BILL CLARK

RETURNS HOME

DEAR ALUMNI,

I am pleased to report that on April 26 at the spring commencement, JSU awarded 707 degrees, our second largest class ever. Next month we will begin welcoming our incoming fall freshman class at summer Gamecock Orientation sessions. It is a great time to be a Gamecock!

In this edition of the Gem, you will learn about our CORE partnership and how our relationship with our local k-12 northeast Alabama community schools is evolving in an innovative and collaborative way. You will also read about how one of our own, Dr. Donald Prudlo, was invited to serve as a historical correspondent on Vatican Radio during the papal conclave. And speaking of one of our own, we are excited to introduce you to JSU's new head football coach, Bill Clark. Coach Clark becomes the first alumnus to hold that position. Read about him and his family and the upcoming season on page 28.

This spring, JSU also welcomed a new head soccer coach. Neil McDonald comes to us from Mississippi State University. To learn about his background and plans for the 2013 season, see the article on page 20.

As we do once a year, this edition features the JSU Honor Roll of Contributors from the previous calendar year. We thank all those who have helped support our institution and programs throughout the years. Your generosity continues to make a profound impact on our university and the students that we serve. On page 10 you will see some of our generous scholarship donors and their recipients who joined us for our annual Founders Day luncheon in March.

As always, we hope you enjoy this edition of the Gem. We want to see you back on campus for Homecoming on October 12, if not before.

Sincerely,

William A. Meehan

SARA BETH DRAKE

CROWNED MISS JSU 2013

BY HEATHER GREENE

In January, former Miss JSU Beth Milam crowned Sara Beth Drake as the new Miss JSU 2013. Eighteen contestants competed for the crown, making it one of the largest preliminary pageants in the state this year.

Drake tap danced her way into first place in the pageant's talent competition in addition to winning the overall crown. Although this is her first year at JSU, a fast track program at Drake's high school allowed her to complete forty-eight credit hours through Wallace State Community College thereby giving her sophomore status.

As all contestants are required to select a charity or cause to represent, Drake's platform is Improving Literacy Throughout Your Community. Drake explains that she selected this platform after working at her parents' law firm last summer and having her eyes opened to the reality of illiteracy present today.

"Literacy is just such a huge factor in our state today," says Drake. "It is not just the adults in our state, but it is also the children and that's where it needs to

start...children need to start learning how to read very early."

Drake will be partnering with First Book, an organization that raises money for books to give to parents of newborn babies at hospitals to start the learning process early on. She plans to have a book drive and raise money for First Book with the assistance of various organizations around campus such as SGA, the Senate, and Freshman Forum. Drake will also read weekly to children in the community at the Jacksonville Public Library.

Drake is excited about working on campus during the year ahead. "I really want to get more people involved in more organizations around campus. Our campus has so much to offer, and I just want to get every student involved," she says.

In June, Drake will compete with other young women across the state for the title of Miss Alabama. However, this will not be her first trip to the state competition. Drake won the title of Miss Wallace State 2012 and was a contestant in the 2012 Miss Alabama pageant last June. Drake explained that meeting Ms. Milam,

former Miss JSU, at the Miss Alabama pageant last year helped draw her to JSU in her college search, in addition to the campus size and community surroundings.

She values the experience she gained from the Miss Alabama pageant last year and feels it has helped her to be better prepared for this year's competition. Drake is a member of the Marching Ballerinas, the GoGo basketball dance team, Phi Mu Sorority, and Freshman Forum. She describes herself as a "risk-taker" and "outdoorsy" in her hobbies. "I love to skydive," said Drake. She also lists rock climbing, hiking, dancing, and reading among her other activities. Drake looks forward to representing JSU and the Jacksonville community at Miss Alabama.

JSU GREEKS GET INVOLVED

Fraternity and sorority life at Jacksonville State University is doing extremely well in the areas of leadership, academics, and philanthropy. During 2012, JSU's Greek community raised over \$68,000 to be donated to various philanthropic efforts. They also performed over 13,500 hours of community service.

Greek students are leaders on campus. Currently ten of the fifteen Gamecock Orientation leaders are fraternity or sorority members.

For the fall of 2012, all five of the Panhellenic organizations at JSU earned above a 3.0 cumulative grade point average (GPA), eleven of the eighteen

organizations achieved GPAs above the all undergraduate average and fifteen of the eighteen organizations achieved a 2.5 or higher GPA.

The 2013 Panhellenic recruitment will be held August 16-19. IFC recruitment will follow on August 23-27.

ROBOTICS TEAM

WINNERS IN NATIONAL COMPETITION

BY DR. DANA INGALSBE

At the 2012 conference of the Association of Technology, Management, and Applied Engineering (ATMAE) in Nashville, Tennessee, the JSU ATMAE Robotics Team won first place in the nation with a perfect score during the robot competition. The team members were Mr. Sam Thompson, Ms. Jessica Civitello, Ms. Tina Civitello, Mr. Jonathan Thompson, Mr. Benjamin Ledbetter, Ms. Aimee Montgomery, Mr. Morgan McDonald, and Mr. Slayton Acker. The faculty sponsors are Mr. Phillip Dean and Mr. Earl Bonds.

The team was made up of students from different academic majors. Students majoring in design and applied manufacturing engineering and applied electronics engineering took care of the robot building and programming, while there was an art student who made the poster. The students presented their posters to the judges, and also had to provide a detailed write-up documenting their project. The task for the ATMAE robot competition was to remotely drive the robot into a ten foot circle in the conference hotel ballroom, then autonomously

(without human control) go to a table and pick up thirty-six ping-pong balls (red, green, blue, and yellow) and back out of the circle. The team received one point per ball picked up by the robot. The robot, while sorting the balls by color, next backed out of the circle. The student controller reestablishes remote control and drives to four different drop off points. The team received two points for each ball correctly dropped off in the designated color area. Blue balls dropped off correctly were worth four points.

This was the third year JSU’s team had entered the robotics contest. The first year, the robot won its first round of competition but was disqualified in the second round due to complications following a battery failure. Last year, the team was second. This year’s winning robot was appropriately named “Anita Wynn.”

At the conference the students had the opportunity to participate in professional development workshops and sit in on several of the breakout sessions where they learned about current trends in applied engineering education.

The JSU Robotics Team won for best electronic controls, best fabrication, and had a perfect score during the competition phase. 🚫

JSU Celebrates Founders Day

This year marks the 130th anniversary of Jacksonville State University’s beginning as a State Normal School in 1883. In March, students, alumni and donors celebrated JSU’s rich tradition at the annual scholarship luncheon. At the event, scholarship donors were introduced to their recipients and learned how their generous donations were making a difference in their recipient’s life. In 2012, the JSU Foundation awarded approximately \$470,000 to deserving JSU students. 🍷

ALLYSON G. BARKER

NAMED ACTING VP OF ADMINISTRATIVE AND BUSINESS AFFAIRS

BY ASHLEY SISKEY

LEFT: Allyson Barker, Acting VP of Administrative and Business Affairs. Clint Carlson, former VP of Administrative and Business Affairs.

After a decade of service at Jacksonville State University, Clint Carlson resigned as vice-president, administrative and business affairs. JSU president, Dr. Bill Meehan says of Carlson's departure, "Over the last ten years, JSU has seen significant advances in our administrative services, financial affairs, physical plant and business operation as a direct result of Mr. Carlson's leadership, not the least of these accomplishments being a continued 'A' Standard and Poor's bond rating." Mr. Carlson accepted a position at Clemson University. Ronnie Smith, a JSU Board of Trustees member, adds to Dr. Meehan's sentiments, saying, "Clint Carlson has been a valuable part of JSU during his tenure. He has been an excellent steward of JSU's financial assets over a period of time, which has been economically challenging due to reduced state support. Under his

guidance, JSU continues to be a sound institution financially. He has supported the administration and trustees through significant and successful capital projects. I am personally grateful for the support he provided to me as a trustee, always available to answer my questions in a professional and candid manner. He will be missed."

Allyson G. Barker, CMA, was named acting VP, effective March 1. "Mrs. Allyson Barker, university controller, will be the acting vice president until we identify a candidate for approval by the board later this year. Mrs. Barker has been associated with the university for more than twenty-five years and will be an excellent intermediate in this position," says Dr. Meehan. A forty-year veteran in public, manufacturing and educational accounting, Mrs. Barker received her BS in accounting, as well as her MBA, from JSU. Prior to her position as controller,

Mrs. Barker was the director of finance and accounting at the Alabama Institute for the Deaf and Blind for seven years. From 1985-87, she was a research analyst for JSU's Center for Economic Development. Mrs. Barker has served under Mr. Carlson for over ten years and says, "I hate to see Clint leave. I have learned so much and wish him well. I am excited about this new opportunity for me and see it as a career fulfillment. I appreciate the confidence the university and Dr. Meehan have placed in me."

HOWELL SCHOLARSHIP ENDOWMENT

BY HEATHER GREENE

 **LEFT:** Dr. Meehan with Ken and Jenny Howell.

Ken and Jenny Howell have recently endowed a scholarship through the JSU Foundation, which will begin in the fall of 2013. Mr. Howell, a native of Coldwater, Ala., is a 1972 JSU alumnus who majored in accounting and participated in the advanced ROTC program. His own experience at JSU set the criteria for the scholarship, which specifies that the student be an accounting major, preferably a cadet in the JSU ROTC program, and a graduate of any Calhoun County high school. The scholarship will be in the amount of \$12,500 for the year awarded and is renewable provided that the student continues to meet the requirements.

Mr. Howell made the decision to attend JSU because it allowed him to continue to live at home and work, while also gaining his degree.

When asked why they made the decision to endow a scholarship, Mr. Howell explains, "It was difficult for me to go to school because I had to work to put myself through school...I would not have been able to finish had it not been for the stipend provided by ROTC...I've reached a point now where I can give back and keep somebody else from having as hard of a time financially as I did."

Currently, Mr. Howell is the president and CEO of Auto Custom Carpets,

Inc. He and his wife teach a non-credit continuing education ballroom dance class for JSU and compete in ballroom dance competitions. They are involved with USA Dance and will be going to Baton Rouge in June for a competition. The Howells currently reside in Anniston, Ala. 

OWEN REAPPOINTED

Randy Owen was recently reappointed to his second twelve-year term as the at-large member of the Jacksonville State University Board of Trustees. Owen currently chairs the Trustees' Academic Committee and during his first term was a champion for the completion of JSU's Little River Canyon Center, notable as a LEED (Leadership for Energy and Environmental Design) registered structure that utilizes geothermal heating and cooling, recycled materials, added insulation and many other innovative and sustainable design elements. Owen dropped out of school in ninth grade but was persuaded to come back by his junior high school principal. He became an excellent student, graduated, and went on to attend JSU where he earned a degree in English. Along with his band, "Alabama," Owen went on to become one of country music's biggest and brightest stars and was inducted into the Country Music Hall of Fame in 2005.

Owen has raised millions of dollars for charity. One of the most prominent recipients is St. Jude Children's Research Hospital, where he was awarded the Founder's Award, a prestigious honor that founder Danny Thomas bestowed only on very special occasions. When informed of his reappointment, Owen said, "I am very honored to serve my university and extremely proud to represent JSU through my reappointment to the Board of Trustees." 🐔

NEIL MACDONALD

JACKSONVILLE STATE UNIVERSITY
NEW HEAD SOCCER COACH

Neil Macdonald was named the third head coach in the history of Jacksonville State’s soccer program earlier this year. Macdonald has posted a 207-137-19 record during his fifteen year coaching career, including the last nine years as the head coach at Mississippi State University.

The Inverness, Scotland, native came to the United States in 1997, where he was four-year starter for Augusta State. Macdonald captained the team during his junior and senior seasons and was also a recipient of a handful of team awards, as well as one conference Player of the Week accolade. He played and started in every game he was eligible for during his illustrious career at Augusta State, and he left the distinguished academic institution as the career record holder in games played and games started.

Macdonald began his coaching career as an assistant at Iowa Central Community College (ICCC) in 1997, where he helped coach both the men’s and women’s soccer teams. In his initial season, the women finished the season as regional champions with a 9-3-1 record and featured the nation’s leading scorer at that level. The men’s team also won the regional championship with an impressive 15-4-1 record and a No. 14 national ranking.

Following a 1998 campaign that saw both the Tritons and Lady Tritons march to regional and national rankings, Macdonald was named head coach at ICCC and over the next five seasons, he would guide the men’s team to five regional championships, four times reaching the Sweet Sixteen of the National Junior

College Association of America (NJCAA) national tournament, including his final season in 2002 when the squad advanced through to the Final Four.

Over the same five years, he led the women’s soccer team to the same success as the Lady Tritons won five consecutive regional championships, including an appearance in the Elite Eight in 2002.

During his five-year tenure at ICCC, Macdonald compiled an impressive 149-34-5 coaching record. At the conclusion of the 2002 campaigns, he was honored with NJCAA Region Coach of the Year accolades, along with being named one of three finalists for NSCAA National Coach of the Year honors. He was also lauded with inclusion in *Who’s Who* of America’s Teachers.

Macdonald joined the staff at Mississippi State in 2003 as a volunteer assistant coach and was promoted to a full-time assistant later in the year as he helped the 2003 squad turn in a program best 0.86 goals against average. That team finished the year 9-8-3 and recorded the program’s first wins over nationally-ranked teams, including a victory over number six, Florida.

The next season, Macdonald became head coach of the Bulldogs and was the most-successful rookie head coach in Mississippi State history, taking the team to nine victories and an SEC Tournament berth.

In 2011, MSU secured its most SEC victories since 2004, including upsets of two Top Twenty teams for the first time since 2003. The 2012 Bulldogs opened the year with an eight-game unbeaten streak,

a mark that matched the 2009 squad’s 8-0 start for the best opening to a season in school history.

Born May 16, 1972, in Banff, Scotland, Macdonald currently holds his coaching license from the Scottish Football Association. Two years ago, Macdonald returned to his home country and completed his Scottish FA UEFA B license, one of the top coaching certifications in international soccer. 🇪🇸

ALAN BONNER
DRAFTED BY THE HOUSTON TEXANS

Jacksonville State’s Alan Bonner was drafted by the Houston Texans in the sixth round of the 2013 National Football League draft.

Bonner becomes the eighth player in Jacksonville State history to be drafted and the first player since David Gullledge and Darrell Malone were taken in the 1991 NFL draft. He was the twenty-seventh pick of the sixth round (overall pick number 195) and the second Ohio Valley Conference player taken in this year’s draft, behind UTM’s Montori Hughest (fifth round/Indianapolis Colts).

“It’s been a long journey and it’s just a blessing,” Bonner said after learning of his draft selection. “I was just playing the wait-

ing game for the last few hours and I was just filled with joy when I saw my name on the screen.

“I’m just so excited to have the opportunity to continue my playing career,” said Bonner. “I’m ready to take my game to a whole another level.”

The Newnan, Ga., native is Jacksonville State’s all-time career leader in punt return yards (972) and punt returns (87), while ranking second on the career pass receiving yards (1,986) and pass receiving touchdowns with twenty. He also set the school single-season record with 648 kick return yards on twenty-five returns during the 2010 season.

Bonner appeared in forty-four games for the Gamecocks over a four year span starting as a true freshman in 2009 and earned a spot on the All-OVC Newcomer Team. He led Jax State in catches (50), receiving yards (859) and touchdowns (8) as a senior in 2012.

Bonner played in the inaugural Raycom All-Star Classic and was also invited to the Senior Bowl earlier this year. 🏈

TORI MOBLEY
SIGNS WITH CAROLINA PANTHERS

Jacksonville State offensive lineman Tori Mobley signed as a free agent with the Carolina Panthers following the 2013 National Football League draft.

Mobley, a native of Columbus, Ga., started ten games on the offensive line and graded better than eighty percent with five pancake blocks after playing 697 snaps as a senior in 2012.

Mobley was named to the All-Ohio Valley Conference second-team after helping lead a Gamecock rushing attack that averaged 191.0 yards per game to rank twenty-seventh nationally, and over 413 yards of total offense to rank thirtieth in the country during the 2012 season.

He saw action in forty-one games and posted thirty-three starts during his four-year career with the Gamecocks. Mobley finished with a career record of 30-14, and helped JSU win the school’s eighteenth conference championship in 2011. He also helped the Gamecocks post one of the school’s biggest wins with a 49-48 double-overtime road win at Ole Miss to open the 2010 season.

Mobley will become the seventy-seventh player in Jacksonville State’s football history to sign with a professional football team. 🏈

Dr. Prudlo Reports from Vatican

Dr. Donald Prudlo, associate professor of ancient and medieval history at Jacksonville State University had the misfortune of being sick on Monday, February 11. While unable to sleep, Dr. Prudlo came across the shocking news of Pope Benedict XVI’s resignation.

Dr. Prudlo first thought it was a hoax. He contacted his friends at the Vatican and they confirmed that it was true. Indeed, the pope had resigned at 10:30 a.m., Central European Time.

“This was just virtually unprecedented,” Dr. Prudlo said. “This is something that has not happened for six hundred years.”

Dr. Prudlo was soon asked by Vatican Radio to do a live interview. With a couple of facts in hand, the JSU professor discussed four papal resignations of the past. Dr. Prudlo’s commentary went viral within hours, gaining exposure on major news outlets such as the *New York Times*, *The Atlantic*, BBC, *Houston Chronicle*, *Boston Globe*, *National Geographic*, Zenit (a Rome based news organization), CBS, and NBC.

Dr. Prudlo believes something very significant must have transpired to make

the pope take this exceptionally unusual step.

“The normal thing is for the pope to remain in office until he is dead,” Dr. Prudlo said. “My first thought was that the resignation was health related. Pope Benedict XVI is the fifth oldest pope in history, nearing his eighty-sixth year. This is an office that requires an immense amount of energy and there is a vast amount of pressure on the person who holds office. I believe that with all the issues facing the church, Pope Benedict XVI knew that the Catholic Church needed someone strong at the helm to face these difficult issues. I think he wanted to eliminate the possibility of being used as a pawn for political gain.”

Some may be surprised that popes can, in fact, resign. The pope is an absolute sovereign. He has full immediate ordinary jurisdiction in the Catholic Church, meaning that he does not actually resign. All he has to do, according to canon law, is to freely manifest that he is going to resign. After the pope’s resignation, two cardinals will be in charge of the church governance until the new pope is elected.

“It is a strange situation,” Dr. Prudlo said. “Usually, you have a period of nine days of mourning and funerals for the pope. In this case, fifteen days must elapse between the vacancy and the start of the conclave.”

Dr. Prudlo served as a historical correspondent helping out Vatican Radio and Zenit.

Dr. Prudlo teaches both halves of Western Civilization as well as Ancient and Medieval history at JSU. He also teaches Christianity and Historiography of the Ancient World, Middle Ages, and the Reformation.

His first book, *The Martyred Inquisitor: The Life and Cult of Peter of Verona*, was released in 2008. He has written many articles and recently edited a book on the types of mendicancy in the Middle Ages. His most recent work on the development of papal canonization is expected to be published by the end of the year.

CORE PARTNERSHIP

Partnerships between a regional university and local school systems are uncommon, but not at Jacksonville State University. During the summer of 2012, JSU formed CORE. CORE is a partnership between Jacksonville State University and approximately twenty K-12 school systems in northeastern Alabama. Under the auspices of the Center for Collaborative Regional Education in the Institute for Research and Collaboration (IRC), the vision is to transform P-20 education so students are increasingly engaged,

instructors are increasingly innovative, and educational institutions are increasingly supportive of system-wide change and community-wide partnership building. The mission of the center is to fuel transformation in K-12 and higher education classrooms through professional development, project-challenge-based learning, technology, classroom support, change management and partnership building, evaluation and research, dual enrollment, and innovative teacher preparation.

- The goals of CORE include:
- To prepare students for college and career through increases in 21st Century skills
 - To expand methodologies and technologies in the classroom
 - To create sustainable support for system-wide change management

As part of the CORE model, professional development workshops are provided to assist superintendents, teachers, and administrators with communication and an understanding of how technology can

impact the classroom and prepare students for the 21st century workforce.

The CORE professional development series began on November 1, 2012 with a partnership building workshop. Over ninety administrators, technology directors, and superintendents attended this conference. During this partnership building workshop, over twenty school systems were represented and discussed the vision of the collaborative and how the school systems and JSU can work together.

The January 25, 2013 workshop, Technology and the Learning Environment, focused on how technology impacts the classroom. Speakers included educators from local school systems such as Fort Payne City Schools and Roanoke City Schools. The speakers discussed what they were doing with technology in their classes and provided the attendees with practical advice for implementation. 📱

Bill Clark Returns Home

BY KACI OGLE

BILL CLARK ALWAYS KNEW HE WANTED TO BE A FOOTBALL COACH. AS A CHILD, HE WOULD WATCH FILM WITH HIS DAD AND DRAW UP PLAYS. HE LOVED EVERYTHING ABOUT IT. AT THE AGE OF FORTY-FOUR, HE STILL DOES. COACH CLARK EARNED HIS BACHELOR OF SCIENCE DEGREE IN PHYSICAL EDUCATION FROM JSU IN 1990. HE IMMEDIATELY WENT TO WORK AS AN ASSISTANT COACH AT PIEDMONT HIGH SCHOOL.

It was during that time that he met his future wife. Jennifer was in her sophomore year at JSU. John and Jada Grass who were dating at the time set the couple up on a blind date. That was all it took and the couple married in June, 1992. Jennifer earned her nursing degree shortly thereafter and the couple took off to conquer the coaching world. Clark continued with his coaching career with time at Tuscaloosa County (Ala.), Coffee County (Ga.), and Dothan, before settling in at Prattville

High School in 1999. Jennifer's nursing career allowed her to transition from place to place with her husband. She spent most of her nursing career in labor and delivery.

As head coach of the nationally ranked Prattville High School, Clark won a pair of Class 6A state championships as his last two teams won thirty straight games. He first led the Lions to the state playoffs in 2000, only his second season guiding the program, where they lost by two points in the opening round. Clark earned his first postseason victory a year later, helping the team advance to the quarterfinals before falling to the eventual state champion.

Prattville made its first state championship game appearance under Clark in 2004, with the team allowing only three touchdowns in four postseason contests leading up to the final, including recording a pair of shutouts. He posted a 107-11 overall record during his tenure there. Following his final season at Prattville, he was named the Alabama High School Athletic Association Coach of the Year and was also selected as the Schutt Southeast Regional Coach of the Year.

After nine years at Prattville, Clark joined the University of South Alabama as an assistant head coach and defensive coordinator in 2008. In 2009, the South Alabama defense forced twenty-five sacks and twenty-three turnovers in only seven games. They gave up only 5.9 points and 234 yards per game. In 2010, USA went 10-0 only allowing thirteen points and 254.6 yards per game. South Alabama posted the best record of any Division I FCS Independent in 2011 after winning the first seventeen games in the program's history the previous two years. In 2012, Clark's defense finished second in the Sun Belt Conference in total defense as the Jaguars completed their first full season of competition in the league.

On December 18, 2012, Clark was hired as the thirteenth head football coach at Jacksonville State University. He is the only alumnus to hold that position in the school's 130 years.

And finally, twenty years after they wed, Bill and Jennifer Clark are making Calhoun County their home once again.

Jennifer says that being back at Jacksonville is "like a dream" and Bill says it is really exciting and has been fun for him to talk to people he grew up with, played with and went to school with. He says with the excitement he feels from the people he talks to, he also feels "a responsibility to the people in our community, former players, alumni and, of course, our (current) players. We feel like we are playing for a lot of people and we want to make them proud."

Clark wants to create an atmosphere of family. "I want our players to demonstrate all of the characteristics of a great student athlete. If we train and practice with great effort we will be successful on the field. We want to be successful as students and people as well." He says that obviously winning championships is fun and always a goal, but his most rewarding experience in his coaching career is "the relationships with coaches and players because they are ongoing."

Anyone in the coaching world knows that it is a very fickle lifestyle. "I really believe coaching is a calling just like being a minister," says Clark. He believes that before going into this profession, one should know that they want to commit to that life. Clark says with the constant scrutiny by the media on the coaches and players coupled with the high emotional swings, being a coach can be tough.

Being a coach's wife is not any easier, just ask Jennifer. "I have had to learn to be thick skinned and not take it (comments) personal." But even after twenty-one years, it is still hard for her to hear someone in the stands being negative. She says it is

difficult because she “knows how hard Bill works and how much he truly loves not only the game, but also his players.”

Bill and Jennifer’s children have grown up in the football stands. Katie, the oldest, is eighteen and will graduate from Spanish Fort High School this month. She plans to attend the University of Alabama this fall. Jacob (Jake), who is sixteen, has recently transferred to Piedmont High School to finish out his sophomore year. As you would imagine growing up surrounded by football, Katie is a cheer-leader and Jacob plays football.

When asked to describe their parents, Jake says his mom “is such a girl and dad is such a coach.” Katie offered a little more detail and describes Jennifer as “supportive and dedicated” and someone who gets into football games more than almost anyone she’s ever seen, even the coaches! She describes her dad as “kind and a hard worker who never gives up on anything or anyone.”

Those who know the Clark family know that Bill comes by football naturally

and learned from one of the best, his dad, the first Coach Clark. Bill says that he would hope that his dad is proud to say that Coach Bill Clark is a man who loves his players and the game of football.

What can Gamecock fans look forward to under Clark’s leadership? According to Clark, the goal is to have an extremely disciplined, well-organized, physical and motivated team. Current Gamecock wide receiver, Dalton Screws, from Wellborn, Ala., certainly sees that goal becoming reality. He sees Coach Clark as “the true definition of a player’s coach” who has gained the respect of the team by showing them that he cares about them not only as players, but as people. “Everything we do in the weight room, the classroom and on the field is coming together and will affect how we play this fall.”

Clark and his staff are excited about their first season. To assist with the team’s success, he wants to make sure that the program has involvement from former players. “We need former players to come

back and support our team with their presence. I hope they know how much we want them back.” He also hopes that our alumni will help our athletes in the job market after graduation if they have the opportunity. “This goes back to the family atmosphere we are trying to promote,” Clark says. 🍷

RUBY SUMNERS

1936 Jacksonville State Teachers College Graduate

At the age of 102, Jacksonville State Teachers College (JSTC) graduate, Ms. Ruby Corrine Sumners, is still going strong.

Ms. Sumners grew up in Clay and Talladega counties living most of her childhood in Sylacauga, Ala. After graduating from high school in 1929, she borrowed \$50 from Avondale Mills, packed up a suitcase, got a ride to Jacksonville and began her higher education. At the completion of two years, her sister, Mary, also enrolled at JSU. The family didn't have the financial resources to support both of the girls at school so Ruby returned home and back to work at the mills. But she stayed on track with her studies by taking correspondence courses from the University of Alabama while at home.

In 1935, she was able to return to Jacksonville and room with her sister to complete her teaching certificate. Together, the sisters graduated in the summer of 1936. Mary began teaching in Madison County, Ala. and Ruby returned to the mill before landing a government civil service job that provided her with a stable career.

Ms. Sumners favorite memories of her time on campus involve Dean and Mrs. Claude Wood. Mrs. Wood served as the

campus librarian and she employed Ruby while she was taking classes to help with expenses. During the time Ruby had to return home to work, Dean Wood advised her which classes she should take through the correspondence courses to ensure they would transfer back to JSTC and she would be able to complete her degree as planned.

As one would imagine, Ruby has seen many changes to the world during her lifetime. Those she finds most impactful were the installation of electricity and telephone service in homes and the development of airline travel. It wasn't until the late 1950s that she took her first airplane ride.

While the world has changed and things seem to work at a much faster speed, Ruby believes that the simple things in life should be appreciated. Her advice for today's students is simple:

Don't spend money you don't have. Apply the Golden Rule to all people. Use the power of positive thinking to find the bright side in each situation. Learn from your mistakes. Trust in the Lord for he has the master plan. Simple never goes out of style. Sumners currently resides in Cullman, Ala. 📍

Athletic-Scholarship Endowment

The Gamecock Athletic Department currently provides more than 300 scholarships for men's and women's athletics. While we were successful in meeting and surpassing our original goal of \$1M for the scholarship program, there remains an ongoing need for additional funding to support our athletic program. Scholarships may be endowed through cash contributions, securities, appreciated

stocks, real estate and planned giving. Earnings from the Athletic Scholarship Endowment provide support for the overall athletics department. Our contributors are playing a significant role in reducing the financial burden on the university for our athletic program. We appreciate very much the following people who have made current or planned gifts of at least \$50,000 in support of JSU's Athletic Scholarship Endowment.

CASEY WALKER, Senior - *Finance*
Roger and Debra Whitaker Accounting Scholarship 2012-2013 Student Recipient

Casey Walker of Douglas, Ala., says JSU is special to him because of the small class sizes. “At JSU, the instructors address the students by name,” says Casey. “At other universities, students seem to be like numbers.” A senior majoring in finance, Casey is planning a career in management in charge of guest relations in the hotel industry. He currently works full time in guest services at the Hampton Inn in Jacksonville and really enjoys a job that allows him to interact with people. He also serves as a senior advisor for Phi Eta Sigma, is a member of Omicron Delta Kappa and volunteers as a vacation bible school teacher at his church.

Is Your Name Missing?

Listed in this report to donors are all contributions made during 2012 to Jacksonville State University through the JSU Foundation, the fundraising arm of the university. Every effort has been made to verify names for accuracy and completeness. If your name is not included and you think it should be, the following may explain the omission.

1. You made your gift prior to January 1, 2012, or after December 31, 2012.

2. You made a pledge instead of a gift. This listing includes only gifts received. If you made a pledge during 2012 but elected not to begin payment on it until after December 31, 2012, you will be listed on next year's Honor Roll.

3. We goofed. Even though the listings were checked and rechecked, mistakes could have been made. We humbly apologize in advance. If you have questions, please contact the JSU Foundation office at (256) 782-5306 or (800) 231-5291 extension 5306 so we can recheck our records and make the necessary corrections. Our e-mail address is jsufnd@jsu.edu.

LEVI HULSEY, Junior - *Management*

Wells Fargo Scholarship 2012-2013 Student Recipient

Levi Hulsey of Fruithurst, Ala., is a junior majoring in management. He says JSU is special to him because of its environment and "down-home" feel. "The faculty and staff are some of the nicest, most helpful people I have ever met," says Levi. "It's not uncommon to have a conversation with a stranger on the way to class." Levi is a supporter of the Muscular Dystrophy Association and a nursing home volunteer. He enjoys working on the farm, gardening, riding horses and spending time with his family. He is very involved in Greek Life on campus, serving as a GO! Leader during summer orientations. His career goal is to develop his own small business.

Ways of Giving to the JSU Foundation

Ways of giving to the Jacksonville State University Foundation are listed below. If you have questions, please call the JSU Foundation office at (256) 782-5306 or (800) 231-5291 extension 5306, or send an e-mail to jsufnd@jsu.edu.

CURRENT GIFTS

Cash:
Checks ensure donors a proper record of their contributions. Make checks payable to the Jacksonville State University Foundation. The JSU Foundation will provide receipts, which may be required by the IRS.

Securities:
Investment-grade stocks and bonds that have increased in value make excellent gifts, providing the securities have been held for the required period of time.

Real Estate:
Property that has appreciated in value makes an excellent gift because the full value of the gift is deductible by the donor, and the donor's profit will not be taxable as a capital gain.

DEFERRED GIFTS

Life Insurance:
The cash surrender value of a life insurance policy is normally immediately tax deductible, and later gifts made to pay the premiums will also be deductible. More importantly, donors have the satisfaction of providing the Jacksonville State University Foundation with a more sizable gift.

Trust and Annuities:
Cash, marketable securities, or real property may be used to establish a charitable trust or annuity from which the donor would receive income for life. Upon his/her death, the assets would go to the Jacksonville State University Foundation. There are favorable income tax, capital gains tax, and estate tax treatments for such gifts.

Bequest:
The JSU Foundation has been fortunate to receive several major gifts in the form of bequests. This is a simple, inexpensive way to leave a legacy as well as an excellent way of possibly reducing your estate taxes. Your bequest can be directed toward a specific purpose, such as establishing a scholarship fund that will benefit deserving students.

Note: All gifts to the Jacksonville State University Foundation are tax deductible to the extent allowable by law.
