

# SCOTT ROBERT MANNING, D.Sc.

Educator | Researcher | Practitioner | Consultant

Location: Roanoke, Virginia | Phone: 540.529.2563 | Email: [manning777@cox.net](mailto:manning777@cox.net) | LinkedIn: [linkedin.com/in/srmanning](https://www.linkedin.com/in/srmanning)

## EDUCATION

---

### **Doctor of Science (D.Sc.) in Emergency Management, Jacksonville State University (2017)**

**Dissertation Title:** *Strategic Planning in Emergency Management: Examining the State-of-the-Practice among County-Level Emergency Management Agencies.*

### **Master of Science (M.Sc.) in Emergency Management, Jacksonville State University (2008)**

### **Graduate Certificate in Emergency Management, Jacksonville State University (2006)**

### **Master of Public Administration (M.P.A.), Jacksonville State University (2005)**

### **Bachelor of Science (B.Sc.) in Environmental Studies, Old Dominion University (2002)**

## PROFESSIONAL EXPERIENCE

---

### **Training Specialist and Program Consultant | 2015 – Present**

#### **Virginia Department of Transportation | Central Office Workforce Development Division**

Provide instruction on material properties, mix design requirements, construction processes, leadership, project management, and quality assurance/engineering. Provide instruction on situational leadership strategies, communication skills, conflict resolution, creative problem solving, decision-making, time management, team development, and customer service. Assist with course design and instructional development for the State-Wide Materials Certification Program, Leadership Core Development Program, and Executive Leadership Program. Administer written and practical examinations. Assist with regional emergency planning, preparedness, and response activities.

### **Engineering Specialist and Technical Training Consultant | 2011 – 2015**

#### **Virginia Department of Transportation | Salem District Materials Division**

Perform inspection, construction engineering, and project management functions for complex construction projects. Maintain representative sampling and testing frequencies for civil construction materials to ensure compliance with applicable standards and specifications. Facilitate periodic/case-specific investigations related to deficient materials, production, and construction problems. Conduct quality assurance and verification testing, observational and case-specific studies, literature reviews, data collection and analyses, and subsequent technical report writing with regard to materials and construction engineering. Assist with regional emergency planning, preparedness, and response activities.

### **District Engineering Coordinator | 2005 – 2011**

#### **Virginia Department of Transportation | Salem District Maintenance Division**

Facilitate collaborative networking and relationship building to ensure effective project development and management. Coordinate maintenance program operations with various district, residency, and contractor representatives. Conduct asphalt pavement evaluations and condition analyses to facilitate proper maintenance strategy and operations. Perform materials and construction cost forecasting for effective project estimating, budgeting, and contract development. Facilitate sound budgetary management and allocation of resources to ensure the maintenance of asset condition and performance targets. Conduct contract reviews/evaluations and facilitate project showing and pre-construction meetings. Facilitate effective project management to ensure construction quality, cost efficiency, and on-time project completion. Perform project-level investigations to identify problems and facilitate effective problem-solving and solutions. Collect/process pavement maintenance and condition data in order to maintain the HTRIS/PMS databases.

---

## ACADEMIC EXPERIENCE

---

### Research Assistant and Adjunct Instructor | 2012 - 2017

#### Jacksonville State University | Department of Emergency Management

Conduct research on various emergency management topics as needed, to include community resilience studies in conjunction with the Community and Regional Resilience Institute (CARRI) and evaluation of the FEMA and Alabama Disaster Case Management Program. Current research focus includes Social Media Use in Emergency Management, Strategic Planning for Emergency Management, Disaster Case Management, and Post-Disaster Project Management Applications. Provide instruction on public administration and policy in emergency management and planning/preparedness activities for homeland security at the undergraduate level. Conduct course-related research on various emergency management and homeland security topics. Courses taught include:

- EM 371 – Public Administration and Policy in Emergency Management
- EM 483 – Homeland Security Planning and Preparedness

### Graduate Teaching Assistant | 2011 - 2014

#### Jacksonville State University | Department of Emergency Management

Performed various administrative and course management activities, to include developing course rubrics, evaluating student work, and maintaining web-based courses in Blackboard. Assisted in teaching courses on leadership, organizational behavior, and comprehensive emergency management at the graduate level. Graduate courses assisted with include:

- EM 505 – Foundations of Emergency Management
- EM 590 – Capstone in Emergency Management
- EM 598 – Emergency Management Leadership and Organizational Behavior

## PROFESSIONAL CERTIFICATIONS

---

### Project Management Professional (PMP) | Credential ID#: 2564606

Project Management Institute | Newtown Square, Pennsylvania
