhere to the following:

1. All Bachelor of Science students enrolling in the College will list their major as Undecided-MGMT until the completion of all lower division (Freshman and Sophomore) courses. Upon completion of these 60-hours with a GPA of 2.0 or higher, students will be reclassified, upon application, to one of the five business degree majors (accounting, business economics, finance, management, or marketing).
2. While taking lower division courses, all students should schedule English composition and math courses each semester until such courses requirements are completed.
3. CCBA students who complete the 60 hours of lower division courses without attaining a 2.0 GPA will be required to repeat courses in order to bring the GPA up to the required 2.0. For the purposes of calculating the lower division GPA, only the highest grade for repeated courses will be included. Students not meeting the conditions to be reclassified will have one semester to bring the GPA up to the required 2.0. During this one semester, students will be allowed to continue in only nine (9) hours of CCBA core courses selected from the following upper division courses: FIN 301; EC 303, 321, or 322; MKT 301; MGT 301; CBA 350, 396, and IME 375 (all prerequisites must be adhered to). Students who attempt to enroll in classes without appropriate prerequisites will be dropped from these classes.
4. Students who begin their program at JSU will follow the program of study outlined in the JSU Catalog that is current at the time they initially enroll. However, if at some later date, a student wishes to change to a more recent Catalog, this is permissible. Students electing to change to a more recent Catalog will need to satisfy all requirements of the selected Catalog. See appropriate section of the University Catalog for Catalog Requirements and Time Limits.
5. Students transferring from any two-year college or other four-year institution must abide by all rules and regulations as specified in the appropriate JSU Catalog relative to their admission, both into the University as well as assessment into the College of Commerce and Business Administration. Transfer students also have the right to move to a more current Catalog, if desired.
6. Students planning to transfer from other junior or senior level colleges should consult with the Student Support Services Coordinator in the College of Commerce and Business Administration for information relative to degree requirements.

ADVISING POLICY

The College of Commerce and Business Administration maintains an Advising Center in which all Freshman and Sophomore students are advised. In addition, all first-time transfer students are advised in the Center. Juniors and Seniors who have completed all lower division courses with the appropriate GPA and have been reclassified into one of the College's five majors are advised by a faculty member from that major. Advisor assignments are made at the time of reclassification into the major.

COURSE TRANSFER POLICY

Students transferring to JSU from other accredited institutions must satisfy specified course and GPA requirements prior to eligibility for upper division courses. Also, students may transfer into JSU from another institution no more than 50 percent of the business credit hours required for the business degree (CCBA Core plus major requirements). Transfer credits for 300/400 level business courses will be accepted only from AACSB-International accredited schools. This applies only to courses that are approved for transfer once a student has enrolled as a business student at Jacksonville State University and not to credits that have been completed at another institution prior to enrolling in JSU's business program. See appropriate section of the University Catalog for Transfer Student Admissions.

CCBA CORE REQUIREMENTS

The following courses are included in the CCBA Core: CBA 115, 350, 390, 396, 469; ACC 200, 210; CS 201; ST 260, 261; FIN 292, 301; EC 221, 222, 303 or 321 or 322; MKT 301; MGT 301, 305; and IME 375. A student must earn a minimum "C" average (2.00 GPA) in CCBA core subjects and CCBA core subjects taken in residence.

GRADE REQUIREMENTS FOR MAJOR AND MINOR COURSES

The student must earn a grade of at least a "C" in all major and minor courses required for degree completion.

CCBA GRADUATION REQUIREMENTS

In addition to successfully completing all course requirements for the major, students graduating with a degree from the College of Commerce and Business Administration must meet all requirements listed below for graduation:

1. Attain an overall GPA of 2.0 or higher on all courses attempted.
2. Attain a GPA of 2.0 or higher on all courses attempted at JSU.
3. Attain a GPA of 2.0 or higher on all CCBA core courses (See CCBA Core Requirements above).
4. Attain a GPA of 2.0 or higher on all CCBA core courses at JSU.
5. Earn a passing score on the English Competency Exam (ECE). Students should then submit an Application for Degree to the Student Support Services Coordinator in the CCBA Advising Center, Room 110 Merrill Building.
6. Complete the University approved Exit Exam. This is an assessment of students' accomplishments in general education and also measures reasoning skills.
7. Complete the Major Field Assessment Business Test. This is an assessment tool that is used to measure students' understanding of the basic business subject areas to include: accounting, economics, management, quantitative business analysis, finance, marketing, legal and social environment, and international studies.

Students are encouraged to incorporate internships and practical field experiences in their degree plans. These field experiences may or may not be credit bearing, but are considered integral to the learning process. Students should consult their academic advisors for prior approval and guidance.

ELIGIBILITY OF BUSINESS MAJORS TO UPPER DIVISION CCBA COURSES

In order to enroll in upper division (300 and 400 level) CCBA courses, students must have completed at least 50 semester hours to include: ACC 200, 210; EC 221, 222; MS 112, and ST 260,261. Students who are enrolled in ACC 210, EC 222 (having completed EC 221), and/or ST 261 may request special permission to enroll simultaneously in upper division CCBA core courses. This permission, if granted, will be allowed only once per student; failure to successfully complete prerequisite courses will result in the student not being allowed to enroll in additional CCBA core courses until such prerequisite course(s) have been successfully completed. In order to enroll in major courses, students must have completed all requirements for the upper division eligibility and be reclassified from Undecided-MGMT.

ELIGIBILITY OF NON-BUSINESS MAJORS TO UPPER DIVISION CCBA COURSES

Non-business majors having completed at least 50 semester hours may be eligible for upper division courses if they have met all prerequisites for each course. Others may be admitted only with the written permission of the appropriate department head.

NOTE: FIN 311, FIN 341, 343, and 344 are exceptions to the requirements stated above; these courses are open to all students. FIN 343 and 344 require FIN 341 as a prerequisite.

CPA EXAMINATION 150 Hour Legislation

To be eligible for an initial sitting for the uniform written Certified Public Accountant Examination in Alabama, a person must have completed a total of 150 semester hours of postsecondary education, including a baccalaureate degree at an accredited college or university. This education must include a concentration in accounting, including at least 33 semester hours in certain specified accounting subject areas. In addition, the 150 semester hours must also include 3 semester hours of business law, and 27 semester hours from among specified business subject areas.

The requirements exceed the current JSU requirement for a bachelor's degree in accounting by 30 semester hours. Students who desire to be a CPA in Alabama should consult with the Associate Dean/MBA Director for assistance in planning a course of study that includes the appropriate additional undergraduate or graduate coursework.
