ATHLETIC TRAINING ADMISSIONS CHECKLIST

Jacksonville State University is committed to recruiting and preparing quality candidates for entry-level positions in athletic training. Currently enrolled students wishing to apply to the Master’s in Athletic Training Program must complete an application and submit all required materials. Please see the checklist below to make the process easier for you when applying to Jacksonville State University Master’s in Athletic Training Program! Admission criteria listed are requirements that must be met before admission is granted. Meeting these minimum standards or acceptance into the University Graduate School will not guarantee admission to the Athletic Training Program. The Master’s in Athletic Training Program has a limited enrollment. The number of students admitted may be limited to the number of spaces available in the program to maintain an appropriate student to preceptor/faculty/staff ratio. Therefore, all candidates must make formal application, be admitted to the University Graduate School, and follow the prescribed requirements to be eligible for admission into the program.
