

Attention Undergrads!!!!

We need your help!!

Are you interested in getting practical biological field experience and a **course credit** by surveying for unique and threatened amphibians in their natural habitats?

Two graduate projects are currently underway and we need volunteers to help collect data.

You could earn one course credit
in BY 327 or BY 427.

*Prerequisites:

BY 322, 332, or 373 are needed for BY 327

And BY 370 is needed for BY 427
