Topics discussed include how to declare a major and develop a relationship with an academic advisor; understand components of MyJSU; know and understand JSU policies; participate in the common reading program; learn and become active in JSU activities for students; understand and develop appropriate behavior for a college student; become familiar with student services; and acquire knowledge and skills necessary to prosper as a JSU student.

LS 104
Conditionally Admitted students must take LS 104 (Academic Success Skills): This course will be completed during the first year of enrollment and is an individualized freshman seminar providing supportive guidance in study skills, problem solving, decision making, and college adjustment.

HONORS PROGRAM
First year students earning a 25 or higher composite score on the ACT and have a B average in high school are invited to apply for the Honors Program. If you do not meet the first-year requirements, you may apply after achieving a 3.5+ GPA your first semester at JSU. Some of the benefits of being a member of the Honors Program include: smaller class size, priority registration, service learning and community service opportunities, domestic and international travel opportunities. In order to graduate with honors Honors and be recognized at graduation a student must successfully complete 24 hours of honors credits. Students must be a member of the Honors Program to take Honors courses. There are special instructions for registering for classes your first semester in the program, so make sure to let your GO! Specialist know that you are a member of the Honors Program! The online application can be found at www.jsu.edu/cas/honors-program. For additional information, contact the Honors Program at 256-782-5696 or honors@jsu.edu.

HOW DO I CHANGE MY MAJOR?
Send an email from your JSU email account to admissions@jsu.edu indicating your current major with your student number and what major you want to change to for the Fall Semester. After you register for classes you must contact the department of your major in order to change your major. For example, if your major is criminal justice and you want to change to Art, contact the art department.
A NOTE FOR JSU FAMILIES AND GUESTS

Higher education represents a partnership involving the student, the student’s family, and the university. We believe that parents and guardians should be aware of their student’s experiences with the university. During orientation, the emphasis for students is on understanding the curriculum and registering for fall semester classes, in addition to identifying their responsibilities and opportunities for involvement in the university community. We invite you to participate in orientation as your student is taking his or her first steps at the university (a fee of $20 per family member or guest will be charged).

By participating in orientation, you will become informed about university academic programs, policies, facilities, and services. Moreover, we hope you will begin to feel an affinity for the university as your student’s involvement increases. Orientation, for parents as well as students, is an academic program. Because orientation is an academic program for students and parents alike, there is not an accompanying program for younger children.

During the Program You Will:
• Meet with your student’s selected major advisor and dean
• Meet other Jacksonville State University parents
• Tour JSU’s campus
• Meet with student’s Gamecock Orientation Leaders and Specialist who can answer your questions and concerns about your student’s adjustment to life at JSU
• Meet and talk with representatives from Financial Aid, RMC Student Health Center, Campus Safety, Residence Life and many other offices.
FINANCIAL AID

Students may use their scheduled financial aid (assistance that has been processed, awarded, and accepted), with the exception of federal work study, to confirm class registration. Financial aid status and awards may be verified on MyJSU. Financial aid awards and scholarships do not cover the orientation fee. See our student check list below:

☐ Have you applied for financial aid at fafsa.gov?
☐ Have you completed your financial aid file?
☐ Have you been offered & accepted your aid package?
☐ If you have accepted a student loan, have you completed the Master Promissory Note & Loan Entrance Counseling at studentloans.gov?
☐ Have you reviewed your account balance?
☐ Do you know the payment due dates and deadlines?
☐ Did you apply for scholarships?
☐ Questions: Contact JSU at (256) 782-5006
☐ Check your JSU e-mail account

The Hate You Give
By Angie Thomas

“What’s the point of having a voice if you’re gonna be silent in those moments you shouldn’t be?”

The Hate You Give, Angie Thomas’s first novel, focuses on Starr Carter’s struggle to reconcile the events that spark a heated debate between her neighborhood of Garden Heights and the outside world, including her upscale private school. The book follows both of the communities she inhabits and provides a variety of perspectives on the incident that leads to her friend’s death. Her family, her prep school peers, and her neighborhood friends all influence Starr’s decisions to step forward and use her voice to contribute to an ongoing investigation and the subsequent debate. The Hate You Give looks at the impact young people can have in their communities and beyond.

This is the story of a young woman whose passion for activism is ignited by the circumstances in which she finds herself. Like Starr, many young college students are inspired by the world around them to step forward and support a variety of causes. With support from family members, mentors, and peers, these students often seek their own voice and hope to have a positive impact on their communities. Jacksonville State University
