NEWS RELEASE

The Print Shop prices have been stable for the last several years. We have had to replace several outdated pieces of equipment that were no longer serviceable. Due to the increase cost in supplies and paper, our prices must be adjusted accordingly. The price list below reflects those increases. Even with the slight increase, we are still the most economical solution for all university/campus related printing needs. We are sorry for any inconvenience you may experience from this increase. To allow adequate time for budgeting, the new price list will not take effect until Oct 1, 2004. For your convenience the Print Shop now has a color copier for high speed color copies.
