

# Welcome

## World travelers!

Welcome to the Threes , We are so excited that you are joining our class, and can not wait to start this adventure together

- We encourage each of our friends to put away and retrieve any items they bring. One of the ways we teach this, is parents will let their friends bring in their own bags and stop at the door. Of course goodbye love is also encouraged so we are more than happy to let you get your last cuddles at the door.

Each friend has a spot in the bathroom that you can bring a bag of weather appropriate change of clothes

- Nap mats come to school on Monday and sent home on Fridays to be washed
- Please no glass containers. Accidents happen and we want to make sure the class is safe for everyone.
- We do not have a microwave so we ask that lunch that need to be warm be pre warmed at home and put in a container that can keep it warm
