About JSU-IAEM

The Jacksonville State University (JSU) student chapter of the International Association of Emergency Managers (IAEM) is an award-winning student chapter located within the Department of Emergency Management at JSU.

Founded in 2013, the chapter is composed of bachelors, masters, and doctoral-level emergency management students, as well as students from various academic disciplines with an interest in emergency management learning and practice.

The chapter strives to fulfill the IAEM mission by providing information, networking, and professional opportunities to advance the profession and foster academically, and practically-engaged interest and learning within the emergency management field.

International Association of Emergency Managers

The IAEM is a non-profit professional, educational association dedicated to promoting the 'Principles of Emergency Management' and representing those professionals whose goals are saving lives while protecting property and the environment during emergencies and disasters. Boasting over 9,000 members globally, IAEM is the largest association within the field of emergency management with a mission to advance the emergency management profession.
