

I. Summary Information for Research Proposal Submission

Research proposals are accepted from all fields of academic endeavor, including all artistic fields wherein the results are publishable or presented externally to the university. However, proposals for dissertation/thesis research or curriculum development proposals will not be accepted. Curriculum development is broadly defined, including most pedagogical research or education outcomes assessment.

A. Title of Proposal:

B. Research Funding:

a. Total funding requested

b. If you would be willing to accept partial funding, please indicate a minimum amount necessary from this grant in order to make the project feasible. Leaving this field blank will indicate that the proposal is feasible with any available funding.

C. Researcher Information:

For each researcher, please indicate the name and check any of the special considerations that apply. Please list the principal investigator/research coordinator first.
