Rob Schaffer
Acting Director of Public Safety/Chief of Police

CALEA Accredited

The Jacksonville State University Police Department recognizes the unique situation affecting those parking on campus due to the March 19, 2018 tornado. To ensure a safe and efficient parking system, most rules and regulations involving parking are unchanged. This includes:

- Faculty, staff, and students parking on campus must have a decal or temporary decal for their vehicle.
- No parking on Trustee Circle. This will allow for safe movement of heavy equipment and the Gamecock Express.
- No parking on yellow curbs.
- No parking in handicap parking spaces unless in possession of a JSU handicap placard.
- Park in your authorized zone. Gold parking is for faculty and staff. Silver, green, and orange are for students.

If you have not been impacted by the storm that changed your designation from on-campus resident to commuter or commuter to on-campus resident, park in your assigned parking zone. If you have been impacted, please contact the Jacksonville State University Police Department at 256-782-8888 to speak with our Parking Division. If you were impacted, we will assist you in obtaining a temporary parking pass to accommodate each unique situation. For your convenience, the University Police Department will be at the "One Stop Shop" on April 6 and April 7, 2018 at the Theron Montgomery Building Auditorium.

We ask for your patience and understanding during this time of resuming university operations. Be vigilant and use caution as construction and heavy equipment are located in various parking areas. Please do not park in close proximity to heavy equipment and do not enter areas blocked by barricades or caution tape. We appreciate your cooperation in assisting those involved in repair operations.
