Yes _____ No _____

STUDENT'S 2004-2005 CERTIFICATIONS FORM

I certify that all of the information on my application is true and complete to the best of my knowledge.

I understand that when I register for classes, I create a financial obligation to JSU. An application for financial aid neither eliminates this responsibility, nor does it extend the deadlines established for payment.

I understand I must reapply for financial aid each year, and that it is my responsibility to obtain the materials necessary for application.

I understand that financial aid must be used only for expenses related to my study at JSU.
