

# APOSTC Firearms Instructor Development Course

## Northeast Alabama Law Enforcement Academy Presents Firearms Instructor Development Course

This course is designed to improve a firearm instructor's ability to develop a shooter's marksmanship potential. While many concepts can be carried over to other weapon systems, this course focuses on the duty pistol.

### Course topics include:

- How the brain learns and develops skills
- Practice methods that maximize performance
- Applying the Performance Science to firearms training
- Coaching techniques and strategies
- Developing hand dexterity and vision skills
- A principle-based approach to marksmanship
- A shooter-friendly framework for marksmanship
- Effective dry practice principles
- Diagnosing and prioritizing marksmanship errors
- A new brain-based approach to target analysis
- **Note: See second page for student equipment**

**When:** February 11 & 12, 2020

**Time:** 8:00AM 5:00PM

both days

**Cost:** FREE

**Where:** Northeast AL Law  
Enforcement Training  
Center Range  
8506 Roy Webb Rd,  
Piedmont, AL 36272

**PLEASE NOTE:** While shooting does occur both days, this course is not a "shooting" course. It is an instructor development course. Both days are spent focusing on instructional skills, with time being split between classroom and range activities.

**\*\*\*\*\*Pre-requisite\*\*\*\*\***
