Dr. Joseph B. Morton, State Superintendent of Education
HISTORY

From modest beginnings, Jacksonville State University has evolved into the educational center of Northeast Alabama. The Alabama Legislature in the 1882-83 session created a state normal school when Governor Edward O’Neal signed into law a bill creating the school on February 22, 1883. Jacksonville State Normal School acquired the facilities and equipment of Calhoun College, consisting of twelve acres of land and a two-story brick building. The Board of Directors elected James G. Ryals, Jr., as the first president. The school opened with three instructors: W. J. Borden, Mathematics; Eliza A. Bowen, English; and Ida J. Woodward, primary department. As stipulated in the establishing act, the Normal School conducted a preparatory school for children of the town and surrounding areas. At the end of the first year, on August 15, 1884, William Mark Haymes, President of the Board of Directors, reported that funds totaling $4,751.25 had been received, including $2,500 from the state, that 25 students were enrolled in the normal school, and that 222 were in the preparatory school.

The Normal School remained in operation until 1930 when it became Jacksonville State Teachers College, reflecting an increasing higher education role for the Institution. Five years later, the College earned regional accreditation from the Southern Association of Colleges and Schools. In 1957, the name again changed, to Jacksonville State College, when the first graduate program, the master’s degree in elementary education, was created. On August 2, 1966, the Legislature authorized the State Board of Education to elevate the College to university status. On August 17, 1967, the Legislature established an independent Board of Trustees for the University and divested jurisdiction from the State Board of Education.

Jacksonville State University has developed into a modern regional university serving Northeast Alabama on a 459 acre campus with 58 buildings. In addition to the main campus, the University offers undergraduate and graduate courses at its off-campus center at Gadsden (JSU-Gadsden) and distance learning opportunities at numerous sites throughout its service area. Through its programs of teaching, research, and service, Jacksonville State University has served the region and state for more than one hundred years.

The Jacksonville State University Higher Education Consortium was established in 2003. The McClellan campus houses both Jacksonville State University and Gadsden State Community College.

The offices of Continuing Education, In-Service Education Center, Institute of Emergency Preparedness, and the Northeast Alabama Police Academy have called JSU McClellan Center home since the beginning of 2004. The Archaeological Resource Laboratory and the Alabama Department of Forensic Sciences lab have also joined the campus.
MISSION STATEMENT AND GOALS

MISSION STATEMENT

Jacksonville State University is a public, comprehensive teaching institution that provides educational, cultural, and social experiences for a diverse undergraduate and graduate student population. As a student-centered university, Jacksonville State University strives to balance academic challenges with a range of support services for students’ academic, career, and personal goals. As an academic institution, Jacksonville State University seeks to produce broadly educated graduates with skills for employment, citizenship, and life-long learning. As a comprehensive university, Jacksonville State University supports scholarly and service activities consistent with its academic and professional strengths.

UNIVERSITY GOALS

1. Educate students to be productive, responsible citizens and effective leaders.

2. Advance student learning through academic excellence.

3. Increase student and faculty participation in research and service activities.

4. Create a diverse learning community that facilitates academic and professional excellence.

5. Effectively use technology to support learning, research, information management and evidence-based decision-making.

6. Continuously improve administrative processes and services.

7. Enhance revenue growth and financial planning to ensure adequate fiscal resources for the University.
LOCATION

The University is located in the foothills of the Appalachian Mountains midway between Birmingham and Atlanta in Jacksonville, a town of about 10,000 permanent residents. The University is on Alabama Highways 21 and 204 about 20 miles north of Interstate 20 at the Anniston/Oxford exit 185.

From Birmingham, AL:
Take I-20 East to Exit 185 (Anniston/Oxford – Alabama Highway 21). Turn left onto Alabama Highway 21 North. Go through Oxford, Anniston/McClellan, and the Jacksonville square (about 20 miles). You will see twelve story Houston Cole Library on the right and the marble University sign on the left. The entrance to the university is on your left. Please consult the Campus Map for your desired location.

From Atlanta, Georgia:
Take I-20 West to Exit 185 (Anniston/Oxford – Alabama Highway 21). Merge right onto Alabama Highway 21 North. Go through Oxford, Anniston/McClellan, and the Jacksonville square (about 20 miles). You will see twelve story Houston Cole Library on the right and the marble University sign on the left. The entrance to the university is on your left. Please consult the Campus Map for your desired location.

From Huntsville, AL:
Take US-HWY 431 (Governor’s Drive) South through Gadsden. Once south of Gadsden, turn left onto AL-HWY 204. Highway 204 leads directly to campus. Please consult the Campus Map for your desired location.

From Montgomery, AL:
Take US-HWY 231 North. In Sylacauga, take AL-HWY 21 North off of US-HWY 231. Go through Talladega, Oxford, Anniston/McClellan, and the Jacksonville square (about 20 miles). You will see twelve story Houston Cole Library on the right and the marble University sign on the left. The entrance to the university is on your left. Please consult the Campus Map for your desired location.

From Rome, Georgia:
Travel on Highway 27 South to Cedartown and take US-HWY 278 West to Piedmont, Alabama. In Piedmont, turn left on HWY 200. Highway 200 merges onto AL HWY 21 South. Follow HWY 21 South to Jacksonville. You will see twelve story Houston Cole Library on the left and the marble University sign on the right. The entrance to the university is on your right. Please consult the Campus Map for your desired location.
UNIVERSITY CALENDAR

Jacksonville State University (JSU) is on a semester calendar that includes a fall and spring semester. Summer terms vary in length from four to six to eight weeks. The fall semester usually begins in late August and ends in mid December. The spring semester begins after New Year’s Day and ends in late April or early May. The summer terms begin in early May, early June, and early July, and conclude in early August. Specific dates for semesters and terms are available from the Registrar’s Office, Room 113 Bibb Graves Hall. The JSU Class Schedule is online. The Class Schedule can be searched by Term, Subject, Time, Instructor, and more. For online class schedule, go to: http://www.jsu.edu/registrar/registration.html.

The University Academic Calendar for 2009-2010 will be made available during Summer 2009 on the JSU Graduate Studies website, http://www.jsu.edu/graduate, or at http://www.jsu.edu/academic_calendar.html.

ADMISSION TO GRADUATE STUDIES

Applicants must meet admission requirements for the program to which they are applying. For specific requirements of a particular program, see the appropriate program section of this Bulletin.

To apply for admission to the College of Graduate Studies, a prospective student must complete and return a “Graduate Application for Admission” and the $30 application fee to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama, 36265-1602, or may apply online at http://www.jsu.edu/graduate/grad_app.html. Internet applications must be submitted with payment by Discover, MasterCard, or VISA.

Applications may be made a year in advance of the expected date of enrollment. A minimum of three months before the beginning of the term is recommended. Applications will be valid for a period of two years. Anyone wishing to reapply after the two-year period must submit a new graduate admission application packet, along with the $30 application fee, and comply with new admission criteria, where appropriate. A $30 application fee will be required for all graduate admission applications submitted to Graduate Studies. This will include any returning students who have completed a graduate degree or certificate program.

The deadline for applications to most programs will be on or before the first day of classes for any given semester. First time enrollees for programs with an application deadline of the first day of classes for any given semester must seek immediate advisement as soon as possible to register for classes.

Programs with deadline dates for applications and receipt of all required application materials are listed below. Deadline dates for applications and receipt of all required application materials for the following programs are: July 1 for fall admission, November 1 for spring admission, and April 1 for summer admission.

Counselor Education/Community Agency Counseling
Counselor Education/School Counseling
Instructional Leadership
Library Media
Master of Public Administration

Applicants for the Master of Science with a major in psychology are considered for admission for the fall semester only and all required application materials must be received by August 15. Applications completed after August 15 will be considered for admission in the fall semester of the following year.

In programs that do not have an application deadline date, applicants who have submitted an application for admission may be permitted to enroll for one semester of graduate course work, with the permission of the graduate coordinator of their program, while completing all other application requirements. Please refer to each program section of this Bulletin for program application and admission requirements. The student will not be allowed to register or pre-register for subsequent semesters until all application requirements have been completed and the student is admitted to graduate studies.
A student is admitted to and may be completing requirements for only one degree or graduate certificate at a time. (Please see Second Master’s Degree section of this Bulletin.)

UNCONDITIONAL AND CONDITIONAL ADMISSION FOR THE EDUCATIONAL SPECIALIST AND MASTER’S PROGRAMS

Unconditional or conditional admission is determined based on the admission requirements outlined in each program section in this Bulletin. Please refer to each individual degree, master’s and Ed.S. level teacher certification programs, or certificate program section of this Bulletin.

CHANGE OF MAJOR OR CONCENTRATION

If, at any time, a student wishes to change from one major or concentration to another, the student must submit a “Change of Major” form to the College of Graduate Studies [http://www.jsu.edu/graduate/change_major.html](http://www.jsu.edu/graduate/change_major.html). The student must meet the admission and program requirements of the newly selected major or concentration as specified in the Bulletin current at the time the student is changing.
APPLICATION PROCEDURES

GRADUATES OF ACCREDITED INSTITUTIONS

To be considered for admission to the educational specialist or a master’s degree program, all of the following documentation must be submitted to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602. 2. Non-refundable $30.00 application processing fee
3. A verification form (available in the office of the College of Graduate Studies) completed by the certification officer of the college of the student’s undergraduate major and submitted to the College of Graduate Studies which verifies the following:
   A. The student holds a GPA of 3.0 in the undergraduate major;
   B. The student is within six semester hours of completing undergraduate degree requirements; and
   C. The student has passed the English Competency Examination

In addition, the following restrictions are placed on accelerated senior privilege:
1. All students who have been granted accelerated senior privilege must register for course work in the College of Graduate Studies;
2. The student may take no more than six semester hours of graduate level courses prior to the completion of all undergraduate degree requirements. The student will not be allowed to register for additional graduate level courses until all undergraduate degree requirements have been met. If undergraduate degree requirements are completed during the May or Summer One Term, a letter of verification from the certification officer in the college of the student’s major must be received in the office of the Dean, College of Graduate Studies, before the student will be eligible to register for additional graduate level courses;
3. The student must not exceed a total course load (undergraduate and graduate) of 13 semester hours in the Fall and Spring Semesters and 7 semester hours in the May, Summer One, and Summer Two Terms;
4. MBA students must provide an official GMAT score of at least 400 prior to enrolling in senior privilege classes;
5. Students in programs other than MBA must provide official test scores of the appropriate test (GMAT, GRE, or MAT) prior to the end of the semester of accelerated senior privilege enrollment; and

6. The student must provide to the College of Graduate Studies three “Graduate Reference Forms” prior to the end of the semester of accelerated senior privilege enrollment. These forms must be completed by individuals who can provide qualitative assessment of applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_forms.pdf.

Accelerated senior privilege will also be extended to graduating seniors at other colleges and universities, provided all conditions specified above are met.

TRANSIENT STUDENT APPLICANTS

A graduate student in good standing at a regionally accredited college or university may be admitted to Jacksonville State University as a transient student. All of the following documentation must be submitted to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, prior to enrolling in graduate course work to be considered for admission as a transient student:

2. Non-refundable $30.00 application processing fee

3. A letter of good standing from the Dean of the graduate school of residence or an official transcript

In addition, it is the student’s responsibility to request that a JSU transcript be forwarded to the college of residence immediately upon completion of the course(s).
NONDISCRIMINATION

Title VI, Civil Rights Act of 1964

Jacksonville State University has filed an Assurance of Compliance with the Federal Government that states that no person in the United States shall, on the ground of age, religion, race, color, sex, handicap, veterans status, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity of the institution. This institution is committed not to discriminate against any person in its admission policies and practices or any other policies relating to treatment of students and other individuals, including provision of services, financial aid and other benefits, and including the use of any building, structure, room, space, materials, equipment, facility or other property. Any person who believes he, she, or any class of individuals has been subjected to discrimination may, individually or by a representative, file a written complaint with the United States Commissioner of Education or with this institution, or both.

Section 504/American With Disabilities Act (ADA)

Jacksonville State University has filed with the Federal Government an Assurance of Compliance with Section 504 of the Rehabilitation Act of 1973, as amended.

The University does not discriminate on the basis of disability and no qualified disabled person shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives or benefits from federal assistance.

The coordinator of Section 504 and compliance officer for ADA is the Director of Disability Support Services, telephone 256-782-8380.

PRIVACY RIGHTS OF STUDENTS

At least annually, the University notifies its eligible students of its policy on privacy rights of a student as follows:

1. Access to records.
   a) Subject to the limitations contained in (b) which follows, the education records of an eligible student shall be accessible to such students. Such right of access shall include the right to be provided a list of the types of education records which are maintained by the institution and are directly related to students; the right to inspect and review the content of those records; the right to obtain copies of those records, which may be at the expense of the eligible student (but not to exceed actual cost to the institution of reproducing such copies), the right to a response from the institution to reasonable requests for explanations and interpretations of those records; the right to an opportunity for a hearing to challenge the content of those records; if any material or document in the education records of the student includes information on more than one student, the right to inspect and review only such part of such material or document as related to such student or to be informed of the specific information contained in such part of such material.
   b) The following materials will not be available to an eligible student: Financial records of the parents of the student or any information contained therein; confidential letters and statements of recommendations, which were placed in
the education records prior to January 1, 1975, if such letters or statements are not used for purposes other than those for which they were specifically intended; if the student has signed a waiver of the student’s right of access, confidential recommendations (1) respecting admission to any education agency or institution, (2) respecting an application for employment and (3) respecting the receipt of an honor or honorary recognition.

2. Procedures for granting access.
   a) An eligible student desiring access to his/her education records shall make a request in writing to the appropriate office. Requests concerning (1) admissions should be made to the Office of Admissions; (2) student records should be made to the University Registrar (3) financial records should be made to the Vice President of Business Affairs; (4) financial aid records should be made to the Director of Financial Aid; (5) placement, counseling, disciplinary, health and security records should be made to the Associate Vice President for Student Affairs; (6) school and departmental records should be made to the Dean of the appropriate school; (7) employment records should be made to the Director of Human Resources.
   b) In the event the records are not produced for inspection as set out above, or there is some question as to the right or duty of the office to produce them for inspection, the matter shall forthwith be submitted to the head of the office involved for determination. An appeal of his decision may be made immediately to the President of the University, who may notify the Records Grievance Committee, if appropriate.

3. Challenges of the content of records.
   a) Any dispute with an eligible student regarding the content of his/her education records will be settled if possible through an informal meeting and discussion with the student.
   b) If the dispute is not settled through informal meeting and discussion referred to above, either the student or the appropriate official of the University may request a formal hearing on the matter. The hearing shall be conducted and the decision rendered by the Records Grievance Committee appointed by the President. At said hearing the eligible student shall be afforded a full and fair opportunity to present evidence relevant to the issues involved. A decision shall be rendered in writing by the Committee within a reasonable period of time after the conclusion of the hearing in no case to be more than 15 days.

4. Release of personally identifiable records.
   a) An eligible student may request in writing that directory information not be made accessible to any parties except those set forth in (b) below. Any such request shall be made within seven days after the formal registration period ends; this request may not be withdrawn during the semester in which made. Directory information includes the student’s name, address, telephone listing, date and place of birth, major field of study; participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous education agency or institution attended by the student. The University reserves the right to deny directory information.
   b) Without the written consent of an eligible student, other education records shall not be made accessible to any party other than the following: Other University officials and teachers who have a legitimate education interest in such records; officials of other schools in which the student seeks and intends to enroll; the Comptroller General of the United States; the Secretary of the Office of Education; the U.S. Commissioner of Education; the Director of the National Institute of Education; the Assistant Secretary for Education; authorized state educational authorities; the appropriate authorities in connection with the student’s application for or receipt of financial aid; state
and local officials or authorities to which such information is specifically required to be reported or disclosed by state law adopted prior to November 19, 1974; organizations conducting studies for, or on behalf of, educational agencies of institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in such manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations, and such information will be destroyed when no longer needed for the purpose for which it is conducted, accrediting organizations in order to carry out their accrediting functions; parents of a dependent student or such parents, as defined in section 152 of the Internal Revenue Code of 1954; or in compliance with judicial order, or pursuant of any lawfully issued subpoena, upon condition that the students are notified of all such orders or subpoenas in advance of the compliance therewith by the educational institution.

c) The written consent of the eligible student referred to in (3b) above must be signed by the student, must be dated, shall include a specification of the records to be released, the reason for such release; and the names of the parties to whom such records will be released shall be provided to the eligible student upon payment of the reproduction cost.

d) The restriction on the release of education records or personally identifiable information contained therein, as set out in (3b) above, shall not prohibit the release of information from the education records of an eligible student to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student. The factors which should be taken into account in determining whether records may be released under this section include the following: The seriousness of the threat to the health or safety of the student or other persons; the need for such records to meet the emergency; whether the persons to whom such records are released are in a position to deal with the emergency; and the extent to which time is of the essence in dealing with the emergency.

e) No personal information on a student will be released without a written statement from the University to the party receiving the information that no other party is to have access to such information without the consent in writing of the eligible student.

5. Release of Student Transcript:

In accordance with the Buckley/Pell Amendment to the Family Education Rights and Privacy Act, 1974, Jacksonville State University requires a signed letter of authorization or a signed JSU Transcript Request Form, with the original signature of the student making the request, in order to release that student’s transcript(s). Additionally, the signed request must include the name and address of the institution or individual who is to receive the transcript(s), and the appropriate payment for the transcript(s). FAX requests will be accepted with the inclusion of a Visa/Discover/MasterCard number along with the expiration date of the card in addition to the aforementioned information. FAX requests to (256) 782-5121. Transcripts may only be faxed to other institutions or potential employers. Transcripts may not be faxed to an individual due to the many questions of legal validity and real identity of the recipient of the FAX message. A transcript cannot be released to another individual without written authorization from the student. Telephone requests will not be accepted. Transcripts may be mailed directly to an institution or individual from the JSU Registrar’s
Office, issued directly to the student (stamped “ISSUED TO STUDENT”), or sealed in a JSU envelope (stamped “UNOFFICIAL IF ENVELOPE SEAL IS BROKEN”). Transcripts may NOT be released if the student account currently has a balance or special HOLD at the time the transcript request is processed. All accounts in the office of Student Accounts must be clear. Transcript requests received in the Registrar’s Office will be processed in a timely manner. Any request that is held until semester grades are posted or until degrees are confirmed will be processed on the next business day after such occurrence. Payment must be made upon request, however, and all accounts must be clear at the time the transcript request is processed. Any transcript request received in the Registrar’s Office without a proper signature or without appropriate payment will be returned to the student with instructions to resubmit the request with the appropriate inclusions. JSU reserves the right to alter, amend, or modify this policy at any time and will publish at least annually its policy on release and costs of student transcripts.

**SOCIAL SECURITY NUMBER**

On June 25, 2004, Jacksonville State University changed the primary means of identification for our students. On this day, the university established a new nine-digit random number that will be assigned to every student. All students will be recorded at no cost. New ID cards are issued by the ID office located in the Theron Montgomery Building.

**DISCIPLINARY POLICY**

Jacksonville State University has both a right and an obligation to set reasonable standards of conduct for students who voluntarily and willingly choose to become members of the University community. In conjunction with its rights to set up reasonable standards, the University also assumes the right and accepts the responsibility to establish a system of judicial and disciplinary procedures to use when University policies have been violated. In turn, the University recognizes the need to insure that students have the right to due process and fair and equitable procedures in the event they are charged with a violation of University policies.

The authority which the University exercises in charging and disciplining students for violations of its regulations differs from the power exercised by civil authorities in prosecuting cases of general law.

Whereas criminal courts often seek to punish or deter unlawful behavior, it is generally accepted the judicial proceedings at educational institutions are intended to impress upon individuals their responsibilities or, in the most severe cases, to remove by suspension or expulsion those who should not remain in the academic community. The federal courts have called discipline in academic settings part of the teaching/learning process. Much of the disciplinary procedure is authorized to be administered through the Student Government Association (SGA), but the University does maintain jurisdiction to prevent obstruction of its lawful mission, processes, and functions.
SUBSTANCE ABUSE POLICY

Purpose

This policy affirms Jacksonville State University’s commitment to providing a drug-free work place for its employees. The University will not tolerate substance abuse that imperils the health and well-being of its employees, students, or visitors.

Policy

The unlawful use, possession, manufacture, distribution or dispensing of drugs on University property is strictly prohibited. Possession or use of alcohol, except in approved locations with University sponsorship, is prohibited. For purposes of this policy, University property is defined as the campus, its buildings and vehicles or participation in a JSU sponsored activity off campus.

Employees are expected to report to work on time and in an appropriate mental and physical condition to carry out their assigned duties. Employees whose absenteeism, tardiness or poor work performance results from one or off-campus substance abuse will be subject to disciplinary action up to and including termination.

Employees who are convicted of a criminal drug statute must notify the University in writing of his/her conviction no later than five days after such conviction.

Employees needing assistance in dealing with substance abuse problems are encouraged to work through the University’s Employee Assistance Program. Contact the Office of Human Resources for information on the EAP.

Employees will be given a copy of the Substance Abuse Policy at the time of employment.

Responsibility

The Office of Human Resources will be responsible for this policy.

Evaluation

This policy will be evaluated in a biannual basis.

The complete policy on Substance Abuse Prevention can be found in the Policy and Procedures manual at http://www.jsu.edu/busaffairs/manuals/html.

SEXUAL HARASSMENT POLICY

Purpose

It is the established policy of Jacksonville State University to provide a work and study environment for faculty, staff and students that is free from all forms of sexual harassment, sexual intimidation, and exploitation. Jacksonville State
University condemns such behavior and will review all claims of sexual harassment.

**General Policy and Definitions**

The Equal Employment Opportunity Commission’s guidelines generally define sexual harassment, in part, as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to the conduct is made a condition of employment or admission of an applicant;
- Submission to or rejection of the conduct is made the basis for a personnel action (e.g., performance appraisal, recommendation for retention, salary increases, promotion, tenure or grades);
- The conduct has the purpose or effect of unreasonably interfering with the individual’s work performance or of creating an intimidating, hostile, or offensive working or studying environment.

Such behavior may violate federal law and/or give rise to personal liability for the results of such behavior.

**Procedures For Initiating A Complaint Of Sexual Harassment**

The University cannot address sexual harassment unless it has been made aware of the harassment. If an employee feels that she or he has been subjected to sexual harassment, or has witnessed any form of sexual harassment, the employee may proceed with the complaint to his or her immediate supervisor or may address the complaint directly to the Office of Human Resources. The University strongly encourages the timely filing of any complaints of sexual harassment. EEOC guidelines generally suggest the filing of such claim within six (6) months of the alleged occurrence. Filing a contemporaneous complaint assists the University in conducting an investigation that is thorough and fair to all parties.

To review the full policy on sexual harassment which will provide detailed information on the investigation of complaints, due process, penalties for sexual harassment, and related topics, please see policy no. 1:02:05 in the university policy manual.

Students should follow the complaint procedures in the *Student Handbook.*
GRADING SYSTEM

The following grades are given in graduate courses:

A  Four quality points per credit hour
B  Three quality points per credit hour
C  Two quality points per credit hour
   The maximum number of hours of C grades permitted to count
toward the educational specialist degrees, master’s degrees, master’s
level teacher certification programs, alternative fifth-year program,
or graduate certificate is six semester hours. If a student earns a
grade of C or below on more than six semester hours of course work,
the student should consult the Dean, College of Graduate Studies,
for advisement.
F  Failing - Zero quality points
P  Passing - grade given for thesis hours, and other selected courses as
   specified in the course descriptions in this Bulletin. The grade of P
does not affect the GPA. The grade of F on a pass or fail course is
computed as a regular F grade.
I  Incomplete
   Assigning the grade: The grade of “Incomplete” or “I” may be
   assigned by an instructor if extreme circumstances prevent a student
from completing course requirements and only if the student is
   passing the course. The “I” grade does not immediately affect a
student’s grade-point average.
   Completing the course requirements: The student is responsible
for arranging to complete the remaining course requirements. One
   calendar year is allowed for completing the work. Grades of “I” will
roll to “F” on Academic Preparation Day in the fall and spring
   semesters. They will roll on the day before grades are due in the
short terms. Students should not register for the course again. Once
   the student has completed all course requirements, the instructor
submits a grade change to the Registrar’s Office for recording. The
Registrar then notifies the student of the grade change. Failure to
complete course requirements within one calendar year will result in
a grade of “F” being assigned.
   Requesting extensions: Before the end of one calendar year, the
student must submit a written request for an extension to remove an
Incomplete. All incomplete grade extensions must be submitted to
the Dean of Graduate Studies prior to the academic preparation day
for fall and spring semesters and prior to the day before grades are
due in the short terms. The instructor, department head, and
   graduate dean must approve the extension before the registrar
grants an extension of time.
   If at any time during the process, as detailed above, the instructor is
not available, the appropriate department head and/or academic
dean will represent the instructor’s interest.
NC  No Credit
When a grade of incomplete is not applicable, the no credit (NC) grade may be given to a student who is otherwise passing but who is unable to complete a course due to circumstances beyond the student’s control. An NC grade is not calculated in the student’s GPA. A grade of NC must be approved by the Dean, College of Graduate Studies. A grade of NC cannot be retroactively assigned.

WF  Withdraw Failing - Will be counted as a grade of F with zero quality points
WP  Withdraw Passing - Zero quality points
X   Audit - No credit

SCHOLASTIC AVERAGE

A graduate student’s overall GPA is calculated on graduate level courses only. The GPA is determined by dividing the quality points earned by the number of hours attempted. The GPA is not rounded. For reporting purposes, the GPA is truncated to two places past the decimal.

Students enrolled in any educational specialist program must maintain a 3.25 GPA. Students enrolled in the M.S.Ed. with a major in instructional leadership must maintain a 3.25 GPA. Students enrolled in the M.S.Ed. with a major in secondary education are required to have a minimum overall GPA of 3.0 and in the course work in the teaching field. Transfer credit cannot be used to raise the GPA in the teaching field course work to the required 3.0. Students enrolled in other master’s programs or graduate certificate programs must maintain a 3.0 on a 4.0 scale in graduate courses attempted.

A student whose GPA falls below the required minimum will be placed on probation and will receive notification of the requirements to reestablish good standing. Any student who does not attain good standing, as specified in their notification letter, may be dropped from graduate study. For purposes of this regulation, the terms from May through August (i.e., May, Summer One, Summer Two, and marathons) are collectively considered one semester.

Transfer credit cannot be used to raise the GPA of JSU course work to the required minimum GPA of specified majors, teacher certification programs, or graduate certificate programs.

The maximum number of hours of C grades permitted to count toward a master’s or educational specialist degree is six semester hours.

All course work attempted, including duplications, will be calculated in the GPA.

MID-TERM/FINAL GRADES

At mid-term, a grade is assigned to students who currently have a grade of F in any class. This grade may be accessed for a limited time via my.jsu. Students must have their personal identification number (PIN) to access grades. Mid-term grades are reported for Fall and Spring Semesters only. Final grades may be accessed the same as mid-term grades.
APPEALS PROCESS

When a student has been dropped from graduate study for failing to meet scholastic or other degree requirements, the student may appeal for readmission. Procedures for the process of petitioning for readmission are available in the office of the Dean or Associate Dean, College of Graduate Studies, 320 Bibb Graves Hall.

DEGREE REQUIREMENTS

The minimum degree requirements are listed by program. Please refer to the program section of this Bulletin.

At least one-half of the graduate courses for the master’s degree must be at the 500 level. All course work for the Ed.S. must be at the 500 and 600 level. Individual programs may limit the number of hours of 400 graduate level course work which may be counted for the degree. See the individual programs for these limits.

GRADUATE COURSES

Graduate courses are numbered at the following levels: 500 and 600. A student who has taken a 400 level course as an undergraduate may not take the course again at the graduate level for graduate credit. When students register for the graduate section of a 400 level course, they should verify that they are on the class roster for the graduate section. This verification can be provided by the instructor of record. At least one-half of the graduate courses for the master’s degree must be at the 500 level. Individual programs may limit the number of hours of 400 graduate level course work which may be counted for the degree. See the individual programs for these limits.

All course work for the Ed.S. must be at the 500 and 600 level.

Students pursuing the Ed.S. degree may not count 400 level graduate courses toward the degree.

Courses at the 600 level are offered only to students who hold the master’s degree.

The course descriptions are provided in each program section listed alphabetically in this Bulletin. The number in parentheses following the course title, indicates the graduate semester hour credit value of the course. Prerequisites, if any, are listed at the beginning of the course description.

DUPLICATION OF COURSES

Credit toward graduation for any course, or part of a course, will not be granted twice. This rule applies to all credit, whether the work is completed at JSU or at other colleges or universities. However, all work attempted, including duplications, will be calculated in the GPA.
TRANSFER OF GRADUATE CREDIT

Transfer credit from other institutions will appear on the JSU transcript only if used to fulfill degree completion and teacher certification requirements.

The number of semester hours of graduate credit that may be transferred from a regionally accredited institution to JSU toward a graduate degree program is limited to the following maximums:

- six hours toward a 30 semester hour program;
- nine hours toward a 33 semester hour program; and
- 12 hours toward a program of 36 or more semester hours.

Evaluation of transfer credit is made by the appropriate department of the student’s major and approved by the Dean of the College of Graduate Studies. A student intending to enroll at another institution and transfer a course(s) to JSU, must receive approval of the course work prior to enrolling in the course to insure the course will be accepted for inclusion in the student’s program of study.

Transfer credit cannot be used to raise the GPA of JSU course work to the required minimum GPA of specified majors, teacher certification programs, or graduate certificate programs.

Professional education courses cannot be transferred to JSU if taken in another state.

For the secondary education major, a student may transfer no more than three hours in the teaching field. This major requires a minimum GPA of 3.0 in the course work in the teaching field(s). Transfer credit cannot be used to raise the GPA in this teaching field to the required 3.0.

For the MBA program, transfer credit will be accepted from AACSB International accredited schools only. No transfer credit(s) will be accepted once students are enrolled in the MBA program, except in cases of extreme hardship to be determined by the MBA Director and the Dean of the College of Graduate Studies.

Only graduate courses with grades A, B, P, and S may be transferred to JSU. Grades of C or below will not be eligible for transfer.

Transfer credit must meet time limit requirements as stated under “Time Limit on Degree Completion.”

There are two steps in the procedure for transferring credit. First, a student must complete a “Transfer Credit Request Form” listing the transfer course(s) and return the form to the College of Graduate Studies. Second, the student must request that an official transcript from the institution at which the credit was earned be sent directly to the College of Graduate Studies at JSU and supply the course description(s) for any course(s) listed for transfer. It is the responsibility of the student to assure that the transcript has been received. This “Transfer Credit Request Form” is available from the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html.
SECOND MASTER’S DEGREE

A student is admitted to and may be completing requirements for only one degree or certificate at a time. Students seeking a second master’s degree must meet the admission, time limit, and graduation requirements for the second master’s degree program. A comprehensive examination is required for the second master’s degree.

A student is permitted to apply credit earned from one master’s degree toward an additional master’s degree at JSU provided the credits were not applied toward a previous degree. Such permission is granted at the discretion of the Dean, College of Graduate Studies. It is the student’s responsibility to apply for this credit from the first master’s. The total amount of credit applied from a previously earned graduate degree at JSU and external transfer credit combined is limited to the same maximums as transfer credit that are specified in the Transfer of Graduate Credit section of this Bulletin.

TIME LIMIT ON DEGREE COMPLETION

All graduate work toward a master’s degree, an Ed.S. degree, or a graduate certificate (including credit transferred from another graduate program) must be completed within a period of six calendar years which would include the summer term.

BULLETIN REQUIREMENTS AND TIME LIMITS

Degree requirements and other university regulations are established by the Bulletin current at the time of initial enrollment and completion of one or more graduate courses. Any student not completing all degree requirements within the time limit of six calendar years will lose entitlement to follow the Bulletin of initial enrollment.

Students may elect to follow any later Bulletin during the six-year time limit to degree completion.
FULL-TIME/HALF-TIME STUDENT CLASSIFICATION

A graduate student’s classification is determined by the number of graduate semester hours for which the student is enrolled in a given semester or term.

The following are the minimum graduate semester hours for full-time and half-time student classification:

<table>
<thead>
<tr>
<th>Semester/Term</th>
<th>Full-Time</th>
<th>Half-Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Semester</td>
<td>9</td>
<td>6</td>
</tr>
<tr>
<td>Spring Semester</td>
<td>9</td>
<td>6</td>
</tr>
</tbody>
</table>

These classifications apply to all financial aid programs, including VA benefits, and to other programs, such as insurance. For VA benefits only, three-quarter time may apply for seven or eight graduate hours in the Fall and Spring Semesters.

Financial aid classifications, including VA benefits, for the summer sessions are computed annually. For information about summer financial aid classifications, please contact the Financial Aid Office, 107 Bibb Graves Hall, (256)782-5006. For classifications for VA benefits, please contact the Veterans Affairs Office, 101 Bibb Graves Hall, (256)782-5892.

REGISTRATION

All students must register before being admitted to classes. Registration information is listed online at http://www.jsu.edu/registrar/registration.html. The appropriate academic advisor and other members of the faculty advise students in regard to their programs of study as outlined in this Bulletin. Students may register online through the Internet using http://my.jsu.edu in a designated lab on campus, and in the graduate office where specified.

Students registering after formal registration will be charged a $100.00 late registration fee. Students will be responsible for class work from the first class meeting and will incur absences for classes missed.

MAXIMUM STUDENT LOAD

The maximum course load for a graduate student is 13 semester hours during the Fall or Spring Semesters. Any exception to this regulation must be approved by the Dean, College of Graduate Studies.

The maximum course load for a graduate student is seven semester hours during the May, Summer One, and Summer Two Terms. There is no exception to this regulation.

CLASS ATTENDANCE

The University expects every graduate student to attend all scheduled class meetings for courses in which the student is enrolled. Each instructor’s policies and procedures on absences and make-up work are announced at the beginning of the
term. The student is directly responsible to the individual instructor for absences and for making up work missed.

AUDITING COURSES

A person not regularly enrolled in the University may audit courses with the approval of the department head.

Auditors must apply for admission and pay the $30 non-refundable application fee as well as the $25 per semester hour fee. Auditors are listed on the class roll but do not participate in classroom discussion, take tests or final examinations, or make reports, and will receive no credit or grade.

Auditors are bound by the same attendance policy as other members of the class.

Once a student registers in a course as an auditor, the status of audit may not be changed to that of credit.

THESIS OPTIONS AND PROCEDURES

There are two options of graduate study for some degree programs at JSU: the Non-Thesis Option and the Thesis Option. A student is awarded six semester hours graduate credit for a successfully completed thesis. The requirements for individual degree programs are listed under “Minimum Requirements for Degree” in each program section of this Bulletin.

Before enrolling in the first three semester hours of thesis work, a student choosing the Thesis Option must have the “Thesis Option” form approved by the student’s Thesis Committee and the Dean/Associate Dean, College of Graduate Studies. The “Thesis Option” form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html.

Prior to completing the first three semester hours of thesis, a student must have a “Prospectus for Thesis” form approved by the student’s Thesis Committee and the Dean/Associate Dean, College of Graduate Studies. The “Prospectus for Thesis” form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html. Guidelines for preparation of a proposal and thesis are provided in the Thesis Guide which is available in the office of the College of Graduate Studies, 322 Bibb Graves Hall, or online at http://www.jsu.edu/graduate/forms.html.

Only three hours of thesis course work may be taken in a semester. Students who choose the Thesis Option must schedule an appointment with the Dean or Associate Dean of the College of Graduate Studies prior to registering for the first three hours of thesis. The deadline dates for students completing a thesis are listed for each semester in the University Calendar of this Bulletin and online at http://www.jsu.edu/academic_calendar.html. Upon completion of the thesis, the student will receive a grade of Pass (P) or Fail (F).
RESIDENCY

All graduate students who are pursuing a degree must complete 24 semester hours of graduate credit at JSU.

CANDIDACY FOR DEGREE

Students become degree candidates when they enroll in the last semester or term of course work and apply for the degree/comprehensive examination by completing the “Application for Comprehensive Exam/Degree” form. This form is available online at http://www.jsu.edu/graduate/forms.html.

COMPREHENSIVE EXAMINATION

A comprehensive examination (oral, written, or oral and written) is required of all candidates for the educational specialist degree, master’s degree, teacher certification programs, and alternative fifth-year programs. The specific type of examination to be given is determined by each individual department. In preparation for the comprehensive examination, candidates should contact their academic advisor.

The comprehensive examination is to be scheduled during the semester in which the student is enrolled in the last course(s) needed to complete the degree or certification. The “Application for Comprehensive Exam/Degree” is online at http://www.jsu.edu/graduate/forms.html and must be completed no later than October 1 or the first business day after this date for fall semester, February 1 or the first business day after this date for spring semester, or June 1 or the first business day after this date for summer semester. Please refer to the University Calendar in this Bulletin or online at http://www.jsu.edu/academic_calendar/html.

The student will be notified of the date, time, and location of the examination by the chair of the Comprehensive Examination Committee. The student will be examined on course content and knowledge of the field of study. It is the student’s responsibility to meet with each member of the Comprehensive Examination Committee to receive guidelines in preparation for the examination.

If, after applying, the student elects not to take the comprehensive examination, the student must submit a written request to the office of the College of Graduate Studies to withdraw the application for the current semester. In addition, the student must submit a new “Application for Comprehensive Exam/Degree” form. A $20 degree fee is charged to students each time they submit a new “Application for Comprehensive Exam/Degree” form.

If the student fails the comprehensive examination, the student must meet with the chair of the Comprehensive Examination Committee to schedule arrangements to retake the comprehensive examination. If a student retakes the comprehensive examination in a subsequent semester, a $20 degree fee is charged.
APPLICATION FOR COMPREHENSIVE EXAM/DEGREE

All degree-seeking and teacher certification graduate students must file the “Application for Comprehensive Exam/Degree” form and must be completed no later than October 1 or the first business day after this date for fall semester, February 1 or the first business day after this date for spring semester, or June 1 or the first business day after this date for summer semester. This form must be completed online at [http://www.jsu.edu/graduate/forms.html](http://www.jsu.edu/graduate/forms.html). Students who fail to file the application for graduation by the listed date risk having their graduation delayed until the next regularly scheduled graduation.

The specific due dates for the application for each semester are listed in the University Calendar of this Bulletin and online at [http://www.jsu.edu/academic_calendar.html](http://www.jsu.edu/academic_calendar.html).

APPLICATION FOR GRADUATE CERTIFICATE (NON-EDUCATION CERTIFICATE)

All non-education certificate graduate students must file the “Graduate Certificate Application (Non-Education Certificate)” form no later than and must be completed no later than October 1 or the first business day after this date for fall semester, February 1 or the first business day after this date for spring semester, or June 1 or the first business day after this date for summer semester. This form is available online at [http://www.jsu.edu/graduate/forms.html](http://www.jsu.edu/graduate/forms.html). Certificates will not be awarded on a retroactive basis.

The specific due dates for the application for each semester are listed in the University Calendar of this Bulletin and online at [http://www.jsu.edu/academic_calendar.html](http://www.jsu.edu/academic_calendar.html).

STUDENT OUTCOMES ASSESSMENT

To assess and improve its academic programs, the University must obtain periodic measurements of student perceptions and intellectual growth. As a requirement for graduation, every student shall participate in one or more assessment procedures. These procedures include survey questionnaires and examinations in the major field of study. The information obtained through these assessment procedures is used solely to improve the quality of the educational experience for future generations of JSU students.

For further information about assessment procedures, students should contact the Office of Institutional Research and Assessment, (256) 782-8144.

STUDENT’S RESPONSIBILITIES

All students are held responsible for meeting the requirements for graduation as stated in this Bulletin. Students who have questions should contact the office of the College of Graduate Studies.
ACADEMIC AND STUDENT SERVICES

ACADEMIC CENTER FOR EXCELLENCE

Academic Center for Excellence (ACE) enhances student academic success and persistence from entrance through graduation. ACE develops student academic skills; student adjustment to college; student/faculty/staff appreciation of cultural diversity; faculty/staff pedagogy and student-centered skills; and intrusive academic advisement. ACE services include: Advisement Services and Tutoring Services.

BOOKSTORE

The University Campus Bookstore is located on the second floor of the Theron Montgomery Building. Students may purchase books and supplies at the University Bookstore including new and used books, school and office supplies, clothing and gifts, software, and study guides.

Textbook buy back days are scheduled for the week of finals at the end of Fall, and Spring Semesters. Extended operating hours are offered for convenience of evening students.

CAREER PLACEMENT SERVICES

Career Placement Services (CPS) provides employment assistance to graduating seniors and alumni through on-campus interviews, job listings, career fairs, referrals, computer resources, and corporate information. CPS also coordinates cooperative education experiences and provides ancillary services such as mock interviews and assistance in resume writing. Additional information about CPS is available at (256) 782-5482 or www.cps.jsu.edu.

DR. CYNTHIA H. HARPER CHILD STUDY CENTER

The Center is operated by the Department of Family and Consumer Sciences and supports the instructional goals of the department. The Center provides students and faculty opportunities for study and research related to the child. The Center provides students enrolled in University courses opportunities to work with children in the preschool setting and provides children enrolled in the Center an environment which promotes optimum development. Applications are accepted for children ages three to four years. Fees are due before classes begin and are paid directly to the JSU Bursar’s Office. Fees per child are $500.00 for the Fall Semester, $500.00 for the Spring Semester, and $180.00 for the May Term. The Center is open from 7:15 a.m. to noon, Monday through Friday when JSU classes are in session. Application forms may be obtained from the Department of Family and Consumer Sciences.
COMPUTER SERVICES

The University has an extensive network of computer resources providing access to the Internet, the JSU Administrative and Academic Networks, and the Alabama Research and Education Network. Academic Computing labs are located throughout the campus and are available to all currently enrolled students. Email accounts are provided to all currently enrolled students.

COUNSELING AND CAREER SERVICES

Counseling and Career Services (CCS) offers personal, educational, and career counseling for JSU students. Personal counseling is conducted in a private setting under the strictest confidence. Counselors are available on an individual or group basis. CCS features a comprehensive career library, on-line computer resources for making vocational and educational decisions, and is the registration site for CLEP, ACT, MAT, and other examinations. The office is open Monday through Friday from 8:00 a.m. to 4:30 p.m. Additional information about the Counseling Center is available at (256) 782-5475.

DINING FACILITIES

The University Dining Service provides a variety of flexible meal plans to meet student needs. These plans are available for both resident and non-resident students. There are three dining facilities on campus: the Jack Hopper Dining Hall, the Food Court located in the Theron Montgomery Building, and the Jazzman’s Café located in the Houston Cole Library. Meals can be purchased in all three locations on a cash basis. University Dining Services also provides catering services both on and off campus.

For additional information concerning the dining program or catering, contact Dining Services, Jack Hopper Dining Hall, (256) 782-7242.

DISABILITY SUPPORT SERVICES

Disability Support Services (DSS) provides academic support services to all students who qualify under Section 504 of the Rehabilitation Act, as amended. According to that section, the term “handicapped individual” means “any person who has a physical or mental impairment which substantially limits one or more of such person’s major life activities.” Learning is considered a major life activity.

DSS serves as the gateway for qualifying students in the provision of accommodations and modifications as delineated by law. This office coordinates interpreting and Speech-to-Text for the Deaf, hard of hearing, readers for the blind, and maintains basic adaptive technology.

Section 504 and the American with Disabilities Act (ADA) require that each otherwise qualified disabled student has reasonable access and accommodations to a postsecondary education. It is the specific goal of DSS to remove barriers and equalize opportunities for the qualified disabled individual through education and career preparation. DSS is part of an integrated academic program. Students
normally attend classes and participate in programs alongside all non-disabled University students. Upon request, each qualified disabled student develops a plan with the DSS staff for reasonable accommodations.

DSS engages in a variety of roles. In some instances, DSS coordinates or makes referrals to support personnel (e.g. interpreters, notetakers, tutors, readers, scribes). In others, it acts as a facilitator to network with existing University programs that already provide the needed service.

Support services provided through the office facilitate the disabled student’s integration into the University setting. DSS staff, consisting of trained professionals, work with the University staff and faculty to provide inservice and assist instructors in modifications or adaptations necessary for each student. Some technical aids and equipment are available through DSS.

The DSS office is located in Room 139, Daugette Hall. The DSS telephone number is (256) 782-8380 V/TT.

**DISTANCE EDUCATION**

Jacksonville State University strives to meet the needs of all students. Distance education enhances our ability to utilize the ever-expanding set of technological tools to reach students who may before have been unable to participate in the University environment. With alternative media such as videoconferencing and online courses, students can participate in the University environment while continuing with work and personal schedules. The greater flexibility in scheduling, provided by distance education courses, enables Jacksonville State University to draw students from all areas of society. These courses provide students with the education and tools that they need to reach their goals, whether these goals are professional or personal. Distance learning provides an outstanding level of education to every student.

**Online**

In meeting the needs of the 21st century, Jacksonville State University is committed to offering courses for online distribution. A growing number of graduate and undergraduate courses, as well as full degree programs and certificates, are being offered through the online format. Convenient to students who need increased time or travel flexibility, online courses save time and travel expenses while continuing to provide high quality coursework with excellent faculty. Some faculty may require proctored examinations; students unable to attend on campus (for examinations requiring a proctor) should review the following website for more information on proctoring specifications: [http://www.jsu.edu/distance/knowledge_base/de_kb_0075.html](http://www.jsu.edu/distance/knowledge_base/de_kb_0075.html). During online courses, students can communicate with their instructors and classmates through email, threaded asynchronous discussions, and live chats.

**Videoconferencing**

Jacksonville State University brings videoconferencing experiences to the students of Northeast Alabama and West Georgia. Videoconferencing is ideal for commuting students, allowing them to save valuable time for course work that otherwise would have been spent driving to class. Instead of traveling to JSU,
students can attend class at one of the following sites: Oxford High School Learning Resource Center, Northeast Alabama Community College, Cherokee County Career and Technology Center, and the Joe Ford Center in Gadsden, as well as locations in Georgia. Videoconferencing allows for live interactive communication to any point in the world using combined television and computer technologies. This format encourages students to actively participate with their instructors and other class members in a live environment at distant locations.

For further information about distance education, students should contact the Office of Distance Education by phone at (256) 782-8172, or toll free at 1-800-231-JAX1, extension 8172, or by email at DLInfo@jsu.edu. Internet users are invited to visit Jacksonville State University’s Distance Education homepage at http://www.jsu.edu/distance/ and JSU online at http://www.myjsuonline.com.

**STUDENT HEALTH CENTER**

The Williams Student Health Center is a primary health care facility providing outpatient medical services as well as promoting preventive health measures to currently enrolled students who have a validated ID card. Patients are seen by appointment, with the exception of emergencies. Services include health education, health screening, treatment of short-term illnesses, emergency first aid, physical examinations, allergy injections, and family planning. Medications are available through physicians dispensing. There is no charge for consultation with the nurses or the physician; however, there are minimal charges for lab procedures and medications that are charged to the student’s account. The Student Health Center does not accept monies from students.

The Student Health Center is located between Sparkman Hall and Mason Hall. Office hours are open Monday through Friday, 8:00 a.m. - 4:30 p.m. A physician is available to see patients Mondays and Wednesdays, 1:30 – 5:30 p.m. and Fridays, 8:00 a.m. – 12:00 noon during the Fall and Spring Semesters. During May Term, Summer One and Summer Two, the physician is available on Mondays, Wednesdays, and Fridays, 8:00 – 10:00 a.m. A gynecologist is available Fall and Spring Semesters on Tuesdays, 12:30 – 4:30 p.m. Call for an appointment at (256) 782-5310.

Excuses - The Student Health Center does not routinely provide class absence excuses. Documentation of Health Center visits is provided by an attendance slip given to each student upon request.

**UNIVERSITY HOUSING AND RESIDENCE LIFE**

The Department of University Housing and Residence Life is committed to serving a diverse population of the Jacksonville State University community. The primary goal of the Department and its staff is to provide students with the best possible housing accommodations at the most reasonable cost. Additionally, the staff is committed to enhancing the educational process of residents through a meaningful group-living experience.
The Department of University Housing and Residence Life operates and maintains eight residence halls and 300 apartment units which accommodate approximately 1700 residents.

To be eligible to live in University Housing, a graduate student must be enrolled at Jacksonville State University.

For current housing fees, see the Financial Fees and Policies section of this Bulletin.

For additional information concerning student housing, please contact the Department of University Housing and Residence Life, Room 103, Bibb Graves Hall, (256) 782-5122 or JSU website at www.jsu.edu.

**STUDENT ID CARDS**

On June 25, 2004, Jacksonville State University changed the primary means of identification for our students. On this day, the university established a new nine-digit random number that will be assigned to every student. All students will be re-carded at no cost. New ID cards are issued by the ID Office located in located in the Theron Montgomery Building.

**INSTRUCTIONAL SERVICES UNIT**

The Instructional Services Unit (ISU) is a division within the College of Education and Professional Studies that provides a variety of support services. It consists of the Teaching/Learning Center (T/LC), Learning Resource Center (LRC), and the Multimedia Instructional Laboratories (MIL).

The T/LC is an on-campus, free tutorial service to both city and county school students in grades K-12. The ISU offers teachers-in-training an opportunity to gain practicum experience through the T/LC in-house laboratory tutoring program. Preservice teachers and children are exposed to the latest technology and strategies including the Internet.

The LRC provides educational materials and equipment to teachers currently employed in the public schools, undergraduate and graduate students in education, and JSU faculty. The materials include: instructional games, kits, books, computer programs, and audiovisuals. A wide variety of subjects are represented in the Center including: reading, language, mathematics, social studies, science, health, perceptual motor, special education, and social-emotional development. Most of the items are available for short-term checkout. Additionally, the Center offers media preparation services such as laminating, copying, letter cutting, and transparency making. Word processing, on-line and Internet access are available to students, faculty, and the community through the LRC.

The MIL is the third unit of the ISU. Multimedia computers, located in three computer labs convenient to both students and faculty, include up-to-date technological hardware and software such as videodisks, DVDs, and CD-ROMS. These services insure that students are exposed to the latest available technology.
INSURANCE

The Office of Student Life sponsors a health, injury, and major medical insurance program underwritten by the Mid-West National Life Insurance Company of Tennessee. All registered students and their dependents are eligible to enroll in this insurance plan. For further information, contact the Office of Student Life, 402 Theron Montgomery Building (256) 782-5491.

INTERNATIONAL PROGRAMS AND SERVICES

The Office of International Programs and Services provides support to international and American students. Assistance in three general areas dealing with international education is the main function of this office.

Services are provided to international students who attend or plan on attending the University. These services include: assistance in making the adjustment to life in the United States; orientation to the University and the JSU community; proper maintenance and renewal of student immigration status; and promotion of opportunities available to experience and enjoy American culture and the unique traits of JSU. During their stay on the JSU campus, visiting faculty from universities abroad are provided with support.

This office provides support to JSU students who study abroad and faculty seeking research or exchange programs. Students interested in studying abroad are given information on opportunities and assistance in their study plans. University faculty interested in participating in exchange programs are also provided with information and assistance by this office.

International activities at the University are also supported through this office, including the oversight to international content in the curriculum. Cultural activities, student organizations, and student activities with international relevance are also under the guidance of this office.

Persons wishing additional information about the Office of International Programs and Services are encouraged to call (256) 782-5674, or visit the office on the second floor of the International House.

JACKSONVILLE STATE UNIVERSITY IN GADSDEN

Jacksonville State University provides outreach educational opportunities for students in its service population at its off-campus site in Gadsden. Jacksonville State University in Gadsden provides junior and senior level undergraduate courses and graduate courses in the Joe M. Ford Center on the campus of Gadsden State Community College. Drawing students primarily from Etowah County and the counties adjacent to it, JSU-Gadsden schedules mostly late afternoon and evening classes tailored to meet the needs of working adults. Course offerings are available for students who want to earn a degree, advance occupationally, and prepare for productive roles in society. The calendar for JSU-Gadsden is the same as the University calendar, and all University policies and regulations apply.
For information about JSU-Gadsden, call (256) 549-8390, FAX 1-256-549-9739, write to Jacksonville State University in Gadsden, Joe M. Ford Center, Room 113, 405 Korner Street, Gadsden, Alabama 35901, or visit the office in Room 113, Joe M. Ford Center, on the campus of Gadsden State Community College.

LIBRARY

The Houston Cole Library, named for JSU’s seventh president, is the academic hub of the campus, providing print and non-print resources to the students and faculty, as well as the local community and Northeast Alabama. The Library houses an outstanding collection of materials, with more than 700,000 cataloged volumes. Subscriptions include over 1,000 print titles and 100+ electronic databases. Many of the databases provide full-text access to over 60,000 journal titles. In addition, the Library is a Selective Depository of U.S. government documents and houses an AV Center and Listening Lab with over 11,000 circulating items and 695 pieces of equipment; holds over a million microform units, and approximately 2,000 maps. The Library also features an Alabamiana collection. Course reserves are digitized to provide web access. Universal borrowing agreements and inter-library loan services provide access to library materials held by other institutions. There is a wireless network accessible throughout the building. Circulating laptops may be checked out for in-library use.

Information on the Library’s collections, patron information, and course reserves is available through the Library’s website and online catalog. Web accessible workstations and photocopiers are available on each of the Library’s public service floors. In addition, there is a computer lab on the tenth floor with 14 workstations. The lab workstations have applications software installed. A smart classroom used exclusively for instructional purposes is located on the ground floor.

The library was built in 1972 as a thirteen-story facility. The building is divided into eight subject floors managed by subject specialist librarians. It is open 87 hours per week. Hours are reduced when students are not on campus.

MAIL CENTER

Students enrolled at JSU are eligible for a JSU mailbox. To be assigned a mailbox, students must come to the customer service window at the JSU Mail Center. All correspondence from the University, including financial aid checks, will be placed in JSU mailboxes. Students have the option of having their mail sent to their home address by logging into their MyJSU account, http://my.jsu.edu, and clicking on the “Home Mail Forwarding” option. Stamps and mailing services are available at the JSU Mail Center.

The Mail Center is located on the 4th floor, TMB, and is open from 8:00 a.m. – 4:30 p.m. The Mail Center telephone number is (256) 782-5290, and the fax number is (256)782-5291.
MOTOR VEHICLES

Any motor vehicle owned, maintained, or operated on the JSU campus must be registered online with the University Police. Vehicles are registered annually at the beginning of the fall semester or the semester in which the student first enrolls. A vehicle obtained after a student enrolls must be registered immediately.

Registration is online and a fee is required for each vehicle each academic year. At the time of registration, a valid driver’s license, tag number, and proof of insurance must be presented.

Parking and traffic regulations can be obtained from the University Police Department in Salls Hall or by accessing the University Police Department homepage on the Internet at http://www.jsu.edu/depart/UPD.

MULTICULTURAL SERVICES

The Office of Multicultural Services promotes cultural diversity within the University community. The Office enhances the University environment through programs and activities to develop leadership and academic skills, as well as to increase the awareness of diverse cultures and backgrounds.

The Office also coordinates the ACHE/SREB Minority Doctoral and JSU “Grow Your Own” Scholars Program at the University. Both Scholars Programs address the present under-representation of minorities in higher education by encouraging ethnic minority students to pursue doctoral degrees for careers as college teachers.

The Office is located on the 4th Floor, Theron Montgomery Building. For additional information, contact the Director of Multicultural Services, at (256) 782-5886.

PUBLIC SAFETY

The University provides a wide-range of public safety services, including law enforcement, security, parking, traffic enforcement, and crime prevention. Students and employees may report criminal incidents, accidents, and/or emergencies to the University Police Department located in Salls Hall (emergency 256-782-6000; non-emergency 256-782-5050). The University complies with the Right to Know and Campus Security Act of 1990. An annual crime statistics report is distributed to students and employees. These may also be obtained upon request from the University Police Department, Salls Hall, or by accessing the University Police Department homepage on the Internet at http://www.police.jsu.edu/crimestats.html.
STUDENT FINANCIAL AID

The University offers a broad program of financial aid which includes loans, scholarships, and employment.

Federal financial aid is available only to citizens, nationals, and permanent residents of the United States.

Most aid programs are based on the individual need of the applicant. The University utilizes the Free Application for Federal Student Aid (FAFSA) as the need analysis for most programs of financial assistance. The FAFSA contains questions about a student’s assets, income, and other resources. The FAFSA should be submitted as soon as possible after January 1, preferably before March 15. The JSU Title IV code is 001020. The FAFSA can be submitted electronically via the Internet at www.fafsa.ed.gov.

About four weeks after the applicant submits the FAFSA, the applicant will receive a financial aid report. The information from this report will be used to determine the student’s eligibility for campus employment and certain loans. Note that all graduate students are allowed to apply as independent students without regard to parental income.

All forms should be completed as honestly and accurately as possible. Anyone who knowingly makes a false statement and/or misrepresentation is subject to a fine or imprisonment or both under the United States Criminal Code. Applicants may be asked to substantiate information they submit on the FAFSA.

LOANS

Students who must borrow money to finance their education should consider long-term, low interest loans available to those who meet eligibility requirements. Loans must be repaid regardless of whether recipients graduate. The following loans are available to eligible graduate students.

The Federal Stafford Loan Program

JSU participates in the Federal Stafford Loan Program. Interest rates for the Federal Stafford Loan Program are variable with a cap of 8.25%. Repayment begins six months after the student’s enrollment drops below half-time status (6 credit hours).

There are two types of Federal Stafford Student Loans: subsidized and unsubsidized.

Federal Stafford Subsidized Student Loan

A subsidized loan is a need-based loan. Borrowers who receive this type of loan are not required to pay the interest while he/she is enrolled at least half-time until repayment begins.
Federal Stafford Unsubsidized Student Loan
An unsubsidized loan is a non-need based program. Borrowers who receive this loan must either pay the interest while enrolled or have the interest capitalized for repayment later.

To apply for a subsidized or unsubsidized loan, submit a FAFSA as soon as possible after January 1, along with a JSU Financial Aid Data Sheet and any other documentation that is required by the Financial Aid Office. The preference deadline to apply is March 15. The Financial Aid Office will notify applicants of their eligibility via JSU email.

SCHOLARSHIPS

The University provides several scholarships each year based on academic achievement of applicants. Several organizations, individuals, and corporations offer scholarships to JSU students. A listing of these scholarships is available each October from the Financial Aid Office.

Since scholarships are based on academic achievement, no need analysis is required.

The absolute deadline to apply for academic scholarships is February 1.

Technology Scholarship Program for Alabama Teachers (TSPAT)
Only full-time, certified teachers in public schools in Alabama are eligible to apply for this assistance. This program pays graduate tuition for three computer technology training courses. The purpose of the TSPAT assistance is to provide computer technology to teachers. First priority is given to those teachers in the fields of English, Science, Math, Social Science, History, and those teaching kindergarten to grade six. Contact the Financial Aid Office for an application. This is a non-need based program. Funding for this program is contingent upon state appropriations.

Alabama National Guard Educational Assistance Program
The State of Alabama provides assistance to cover tuition and book expenses for persons who are members of the Alabama National Guard. Selection of recipients is made by the Alabama Commission on Higher Education. Those interested in applying should contact their National Guard unit commander for the necessary application.

ENROLLMENT REQUIREMENTS

All financial aid programs are contingent upon actual enrollment at JSU. Most programs require at least half-time status (six hours) of graduate course work for eligibility during Fall and Spring Semesters. Federal Stafford Loans and work study require students to be enrolled for six graduate hours. Students who are required to take undergraduate deficiencies must contact the Financial Aid Office for eligibility criteria.

Students receiving financial aid who withdraw may be required to repay a proportionate amount of financial aid received for that term.
Federal assistance is available only to students who are enrolled in a degree-granting program or who are seeking teacher certification. Special students and transient students are, therefore, ineligible for federal aid.

SATISFACTORY ACADEMIC PROGRESS

In order to be eligible for federal financial aid, students must be enrolled and making progress in a graduate degree seeking program. There are 3 criteria for meeting Satisfactory Academic Progress (SAP) – cumulative Grade Point Average (GPA), Completion Rate and Maximum Time Frame. Jacksonville State University reserves the right to monitor satisfactory academic progress periodically throughout the calendar year.

The Satisfactory Academic Progress and Appeals Policy may be located on the web at http://www.jsu.edu/finaid/finaidforms.html (click on the aid year you are attending to locate the policy) or on my.jsu.

Instructions For Finding Your Status on my.jsu:

1. Log on to http://my.jsu.edu
2. Click on Self Service Banner
3. Click on Student and Financial Aid
4. Click on Financial Aid
5. Click on Eligibility
6. Select the aid year you are attending, if prompted
7. Click on Satisfactory Academic Progress
8. On this page you will see your SAP status along with a link to view the policy.

AWARDING, ACCEPTANCE, AND PAYMENT OF FINANCIAL AID

Students who are determined to be eligible for Federal Stafford Loans and Federal Work Study will receive an email in their JSU email account. The initial email will list instructions for completing his/her file. Once the student has completed their file, another email will be sent listing instructions for accepting the Offer of Financial Aid and completing a Master Promissory Note /Entrance Counseling. This assistance and scholarships awarded by the University is credited to the student’s account and a check is issued to the student’s post office box for the balance, if applicable, approximately two weeks after classes begin.

Students may use their accepted Offer of Financial Aid to confirm classes and/or university housing costs if their assistance has been processed by the required payment dates. Accepted Offers of Financial Aid will appear on the My.JSU system. More detailed information on paying confirmation costs is located in the Class Schedule and online via the My.JSU system.

CANCELLATION OF FINANCIAL AID

Students scheduled to receive financial aid who do not plan to attend a term for which they have pre-registered must notify both the Financial Aid and Registrar’s
Offices, in writing, prior to the first day of classes to cancel their preregistration and financial aid. STUDENTS WHO FAIL TO DO THIS WILL BE ENROLLED IN CLASSES AND RECEIVE ACADEMIC AND FINANCIAL PENALTY FOR NOT ATTENDING CLASSES.

**EMPLOYMENT**

Jacksonville State University offers four possible employment opportunities for students enrolled in its College of Graduate Studies: (1) Graduate Assistantships; (2) University Student Employee Program; (3) Federal Work-Study; and (4) Part-Time Off-Campus Employment.

**Graduate Assistantships**

Several salaried assistantships are awarded each year. In addition to a monthly salary, these assistantships also cover six semester hours of graduate tuition for the fall and spring semesters and a total of six semester hours of graduate tuition remission during the summer terms. To apply, contact the office of the College of Graduate Studies, 256-782-5345 or email vansandt@jsu.edu or pugliese@jsu.edu.

**University Student Employee Program**

A number of departments employ graduate students on the University Student Employee Program. To apply, contact department heads. This program is not based on financial need.

**Federal Work-Study**

This program requires that a need analysis form and a Financial Aid Data Sheet be filed. The preference deadline to apply is March 15. Based on financial need, this program allows students to earn the minimum wage for an average of about 15 hours per week. The Student Financial Aid Office administers this program.

**Part-Time Off-Campus Employment**

Information concerning employment off campus is available at www.jsu.edu/depart/ace/ccs/index.html.

**VETERANS BENEFITS**

The Alabama Department of Veterans Affairs offers financial assistance to eligible dependents of disabled veterans who were permanent civilian residents of Alabama prior to entry into military service. This assistance provides tuition, fees, books, and supplies. For more information, contact the Veterans Affairs Office in your county. Military veterans may be eligible for assistance through a variety of programs. The Office of Veterans Affairs is located on the first floor of Bibb Graves Hall, Room 101, to assist students.

**VOCATIONAL REHABILITATION**

Students who have disabilities may be eligible for a special assistance program through the Alabama Department of Rehabilitation Services (ADRS). Information can be obtained from the ADRS State Office, 2127 East South Blvd., Montgomery, AL 36116, (334-288-0220). A local ADRS counselor visits the JSU campus each week.
Disability Support Services Director (DSS) can provide information on arranging an appointment. DSS is located in Room 139, Daugette Hall, (256-782-8380) V/TT.

**NONDISCRIMINATION**

All financial aid is awarded without regard to age, sex, race, religion, physical or mental handicap, or national origin. Federal financial aid is available only to citizens, nationals, or permanent residents of the United States.

**INTERNAL REVENUE SERVICE TAX LAWS**

Some scholarships and fellowship grants are subject to being reported as income on Federal Income Tax Returns. It is the student’s responsibility to report such assistance according to regulations established by the Internal Revenue Service.

**TAXPAYER RELIEF ACT OF 1997**

The Taxpayer Relief Act of 1997 allows qualified students and/or parents to receive benefits when filing federal income tax returns for certain educational expenses. Taxpayers who are interested in this new legislation, which includes Lifetime Learning Tax Credit, should contact their tax preparers. There are other provisions for interest paid on educational loans. The University does not provide tax advice and makes no representation on the new tax law.

**SPECIAL NOTE TO STUDENTS**

Information provided in this Bulletin is of a general nature and is not intended to explain in detail all financial aid programs. Programs described herein are subject to Federal, State, and institutional guidelines and are subject to change without notice. Additional information is located in the University Bulletin, Student Handbook, and publications prepared by the Student Financial Aid Office. These publications also contain information about the usage of Social Security Numbers, the Family Rights and Privacy Act, and Student Right to Know Information.

**INSTITUTIONAL AND FINANCIAL ASSISTANCE INFORMATION FOR STUDENTS**

Federal regulations require educational institutions to disclose certain information to enrolled students, prospective students, parents, and employees. This information includes the Family Education Rights and Privacy Act, deferment procedures for students receiving FFEL/Direct Loans for Peace Corps or volunteer services, financial assistance programs, general institutional information (such as curriculum and costs), graduation rates, campus security reports, drug free workplace policy, athletic program participation rates and financial support data. Detailed information on these items is located on the Jacksonville State University website (http://www.jsu.edu/) or at other locations described on the website.
FINANCIAL FEES AND POLICIES

Jacksonville State University’s tuition and fees have remained lower than those charged by most other quality institutions in the state and nation. Increases are required as costs rise, but efforts are made to keep fees and charges at a minimum.

The following tuition and fees are those in effect at the time this Bulletin was published. The University reserves the right to adjust tuition and fees without prior notice. Revisions will be publicized as far in advance as possible and will be available in the office of the College of Graduate Studies and in the Registrar’s Office.

PAYMENTS

In order to confirm registration, students must pay all tuition and fees by the published due date. Students may view their tuition and fees at http://my.jsu.edu. Payment may be made by one of the following ways: at the Bursar’s Office Cashier window, 2nd floor of Bibb Graves Hall; via the web at http://my.jsu.edu (View Account/Make Payment link) by credit card (Discover, MasterCard, or Visa); E-Check or savings account; or by mail with a check or money order (must be RECEIVED in the Bursar’s Office by the published due date). Each student is responsible for knowing all registration and fee payment dates.

Long distance telephone charges, traffic fines, library fines, etc., are due when the charge is applied to the student account.

Students are expected to meet all financial obligations to the University. The University reserves the right to deny admission and withhold transcripts of any student who fails to meet their financial obligations. Any collection costs or attorney fees necessary for the collection of any debt of JSU will be charged to and paid by the debtor. Questions about charges and refunds should be addressed to the Bursar’s Office.

PAYMENT PLAN

Jacksonville State University is pleased to offer students an installment plan to budget the costs of tuition and university housing. The payment plan is offered as
a service, allowing students to budget their educational expenses. The details for the payment plan can be found at www.jsu.edu, on the Bursar’s Office homepage.

REFUNDS OR CHARGE ADJUSTMENTS

WITHDRAWAL

Any student who has registered and has paid but does not wish to attend must notify the Registrar’s Office in person or in writing (certified mail suggested) by the last day to register for the semester to receive a full refund of tuition charged. Failure to assure this notification may result in academic and financial penalty.

Students scheduled to receive financial aid who do not plan to attend a semester for which they have registered must notify the Financial Aid Office and the Registrar’s Office in writing (certified mail suggested) by the last day to register for the semester to cancel their registration and financial aid. Students who fail to notify the Financial Aid Office will be enrolled and subject to academic and financial penalty.

Tuition will be refunded as follows for withdrawals:

For Fall and Spring Semesters:
One hundred percent (100%) of total tuition charged if withdrawal from the semester occurs by the last day to register for the semester.

Eighty percent (80%) of total tuition charged if withdrawal from semester occurs within one (1) week after the close of the registration period.

Fifty percent (50%) of total tuition charged if withdrawal from classes occurs within three (3) weeks after the close of registration.

No adjustment if withdrawal occurs thereafter.

For Summer Semesters:
One hundred percent (100%) of total tuition charged if withdrawal from a summer term occurs by the last day to register for that term.

Eighty percent (80%) of total tuition charged if withdrawal from a summer term occurs within one (1) day after the close of the registration period for that term.

Fifty percent (50%) of total tuition charged if withdrawal from a summer term occurs within two (2) days after the close of registration.

No adjustment if withdrawal occurs thereafter.

Students who withdraw while on financial aid may have to repay a proportionate amount of aid received and may owe the University money. Please check with the Financial Aid Office or the Bursar’s Office for more details.
CHANGE OF COURSE(S) (DROP):

Tuition will be refunded as follows for dropped courses:

For Fall and Spring Semesters:
One hundred percent (100%) of total tuition charged for the dropped course if the drop occurs by the last day to register for the semester.

There is no refund from dropping of a course after the last day to register for the semester.

For Summer Semesters:
One hundred percent (100%) of total tuition charged for the dropped course if the drop occurs by the last day to register for that summer term.

No adjustment if drop occurs thereafter.

CHANGE OF COURSE(S) (ADD):

Tuition for courses added after the original due date will be due no later than the last day to register for the semester to retain the course.

CHECKS

In the event a student presents a check which is not honored by the drawee’s bank, JSU will charge the current maximum returned check fee allowed by law for each returned check. Enforced withdrawal from the University may result if a returned check is in payment of tuition and/or fees. After having two (2) checks returned, privilege of paying by check is forfeited. No counter checks will be accepted.

INTERNATIONAL STUDENTS

International students are required each semester to pay tuition, fees, and residence hall charges in U.S. dollars to confirm registration. International students must conform to Immigration and Naturalization Service (INS) regulations concerning the INS Form I-20, Section 8, for financial assurance. All international students are required to carry health and repatriation insurance.

RESIDENCE HALL AND APARTMENT POLICIES

All students desiring on-campus housing will need to complete an application for housing and pay a $150 non-refundable application fee. Additional information concerning housing and the terms of the lease agreement may be found at [www.jsu.edu/housing](http://www.jsu.edu/housing). The $150 non-refundable application fee must be on file in order to reserve a room. All residents of University Housing and Residence Life must maintain enrollment at Jacksonville State University.

BIOLOGY

The Biology Department offers courses leading to the Master of Science (MS) with a major in biology and supporting courses for the Master of Arts with a major in liberal studies. For students majoring in secondary education with a teaching field in biology or general science, supporting courses are offered for the MS.Ed. and the Ed.S. degrees.

Students accepted to the MS with a major in biology must meet with the graduate advisor. An Advisory Committee will be selected to assist the student in developing a degree plan that satisfies University and departmental degree requirements.

APPLICATION MATERIALS REQUIRED FOR THE MS WITH A MAJOR IN BIOLOGY

Applicants for the MS with a major in biology may be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the MS with a major in biology must submit the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)

4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).

5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.

6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).
ADMISSION REQUIREMENTS FOR THE MS WITH A MAJOR IN BIOLOGY

In addition to meeting the general admission requirements above, applicants for the MS with a major in biology must have an undergraduate major in biology or its equivalent, as determined by the Biology Department, including courses equivalent to Introductory Biology I (BY 101, 103), Introductory Biology II (BY 102, 104), Genetics (BY 322), Ecology (BY 332), and Cell Biology (BY 373). Applicants with majors in other natural sciences or mathematics will be considered for admission; however, additional courses may be required.

Applicants must meet one of the following admission formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional Admission

To obtain unconditional admission into the MS program with a major in biology, applicants must meet one of the following formula requirements:

450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 60 points;

Conditional Admission

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.

MINIMUM REQUIREMENTS FOR THE MS WITH A MAJOR IN BIOLOGY

Non-Thesis Option:

A minimum of 36 graduate semester hours (of which half must be at the 500 level), including successful completion of an acceptable original research paper and a comprehensive examination. A minimum GPA of 3.0 on a 4.0 scale in all graduate work in biology is required. The 36 graduate semester hours for the non-thesis option will include the following courses:
Non-Thesis Option (total hours: 36)

1. Four (4) 500 level courses (12 semester hours):
   choose from BY 521, 537, 538, 539, 540, 542, or 562;
2. Two (2) 500 level seminar courses (4 semester hours):
   choose from BY 570, 571, 572, 573, 574, 575, 576, or 577;
3. BY 595 Research Project (3 semester hours); and
4. Seventeen (17) hours of committee approved electives (17 hours).

36 Graduate Semester Hours Required for the Non-Thesis Option

Thesis Option:

A minimum of 30 graduate semester hours (of which half must be at the 500 level), including successful completion of an acceptable thesis and a comprehensive examination. A minimum GPA of 3.0 on a 4.0 scale in all graduate work in biology is required. The 30 graduate semester hours for the thesis option will include the following courses:

Thesis Option (total hours: 30)

1. Four (4) 500 level courses (12 semester hours):
   choose from BY 521, 537, 538, 539, 540, 542, or 562;
2. Two (2) 500 level seminar courses (4 semester hours):
   choose from BY 570, 571, 572, 573, 574, 575, 576, or 577;
3. BY 415G Biometrics (or its equivalent) (3 semester hours);
4. BY 599 Thesis I and II (6 hours); and
5. Five (5) hours of committee approved electives (5 semester hours).

30 Graduate Semester Hours Required for the Thesis Option

BIOLOGY COURSES
Prefix BY

402G. Medical Microbiology (4). Prerequisites: BY 323 or 283 and permission of the instructor. Study of pathogenic bacteria, viruses, fungi, and parasites of humans and some domestic animals; identification of pathogens, disease processes, and public health emphasized; lecture and laboratory.

403G. Immunology (4). Prerequisite: BY 373; BY 322 recommended. Study of immunity and how the immune system responds to specific infectious and non-infectious agents; comparative immunology of invertebrate and vertebrate animals, immunological disorders, and application of immunological techniques; lecture and laboratory.

405G. Animal Behavior (3). Prerequisite: BY 332. Genetic and anatomical bases of behavior; impact of behavior on the ecology of animals emphasized; lecture, discussion, demonstration and library studies.
406G. Ornithology (4). Prerequisite: BY 332. History, classification, anatomy, physiology, ecology, and distribution of birds; laboratory emphasis on field identification and ecology; lecture, laboratory, and field studies.

407G. Mammalogy (4). Prerequisite: BY 332. Aspects of the biology, ecology, taxonomy, and distribution of southeastern mammals; lecture, laboratory, and field studies.

413G. Animal Reproduction and Development (4). Prerequisites: BY 322, 373; CY 105, 106, 107, 108 recommended. Study of the structural and functional aspects of reproductive and developmental phenomena in animals with emphasis on the cellular and molecular mechanisms involved; lecture and laboratory.

415G. Biometrics (3). Prerequisites: BY 322, 332, or 373 and MS 204. An introduction to statistics for biology majors. This course will introduce students to appropriate statistics for analyzing biological data including how to select random samples, use basic statistical packages, post-hoc statistical testing and the use of linear regression and will use real-world examples of statistics in ecological, toxicological, and physiological research; lecture and laboratory.

422G. Biology of Cryptograms (4). Prerequisites: BY 332, 373. The study of blue-green algae, algae, slime molds, bryophytes, and lichens; lecture, laboratory, field, and library study. Extensive field and laboratory identifications.

431G. Cellular Physiology (4). Prerequisites: BY 373, CY 105, 106, 107, 108; CY 231, 232 recommended. Systematic survey of cellular physiology in eukaryotic cells, membranes, energetics, and genetic expression emphasized; lecture and laboratory.

432G. Experimental Ecology (4). Prerequisites: BY 332; MS 204, CS 201 recommended. Experimental design and analysis of ecological data using appropriate ecological instrumentation; lecture, laboratory, and field studies.

434G. Animal Systems Physiology (4). Prerequisites: BY 373; CY 105, 106, 107, 108; CY 231, 232 and one semester of physics recommended. Systematic survey of organ system physiology in vertebrates; systems analysis, biophysics, and bioengineering emphasized; lecture and laboratory.

435G. Landscape Ecology (4). Prerequisites: BY 332, MS 204. Lecture, laboratory, and field study. Emphasis will be on the role of spatial heterogeneity in terrestrial systems: its detection and description, analysis of pattern formation, landscape dynamics and models, human interactions with heterogeneity, and the implications of heterogeneity of populations, communities, and ecosystems. Landscape ecology provides new approaches to fundamental research questions in ecology, as well as new approaches to forest and resource management that consider ecosystem processes at larger spatial and temporal scales.

438G. Freshwater Biology (4). Prerequisite: BY 332. Analysis of the unique ecology and biology of the freshwater environment; extensive field work; research project; lecture, laboratory, and field studies.

439G. Microbial Ecology (4). Prerequisites: BY 323, 332. Microbial component of the global ecosystem including interactions among microorganisms and
between microorganisms, plants, and animals, biogeochemical cycles, and application to various technologies; lecture, laboratory, and field studies.

440G. Evolutionary Biology (4). Prerequisite: BY 322. Study of the processes and mechanisms which lead to evolutionary change in the biota; lecture, laboratory and field studies.

442G. General Entomology (4). Prerequisite: BY 332. Lecture, laboratory, and field study of insects and other arthropods, with an emphasis on the taxonomy, morphology, physiology, and ecology of the insects.

445G. Ecotoxicology (4). Prerequisites: BY 332, 373. Recommended: BY 322. This course is a survey of ecotoxicology. The study of the integration of the major processes involved with transport, exposure and response of biological systems to xenobiotics, how toxicants mediate interactions between organisms and their biotic and abiotic environments and, the impact and toxic effects of pollutants on diversity, growth and metabolism of living organisms, populations, communities, and the ecosystem; lecture, laboratory and field study.

450G. Molecular Biology (4). Prerequisites: BY 322, 373 or permission of the instructor. Study of the processes involved in the expression of biological information at the molecular level; lecture and laboratory.

451G. Plant Anatomy (4). Prerequisite: BY 373. Study of the comparative structural organization of the vegetative and reproductive parts of seed plants, from cells to tissues to systems; lecture and laboratory.

452G. Plant Taxonomy (4). Prerequisite: BY 322 or 332. Survey of plant nomenclature, identification systems, description, evolution, and classification; vascular plants emphasized; lecture, library, laboratory, and field studies.

453G. Dendrology (3). Prerequisite: BY 332. Identification, taxonomy, ecological characteristics, and distribution of important North American trees; one class period and one four-hour laboratory period per week; field trips.

454G. Tropical Biology (3). Prerequisites: BY 101, 102, 103, 104, and permission of instructor. An extensive field trip to study the flora and fauna of tropical regions. A written and oral report is required.

455G. Plant Ecology (4). Prerequisite: BY 322 or 332. Major plant communities of the southeastern U.S. and their relationships with major abiotic features; autecological field studies of plant species and populations included; lecture, laboratory, library and field studies.

458G. Herpetology (4). Prerequisite: BY 332. Recommended: BY 320. Taxonomy, ecology, physiology, and external anatomy of amphibians and reptiles; conservation and field methodology emphasized; lecture, laboratory and field studies.

460G. Ichthyology (4). Prerequisite: BY 332. An overview of the evolution, ecology, behavior, physiology, and conservations of fishes. Preparation and presentation of an original library or lab/field research project required. Lecture, laboratory, and field study.

464G. Wetland Ecosystems (4). Prerequisite: A course in ecology. A survey of families and species of wetland plants, including a review of their morphology, ecology, systematic, dynamics and function of individual species; extensive field work; research project; lecture, laboratory and field studies.
475G. Economic Botany (4). Prerequisite: BY 322 or 332. Collection identification, culture and preservation of plants for illustration and utilization in the classroom and laboratory; two class periods and one laboratory period per week.

476G. Invertebrate Zoology (4). Prerequisite: BY 332. Systematics, ecology, physiology, and phylogenic relationships of invertebrate animals; lecture, laboratory, and field studies.

477G. Cell and Tissue Culture (4). Prerequisites: BY 101, 102, 103, 104, 373, CY 105-108. Recommended: BY 322, 412, 431 and CY 231. Cell and Tissue Culture is an advanced biology course dealing with in vitro manipulation of cells, organs, and tissues; both solid and suspension culture and their application to biotechnology. Lecture and laboratory.

479G. Plant Physiology (4). Prerequisite: BY 373; BY 451 recommended. Mineral nutrition, water relations, photosynthesis, metabolism and transport in vascular plants; lecture and laboratory.

480G. Advanced Topics in Biology I (1). Prerequisite: BY 322 or 332 or 373. Lecture and discussion; topics to be posted in the Biology Department.

481G. Advanced Topics in Biology II (1). Prerequisite: BY 322 or 332 or 373. Lecture and discussion; topics to be posted in the Biology Department.

525. Physiological Adaptations (3). Prerequisite: BY 434 or its equivalent. An in-depth survey of selected topics in comparative physiology. Interactions between organisms and their environments will be examined with an emphasis on molecular and cellular adaptations. Phenotypic differences in adaptations will serve as a central theme for this course. The course is designed to expose students to the various topics through lecture, primary literature, and lab presentations/activities.

533. Advanced Plant Biology (3). Study of plant biology consisting of lectures, discussions, investigative laboratory exercises on the topics of plant classification, plant anatomy and reproduction, plant growth and development, the physiology and biochemistry of plants, plants genetics and molecular biology, plants interactions with their environments, and the impacts of plants to our society.

535. Functional Vertebrate Anatomy (3). Prerequisites: BY 320 or equivalent, or permission of the instructor. Lecture and demonstration. This course will emphasize the adaptations of vertebrate animals as revealed by morphology and will study the anatomy of vertebrates, as it relates to topics such as locomotion, reproduction, digestion, and physiology. In addition, molecular and morphological phylogeny and vertebrate groups using datasets will be studied.

538. Community Ecology (4). This course addresses theoretical and applied issues at the community level. Topics include community structure/stability, trophic relations, population interactions, community dynamics, landscape ecology, and others. Discussion of primary literature will be a large part of this course. Lecture and lab.

540. Invertebrate Relationships (3). Prerequisite: Permission of the instructor. An analysis of recently published research in the anatomy, morphology, phylogeny, and physiology of invertebrate animals. The major invertebrate phya (including parasitic forms) will be emphasized; lecture, discussion, presentation, and lab exercises.

542. Biodiversity: The Kingdoms of Living Things (3). Prerequisite: BY 332 or its equivalent. Lectures and demonstrations. Biodiversity emphasizing
systematic, phylogeny, structure, function, life cycles, ecology, and economics.

546. **Molecular Genetics (3).** Prerequisites: BY 322 or its equivalent or permission of the instructor. A survey of molecular genetics focusing on the analysis of genomes, genes, and chromosomes. Discussion of modern genetic analysis techniques will be integrated into these topics. Biotechnology topics will include nucleic acid isolation methods, PCR, gene expression analysis, gene cloning, expression systems, proteomics, DNA sequencing, and molecular phylogenetic analysis.

562. **Symbiotic Associations (3).** Prerequisites: BY 322, 332, 373 or equivalent and one 400 level organismal courses. Analysis of the nature and mechanism of symbiotic associations, including commensalism, mutualism, parasitism, that involve interactions between organisms.

570. **Seminar in Developmental Biology (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research in developmental biology of cells, tissues, and organ systems in plants, animals, or microbes; independent library research required.

571. **Seminar in Organismal Biology (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research focusing on specific groups of organisms; independent library research required.

572. **Seminar in Ecology (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research in plant, animal, or microbial ecology; independent library research required.

573. **Seminar in Cell Biology (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research in cellular biology; independent library research required.

574. **Seminar in Evolutionary Biology (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research in evolutionary biology; independent library research required.

575. **Seminar in Genetics (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research in plant, animal, or microbial genetics; independent library research required.

576. **Seminar in Physiology (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research in plant, animal, or microbial physiology; independent library research required.

577. **Seminar in Systematics (2).** Prerequisite: Permission of the instructor. Presentation, discussion, and analysis of recently published research in systematic biology; independent library research required.

595. **Research Project (3) (3).** (Grade of Pass or Fail only) Prerequisites: BY 594, completion of at least 20 hours of graduate study in biology, and permission of the instructor. Completion of an acceptable original research paper; non-thesis option only.

596. **Research I (1) (1).** (Grade of Pass or Fail only). Prerequisites: Approval of Application for Thesis Option and permission of the instructor. Original field and/or laboratory research in the biological sciences; thesis option only.

599. **Thesis (3) (3).** (Grade of Pass or Fail only) Prerequisite: Approval of Application for Thesis Option. See “Thesis Options and Procedures” on page 43 of this Bulletin.
MARINE ENVIRONMENTAL SCIENCES CONSORTIUM

Graduate students may take marine biology courses for credit toward the MS with a major in biology and supporting courses for the MA with a major in liberal studies. For students majoring in secondary education with a teaching field in biology or general science, supporting courses are offered for the MS.Ed. and the Ed.S. degrees.

These courses are offered only at the Dauphin Island Sea Lab (Dauphin Island, Alabama) which is sponsored by the Marine Environmental Sciences Consortium (MESC). The Consortium is composed of 23 Alabama colleges and universities. Special laboratory fees, tuition, and frequency of courses are determined by the Sea Lab staff. Information concerning number of class periods and laboratories, application, and registration may be obtained from the Marine Biology advisor, Room 242 Martin Hall, in the Biology Department at JSU.

MARINE BIOLOGY COURSES
Prefix MBY

410G. Marine Fisheries Science (4). Prerequisite: Graduate standing in biology. In-depth study of the principles and methods of fishery biology and their application to conservation; lecture and laboratories.

411G. Marine Ecology (4). Prerequisites: Graduate standing in biology; marine invertebrate zoology or marine biology (one semester of physics recommended). Bioenergetics, community structure, population dynamics, predation, competition, and speciation in marine ecosystems will be studied; lecture and laboratory work will be included, although considerable time will be spent in field work; individual species will be studied as they relate to ecological principles which they exemplify, thus providing both a taxonomic and ecologic background.

412G. Coastal Ornithology (4). Prerequisite: Graduate standing in biology. Study of coastal and pelagic birds with emphasis on ecology, taxonomy, and distribution; identification, population dynamics, and behavior of coastal birds; lecture, laboratory, and overnight trips to offshore islands.

415G. Marine Botany (4). Prerequisite: Graduate standing in biology. General study of coastal and marine flora with emphasis on taxonomy, morphology, physiology, ecology, and distribution; community structure in various ecosystems will be studied; students will have an opportunity to examine pelagic, marshland, estuarine, beach, sand dune, and inlet niches.

417G. Estuarine Science (4). Survey of estuarine ecosystems with particular emphasis on the interactions between physical, geological, chemical, and biological processes; lecture, laboratory, and field trips.

420G. Coral Reef Ecology (4). Examines the ecology and evolution of coral reef communities, seagrass beds, and mangrove swamps with exploration of such issues as the degradation of reef-building corals and sea urchins, over-fishing and pollution. Students will participate in lectures and field exercises in the vicinity of Dauphin Island, and will take a one-week field trip to Andros Island, Bahamas.
421G. **Special Topics: Marine Conservation Biology (4).** Intended to develop a student’s understanding of conservation biology by building upon the foundations of ecology; lectures and field exercises; requires students to develop a topical term paper and give a presentation.

423G. **Marsh Ecology (4).** Prerequisite: Graduate standing in biology. Study of floral and faunal elements of various marine marsh communities; interaction of physical and biological factors will be emphasized; structured to provide field experience in addition to lecture material; trips will be scheduled to acquaint students with regional examples of marsh types.

427G. **Marine Technical Methods I (2).** Prerequisite: Graduate standing in biology. Introduction to instruments and procedures normally utilized aboard a marine research vessel; includes physical, biological, chemical, and geological parameter measurements and sample collections; basic positioning and communication procedures included.

428G. **Marine Technical Methods II (2).** Prerequisite: Graduate standing in biology. Introduction to the laboratory methodology associated with the usual chemical parameters of nutrient analysis; laboratory approach will be pursued; shipboard and other specific skills will be developed.

460G. **Dolphins and Whales (2).** Designed to enable students to make rapid, accurate, and thoughtful use of a customized reference file and laboratory and field notes to respond to questions about the classification, anatomy, and ecology of marine mammals; lecture and laboratory.

461G. **Marine Behavioral Ecology (4).** Examines how animal behavior is influenced by and interacts with its environment, and the ecological and evolutionary significance of these behaviors in a marine setting; lectures, laboratory, and field exercises (some overnight).

462G. **Marine Protozoology (3).** Study of the major groups of protists from a variety of marine habitats including their taxonomy, structure, ecology, methods of identification; lectures, laboratory, and field trips.

463G. **Marine Fish Diseases (3).** Introduction to marine animal diseases, specifically finfish and shellfish; practical microbiological techniques for isolation and identification of diseases; lecture, laboratory, and field trips.

464G. **Introduction to Neurobiology (5).** Introduction to the neuroanatomy and neurophysiology of marine invertebrates and vertebrates; Neuroism computer package used to help illustrate the basic principles and to allow a detailed exploration of neurophysiology and neural networks; lecture and laboratory.

486G. **Marine Vertebrate Zoology (4).** Prerequisite: Graduate standing in biology. Study of marine fish, reptiles, and mammals, with a comprehensive treatment of their systematics, zoogeography, and ecology; lectures will encompass subject matter on a non-regional basis; field and laboratory work will stress the vertebrate fauna of the northern Gulf of Mexico; students will have the opportunity to assemble a collection of vertebrate species.

487G. **Marine Invertebrate Zoology (4).** Prerequisite: Graduate standing in biology. Examination of the systematics, ecology, physiology, and phylogenetic relationships of locally occurring marine invertebrate taxa; lecture, laboratory, and field work required; students have an opportunity to acquire collections of local fauna.

501. **Field Marine Science - Florida (2).** Prerequisite: MBY 309. This course will consist of a 10-day field exercise in representative tropical sites in the southeastern Gulf of Mexico. Lecture, field exercises, research exercises.
502. **Field Marine Science - Maine (2).** Prerequisite: MBY 309. Consists of a 12-day field exercise in coastal Maine with emphasis on rocky intertidal, kelp bed and eelgrass habitats; lecture, field exercises, research exercises.

505. **Fisheries Techniques (3).** Prerequisite: An ichthyology course or MBY 486 or an introductory course in fisheries; introductory statistics recommended. Detailed, semi-quantitative to current biological and technological methodologies for studying fishes and aquatic habitats, with an emphasis on study design and integration across sub-disciples.

515. **Marine Resource Management (2).** Designed to acquaint students to the management of marine resources, development of legislation, evolution of policy, legal processes, and impacts on human resources; lecture and discussion sessions.

530. **Marine Microbial Ecology (3).** General survey of the types of microorganisms found in the marine environment; emphasis will be on the interaction of microorganisms with each other and with their environment; lecture and discussion sessions.

540. **Marine Biology for Teachers (6).** Prerequisites: One year of general biology and graduate standing in biology. General survey of marine plants, invertebrates, and vertebrates, the communities they form and the physical and chemical factors which influence their lives; second component will cover materials and methods of instruction on marine topics.

542. **Marine Plankton (3).** Prerequisite: MBY 566. Familiarizes students with the taxonomic breadth of phytoplankton, bacterioplankton, and zooplankton in estuaries, coastal seas, and open oceans; lecture and discussion sessions.

554. **Marine Biogeography and Paleobiology (3).** Prerequisite: BY 332 or MBY 411. Broad overview of the time course of evolutionary changes in the structure and function of marine ecosystems, and will consider the interacting roles of both historical and current factors as they influence the distribution and abundance of marine organisms; lecture and discussion sessions.

555. **Marine Biogeochemical Processes (2).** Prerequisites: Graduate standing in biology and a background that includes inorganic and organic chemistry, geology, marine ecology or oceanography. Interaction between biological, chemical, and geological processes in the marine environment; examination of the cycling of major elements, how these cycles differ between different marine ecosystems and how these processes serve to regulate ecosystem functioning.

558. **Advanced Marine Ecology (2).** Prerequisites: BY 332 and MBY 411. Study of the understanding of ecological processes with an emphasis on the mechanisms that control the distribution of plants and animals at scales ranging from the individual to the ecosystem; lecture and discussion sessions.

559. **Benthic Ecology (2).** Prerequisite: BY 332 or MBY 411G. Evolutionary history and the ecology of marine benthic communities from the earliest fossils to the present; topics include predation, competition, adult/larval interactions, dispersal mechanisms, productivity, materials cycling, and the relative importance of grazing and detritus in different ecosystems.
564. **Marine Zoogeography (4).** Prerequisite: 12 semester hours of biology. Study of physical, chemical, and biological factors influencing distribution of marine organisms; importance of continents; open oceans, and species competition on animal distribution; special attention to zoogeographical patterns in the Gulf of Mexico, western North Atlantic, and Caribbean regions.

566. **Biological Oceanography (3).** Focuses on patterns and processes that are of consequence to the interaction of organisms and the sea and encompasses both pelagic and benthic environments; lecture, laboratory, and discussions.

567. **Fisheries Oceanography (2).** Examination of the relationships between fish and life history, recruitment dynamics and harvest potential, and local-, meso-, and global-scale oceanographic processes; lecture and discussion sessions.

572. **Coastal Ecosystems Dynamics (2).** Prerequisite: MBY 566 recommended. Investigation of the basic principles of ecosystem structure and function; course divided into two parts: an instructional phase of learning basics of ecosystem modeling, and a student-led investigation of the structure and function of a variety of coastal ecosystems.

591. **Directed Research (2).** Prerequisites: Special arrangement and permission of the instructor. Research in any subject areas of marine science currently offered at the Sea Lab.
BUSINESS ADMINISTRATION

The College of Commerce and Business Administration (CCBA) offers courses leading to the Master of Business Administration (MBA). It also offers an area of concentration in business administration within the Master of Public Administration (MPA) degree program (please refer to the Public Administration section of this Bulletin for admission and program requirements for the MPA program).

The College is accredited by AACSB International - Association to Advance Collegiate Schools of Business.

The mission of the CCBA is to educate undergraduate and graduate students for successful managerial careers in a dynamic global environment, to be productive and ethical citizens, and to be prepared for advanced studies.

Research opportunities are available to graduate students under the supervision of the College’s faculty members. Real-world case studies are available through the College’s Small Business Development Center and internships enable students to acquire on-the-job work experience.

APPLICATION MATERIALS REQUIRED FOR THE MBA DEGREE

Applicants for the MBA may be permitted to enroll in one semester of course work, with approval of the MBA Director, while completing all general application requirements.

Applicants for the MBA must submit the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. A letter of application setting forth career goals
4. A professional resume including education, employment, and community activity involvement
5. Official transcript(s) from all postsecondary institutions attended (Students who have previously attended JSU do not need to request a transcript from the University.)
6. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work and citing potential professional leadership ability. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_forms.pdf.
7. Official test scores on the GMAT. The GMAT must be taken within the five year time frame immediately preceding enrollment. Note: A minimum acceptable GMAT score of 400 is required (in addition to the current formula score).

Information regarding application for this test may be obtained by contacting the organization below:

Graduate Management Admission Test
Educational Testing Service
P.O. Box 6103
Princeton, NJ 08541-6103
Telephone: 1-800-GMAT-NOW or 609-771-7330
Website: www.mba.com
Email: gmat@ets.org

8. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

Students entering graduate courses must have a working knowledge of Microsoft Office, to include: Word, Excel, and PowerPoint.

Transfer Credit

Transfer credits are accepted from AACSB International accredited schools only.

No transfer credit(s) will be accepted once students are enrolled in the MBA program, except in cases of extreme hardship to be determined by the MBA Director and the Dean of the College of Graduate Studies.

ADMISSION REQUIREMENTS FOR THE MBA DEGREE

As a requirement for admission, a minimum acceptable GMAT score of 400 is required. This is in addition to the current formula score. Students receiving undergraduate degrees from institutions not accredited by a United States regional accrediting association must meet unconditional admission requirements. The GMAT must be taken within five years of enrollment.

Applicants must meet one of the following admission formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional Admission

To obtain unconditional admission into the MBA program, students must meet one of the following formula requirements:

200 times the undergraduate GPA on the initial under-graduate degree plus the GMAT score is equal to or greater than a total of 950 points.
As a requirement for admission, a minimum acceptable GMAT score of 400 is required. This is in addition to the current formula score.

OR

200 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus the GMAT score is equal to or greater than a total of 1000 points.

As a requirement for admission, a minimum acceptable GMAT score of 400 is required. This is in addition to the current formula score.

Conditional Admission

Any applicant failing to meet the requirements for unconditional admission, as defined above, may be considered for conditional admission if the student meets one of the following formula requirements: (Note: International students must meet the requirements for unconditional admission; international students are not eligible for conditional admission.)

200 times the GPA on the initial undergraduate degree plus the GMAT score is equal to or greater than a total of 850 points;

OR

200 times the GPA on the last 64 hours attempted toward the completion of the initial undergraduate degree plus the GMAT score is equal to or greater than a total of 900 points.

Students who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within the time frame specified by the CCBA Graduate Committee and indicated in writing to the student. Failure to comply will result in the students being dropped from the program.

All applications will be reviewed by a Graduate Committee composed of members of the graduate faculty within the College of Commerce and Business Administration and the MBA Director. The Graduate Committee will submit to the Dean of the College of Graduate Studies its recommendation on the conditional admission of each applicant. The Dean of the College of Graduate Studies, in conjunction with the MBA Director, will make the final decision on the conditional admission of the student.

MINIMUM REQUIREMENTS FOR THE MBA DEGREE

The MBA program consists of 30 semester hours of graduate business courses for the general program or 33 semester hours of graduate business courses for the accounting concentration, plus 24 semester hours of foundation courses for a total of 54 semester hours for the general program and 57 semester hours for the accounting concentration. A comprehensive examination is required of all candidates.
Foundation Courses:

Credit for foundation course work may be given for courses already completed as part of a baccalaureate degree. Students without adequate undergraduate preparation are required to complete the 24 semester hours of foundation business and economics courses listed below. The MBA Director will evaluate each student’s undergraduate course work to determine which foundation courses are required prior to the student taking MBA courses. The graduate GPA is computed on all graduate hours attempted. Although grades achieved on undergraduate foundation courses will not be included in the computation of the graduate GPA, a student must earn a grade of B or above in each of these specified, required courses if they are taken after the completion of the baccalaureate degree.

Students who have adequate undergraduate preparation or who have satisfied the foundation requirements may enroll in MBA courses, given that all individual course prerequisites are met. Students without adequate preparation will only be allowed to take courses in fields of study in which the prerequisite course work has been completed.

Individuals who do not have a baccalaureate degree in a business field, but who have at least three years of prior mid-level management experience in an approved managerial position(s) may request that a portion of the foundation course work be waived. Students must document their managerial experience(s) and approval must be granted by the graduate committee of the CCBA. Students in this category must complete a total of 18 hours of the foundation course work, including BA 500, EC 222, ACC 200, and FIN 301. The remaining six hours to be taken will be based on an evaluation by the MBA Director. For more information, contact the MBA Director, 110 Merrill Hall, phone 256-782-5778.

After completion of foundation course work, students may select either the general MBA or the MBA with an accounting concentration. The general MBA program is a total of 30 semester hours; the MBA with an accounting concentration is a total of 33 semester hours.

NOTE: Only nine (9) graduate semester hours of course work taken, prior to being fully admitted into the MBA program, may be counted toward the degree.
MASTER OF BUSINESS ADMINISTRATION

30 Graduate Semester Hours Required for this MBA Program
ACCOUNTING COURSES
Prefix ACC

(Students who select the accounting concentration may be required to take additional undergraduate accounting courses to satisfy specific course prerequisites.)

476G. Advanced Income Tax Accounting (3). Prerequisite: ACC 372. Advanced federal income tax topics including property transactions and international taxation issues. The course also focuses on the taxation of corporations, S corporations, and partnerships. Limited coverage is provided on the taxation of trusts and estates as well as the alternative minimum tax. Understanding the implementation of the current regulations as well as tax planning strategies are discussed. (Fall.)

490G. Advanced Auditing (3). Prerequisite: ACC 477. The practical application of auditing concepts and standards. An understanding of auditing principles is reinforced and explained by exposure to problems and cases. (Spring.)

497G. Seminar in Accounting (3). Prerequisites: ACC 512 and ACC 490G. Examines critical accounting topics through intensive review of current literature and pronouncements. Assesses student’s ability to effectively communicate accounting information.

512. Accounting Information Analysis (3). Prerequisite: ACC 200 or equivalent. Analysis and use of accounting data as a tool for managerial decision making; analysis of financial reporting, cost behavior, budgeting, and decision making.

589. Internship in Accounting (3). Prerequisites: Permission of the instructor and approval of the MBA Director. (Grade of Pass or Fail only.) Provides the graduate student with practical experience in the field of accounting via a “real-world” work experience arrangement with an accounting firm.

598. Independent Research (3). Prerequisite: Completion of 18 semester hours of graduate courses including a three semester hour quantitative course. Permission of the instructor and approval of the MBA Director. In-depth study of selected topic(s).

BUSINESS ADMINISTRATION COURSES
Prefix BA

500. Statistics and Quantitative Methods (3). Quantitative methods and statistics as applied to business and economics; topics include optimization, descriptive statistics, probability theory, sampling and statistical inference, hypothesis testing, regression and correlation analysis, and analysis of variance.

501. Organizational Communication (3). Focuses on prevalent communication skills in complex organizations; students participate in a variety of communication-related activities including questionnaire design, developing presentation materials, presentational speaking, and researching and writing an effective business report; topics include organizational communication, nonverbal communication, and communication technology.
545. **Quantitative Methods for Business Decision Making (3).** Prerequisite: BA 500 or equivalent. May not be taken for credit if student has completed BA 540. Focuses on quantitative decision-making methodology for contemporary business managers, including such topics as decision-making under certainty, linear programming, queuing models, simulation, inventory modes, PERT, and decision support system.

587. **Business Policy & Strategy (3).** Prerequisites: at least 18 hours of MBA course work including ACC 512, FIN 515, and MKT 513. Prerequisite or corequisite: EC 515. Integrative study of strategic decision-making and policy formulation; extensive reading and case analysis. BA 587 must be taken at JSU.

590. **International Business (3).** Provides an integrated treatment of theory and applications relative to international business and the U.S. Includes the impact of cultural, legal, and environmental issues on business; understanding foreign exchange markets, foreign direct investment, and entry modes into developing markets; and analyzes international markets as prospective locations. Presents the world from diverse perspectives, including those of small and midsize international companies and developing country multinationals. Investigates motives and needs of global competitors, customers, and partners.

**ECONOMICS COURSES**

**Prefix EC**

485G. **Field Experiences (3).** Field trip to New York City to study important New York business and economic sites, such as the New York Stock Exchange, the Federal Reserve, the Fulton Fish Market, a large international bank, an advertising agency, a bond advisory company, and other tours relevant to economics. Summer only.

515. **Managerial Economics (3).** Prerequisite: EC 222. Advanced study of microeconomic principles, with analysis applied to actual business management situations.

589. **Internship in Economics (3).** (Grade of Pass or Fail only.) Prerequisites: Permission of the instructor and approval of the MBA Director. Provides the graduate student with practical experience in the field of economics via a “real-world” work experience arrangement.

598. **Independent Research (3).** Prerequisite: Completion of 18 semester hours of graduate courses including a three-semester hour quantitative course. Permission of the instructor and approval of the MBA Director. In-depth study of selected topic(s).

**FINANCE COURSES**

**Prefix FIN**

474G. **Investments (3).** Prerequisite: FIN 301 or equivalent. Investment principles and practices; emphasis on security analysis, portfolio management, and the individual investor.

515. **Financial Management (3).** Prerequisite: FIN 301. Study of financial decision concepts for maximizing value of the firm involving the financing, investment, and dividend decisions.
589. Internship in Finance (3). (Grade of Pass or Fail only.) Prerequisites: Permission of the instructor and approval of the MBA Director. Provides the graduate student with practical experience in the field of finance via a “real-world” work experience arrangement.

590. International Finance (3). Prerequisite: FIN 515 or equivalent. Integrated treatment of theory and application relative to U.S. and international financial activities including financial institutions, trade agreements, economic policies, investment action, and multinational enterprise.

598. Independent Research (3). Prerequisites: Completion of 18 semester hours of graduate courses including a three-semester hour quantitative course. Permission of the instructor and approval of the MBA Director. In-depth study of selected topic(s).

**MANAGEMENT COURSES**

Prefix MGT

504. Business Organization and Administration (3). Accelerated course in management concepts, functions, and practices; consideration of structural and behavioral aspects of organization and management.

522. Human Resources Seminar (3). Prerequisite: MGT 504 or the equivalent. Industrial personnel and manpower management including personnel selection and placement, manpower planning, development and appraisal, and the role of human resource management.

530. Contemporary Issues in Management (3). Prerequisite: MGT 504 or the equivalent. Investigation of current literature and practices in the field of management. A seminar course that includes lecture, discussion, and supervised student research into assigned topics.

537. Business Leadership (3). Focuses on leadership as a strategic tool as well as an individual competence; i.e. what leadership means, is, and does. Examines critical strategic functions encountered at both the organizational and individual levels. May not be taken for credit if student has completed MGT 535.

589. Internship in Management (3). (Grade of Pass or Fail only.) Prerequisites: Permission of the instructor and approval of the MBA Director. Provides the graduate student with practical experience in the field of management via a “real-world” work experience arrangement.

598. Independent Research (3). Prerequisite: Completion of 18 semester hours of graduate courses including a three-semester hour quantitative course. In-depth study of selected topic(s). Permission of the instructor and approval of the MBA Director.

**MARKETING COURSES**

Prefix MKT

513. Marketing Administration (3). Prerequisite: MKT 301 or equivalent. Executive level analysis of marketing strategies involved in market segmentation, pricing, promotion, product development, and distribution channels.
530. **Contemporary Issues in Marketing (3).** Prerequisite: MKT 513. Investigation of current literature, problems, and changes/opportunities taking place in the field of marketing; seminar course that includes lecture, discussion, and supervised student research into assigned topics.

589. **Internship in Marketing (3).** (Grade of Pass or Fail only.) Prerequisites: Permission of the instructor and approval of the MBA Director. Provides the graduate student with practical experience in the field of marketing via a “real-world” work experience arrangement.

590. **International Marketing (3).** Prerequisite: MKT 513. Impact of cultural differences on target markets and marketing strategy examination; trade barriers and methods of entry considered; course depends heavily on case writing and presentation.

598. **Independent Research (3).** Prerequisites: Completion of 18 semester hours of graduate courses including a three-semester hour quantitative course. Permission of the instructor and approval of the MBA Director. In-depth study of selected topic(s).
CHEMISTRY

The Department of Physical and Earth Sciences offers supporting courses for the MA with a major in liberal studies. For students majoring in secondary education with a teaching field in general science, supporting courses are offered for the MS.Ed. and Ed.S. degrees. A graduate program is not offered in chemistry.

CHEMISTRY COURSES
Prefix CY

430G. Environmental Chemistry (5). Prerequisites: CY 232 and 321. Introductions to water, air, and soil quality and their measurements; problems, regulations, treatment, and ultimate disposal of hazardous and toxic waste materials; spill clean-up, groundwater transport, land disposal, incineration and treatment technologies discussed.

450G Neurochemistry (3). Prerequisite: CY 362. Study of cellular elements of the nervous system, principals of signaling, and critical neurophysiological processes.

471G. Toxicological Chemistry (3). Prerequisite: CY 232. Study of the principles of toxicology including identification of, characterization of, and risk from environmental exposures to toxic substances.

500. Chemistry for Teachers (3)(3)(3). Designed for teachers, this course will reinforce and extend basic concepts in chemistry covered in the Science Course of Study. (May be used in the general science teaching field with a major in secondary education.) May be repeated up to three times.
COMPUTER SYSTEMS AND SOFTWARE DESIGN

The Department of Mathematical, Computing and Information Sciences offers the Master of Science (MS) with a major in computer systems and software design with five concentrations.

APPLICATION MATERIALS REQUIRED FOR THE MS WITH A MAJOR IN COMPUTER SYSTEMS AND SOFTWARE DESIGN

Applicants for the MS with a major in computer systems and software design may be permitted to enroll for one semester of graduate course work, with the permission of the graduate coordinator of the program, while completing all general application requirements.

Applicants for the MS with a major in computer systems and software design must submit the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. Official tests scores on the GMAT or the General Test of the GRE (please refer to page 16 of this Bulletin). The GRE or GMAT must have been taken within five years of enrollment.
5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.
6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE MS WITH A MAJOR IN COMPUTER SYSTEMS AND SOFTWARE DESIGN

In addition to meeting the general admission requirements of the College of Graduate Studies, applicants for the MS with a major in computer systems and software design must have the equivalent of an undergraduate degree with a major in computer science, software engineering, or information systems as determined by the graduate computer science faculty. Applicants with degrees in related fields with three to five years experience in systems and software design may be considered. These applicants should have the equivalent of a minor in computer
science including courses equivalent to Software Engineering I (CS 310), Software Engineering II (CS 491), Operating Systems (CS 350), Database Systems (CS 488), either Calculus and Its Applications (MS 120) or Calculus I (MS 125), and demonstrated proficiency in a procedural or object-oriented programming language. Applicants who are deficient in these areas may be required to take additional courses at the graduate and/or undergraduate levels.

Students receiving undergraduate degrees from institutions not accredited by a United States regional accrediting association must meet unconditional admission requirements.

Applicants must meet one of the following formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

**Unconditional Admission**

200 times the undergraduate GPA on the initial undergraduate degree plus the GMAT score is equal to or greater than a total of 950 points;

OR

450 times the undergraduate GPA on the initial undergraduate degree plus the total score of verbal and quantitative measures of the General Test of the GRE is equal to or greater than a total of 2100 points;

OR

200 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus the GMAT score is equal to or greater than a total of 1000 points;

OR

450 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus the total score of verbal and quantitative measures of the General Test of the GRE is equal to or greater than a total of 2450 points.

**Conditional Admission**

Any applicant failing to meet the requirements for unconditional admission, as defined above, will receive a letter to that effect from the Dean of the College of Graduate Studies. Under exceptional circumstances, consideration for conditional admission may be given to a student meeting one of the following formula requirements:

200 times the GPA on the initial undergraduate degree plus the GMAT score is equal to or greater than a total of 850 points;

OR
450 times the undergraduate GPA on the initial undergraduate degree plus the
total score of verbal and quantitative measures of the General Test of the GRE is
equal to or greater than a total of 1700 points;

OR

200 times the GPA on the last 64 hours attempted toward completion of the
initial undergraduate degree plus the GMAT score is equal to or greater than a
total of 900 points;

OR

450 times the undergraduate GPA on the last 64 hours attempted toward
completion of the initial undergraduate degree plus the total score of verbal and
quantitative measures of the General Test of the GRE is equal to or greater than a
total of 1850 points.

Applicants who are granted conditional admission must achieve a GPA of at
least 3.0 on the first 12 graduate hours attempted within the time frame
specified by the graduate faculty and indicated in writing to the student.
Failure to comply will result in the students being dropped from the
program.

All applications will be reviewed by the graduate faculty in the program. The
faculty will submit to the Dean of the College of Graduate Studies its
recommendation on the conditional admission of each applicant. The Dean of the
College of Graduate Studies will make the final decision on the conditional
admission of the student.

**MINIMUM REQUIREMENTS FOR THE MS WITH A
MAJOR IN COMPUTER SYSTEMS AND SOFTWARE DESIGN**

A total of 30 semester hours in graduate computer science courses is required.
There will be a core of 15 graduate semester hours required for all concentrations.
In addition to the core, students are required to take a concentration-specific Studio
Component consisting of six semester hours. The remaining nine semester hours
would consist of a concentration-specific course and/or electives per the
requirements for each concentration.

Students accepted into the MS with a major in computer systems and software
design must complete a six-hour studio component. The student must meet with a
graduate advisor who will select an Advisory Committee to supervise the studio
component of the program. The advisor and committee are responsible for
determining successful completion of the studio component of the program.

Students must select and complete the requirements for one of the following five
concentrations:

**General Concentration (30 graduate semester hours):**
Required Core Courses (as listed) (15)
Electives (select three courses from the electives listed) (9)
Studio Component (as listed) (6)
High Performance and Scientific Computing Concentration (30 graduate semester hours):
Required Core Courses (as listed) (15)
CS 553, Simulation, Modeling and Forecasting (3)
Electives (select two additional courses from the electives listed) (6)
Studio Component (must be a topic in High Performance and Scientific Computing) (6)

Information Security and Assurance Concentration (30 graduate semester hours):
Required Core Courses (as listed) (15)
CS 545, Advanced Computer Networking (3)
Electives (select two additional courses from the electives listed) (6)
Studio Component (must be a topic in Information Security and Assurance) (6)

Visualization and Image Processing Concentration (30 graduate semester hours):
Required Core Courses (as listed) (15)
CS 530, Human-Computer Interaction (3)
Electives (select two additional courses from the electives listed) (6)
Studio Component (must be a topic in Visualization and Image Processing) (6)

Web Technologies and Development Concentration (30 graduate semester hours):
Required Core Courses (as listed) (15)
CS 525, Advanced Web Application Development Using Web Services (3)
Electives (select two additional courses from the electives listed) (6)
Studio Component (must be a topic in Web Technologies and Development) (6)

30 Graduate Semester Hours Required for this Degree

**COMPUTER SCIENCE COURSES**
Prefix CS

501. **Database Management Systems (3).** Prerequisite: A programming language. Information as corporate resource, data modeling, database design, implementation strategies and administration; security, information centers, decision support systems, mini- and microcomputer environment; teams of students will design and implement a relational database application.

510. **Introduction to Computing (3).** Includes fundamental computer science concepts, computer programming, software engineering, data structures, and algorithms. (For graduate students with limited computer science backgrounds who wish to major in computer systems and software design; cannot be used for Master’s degree credit.)
514. **Introduction to Computer Systems (3).** Prerequisite: Permission of the instructor. Study of operating systems, networks, and computer architecture; advanced systems programming using an object-oriented programming language. (For graduate students with limited computer science backgrounds who wish to major in computer systems and software design; cannot be used for Master’s degree credit.)

521. **Applied Software Engineering I (3).** Prerequisite: Comprehensive undergraduate course in software engineering or industrial software engineering experience with a large project. Focuses specifically on methods that guide software engineers from requirements to code; provides broad understanding of current methods, and specific skills in using these methods.

523. **Applied Software Engineering II (3).** Prerequisite: CS 521. Provides knowledge and skills necessary to lead a project team, understand the relationship of software development to overall product engineering, and understand the software process.

525. **Advanced Web Application Development Using Web Services (3).** Prerequisite: Undergraduate software engineering course equivalent. Utilization of various technologies and tools for developing Web applications using Web Services, emphasizing organizational issues, challenges, and security concerns related to the effective deployment of those applications. Students will evaluate real-world applications of Web services as well as the unique decision-making framework involved with their adoption while employing those lessons learned in practical solutions.

530. **Human-Computer Interaction (3).** Prerequisite: Comprehensive undergraduate course in software engineering or industrial software engineering experience with a large project. Human-computer interface, human performance, diversity, and mental models, interaction devices, dialog and interface styles, documentation, and usability testing.

534. **Emerging Software Architectures and Methodologies (3).** Prerequisite: Comprehensive undergraduate course in software engineering or industrial software engineering experience with a large project. Explores emerging technologies and contemporary development methodologies for large scale software systems; difficulties and benefits of software by component composition, component reuse and software architectures.

543. **Advanced Expert Systems (3).** Prerequisite: Experience with a procedural or object-oriented programming language. This course provides an in-depth study of expert knowledge-based problem-solving systems. Students perform a classification and comparison of selected systems by analyzing the architecture, knowledge, and problem-solving style. Students evaluate the contributions of each to the understanding of problem domains for expert systems.

544. **Applied Artificial Intelligence (3).** Prerequisite: Undergraduate artificial intelligence course or equivalent. Survey of artificial intelligence emphasizing applications in business, industrial, and scientific system development; autonomous agents, data mining, pattern recognition, and machine vision.
545. Advanced Computer Networking (3). Prerequisite: Undergraduate operating system course or equivalent. A study of advanced topics in computer networks with emphasis on wireless communications. Fundamentals of cellular communications, CDMA systems, wireless security, Wireless Application Protocols (WAP), Bluetooth, and new wireless technologies are also covered.

550. Distributed Computing Systems (3). Prerequisite: Undergraduate course in computer networking or equivalent. Design and analysis of distributed computing systems; system architecture; load balancing and scheduling; remote procedure calls and message passing; distributed operating systems and database systems.

553. Simulation, Modeling, and Forecasting (3). Prerequisite: CS 521. Deterministic and stochastic models are studied; simulation techniques, languages, and programming packages used to implement simulation models; virtual reality simulations.

565. Embedded and Real-Time Software Development (3). Prerequisite: CS 521. In-depth study of requirements or real-time and embedded software; examination of operating systems, languages, and devices that support these systems; real-time multimedia applications emphasized.

570. Advanced Computer Security (3). Prerequisite: Undergraduate operating system course or equivalent. Study of advanced network security architectures, models, benchmarks and metrics, cryptography, authentication and authorization protocols, secure application and systems development, federal regulations and compliance, and advanced security topics on intrusion detection, biometrics, web services, and data mining. Emphasis is on security professional certification.

591, 592. Special Topics in Computer Science (3) (3). Prerequisites: Permission of the advisor and approval of the department head. Selected topics from current problems in computing; topics vary from semester to semester. May be taken twice for credit.

595, 596. Studio Component (3) (3). Prerequisites: Permission of the advisor and approval of department head. Provides students with a laboratory for direct application of concepts learned in course work; students will produce a variety of software products.
CRIMINAL JUSTICE

The Criminal Justice Department offers courses leading to the Master of Science (MS) with a major in criminal justice and supporting courses for the MA with a major in liberal studies. The department also offers an area of concentration in criminal justice within the MPA degree program (please refer to the Public Administration section of this Bulletin for application materials required, admission and program requirements).

APPLICATION MATERIALS REQUIRED FOR THE MS WITH A MAJOR IN CRIMINAL JUSTICE

Applicants for the MS with a major in criminal justice will be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the MS with a major in criminal justice must submit the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).
5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_forms.pdf.
6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE MS WITH A MAJOR IN CRIMINAL JUSTICE

Applicants who meet the general admission requirements of the College of Graduate Studies are eligible for admission to the MS with a major in criminal justice program. A particular undergraduate major is not specified for admission to this program.
Applicants must meet one of the following formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (−) grades from undergraduate transcripts are not used in calculating the GPA.

**Unconditional Admission**

450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 60 points;

**Conditional Admission**

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.

**MINIMUM REQUIREMENTS FOR THE MS WITH A MAJOR IN CRIMINAL JUSTICE**

**Non-Thesis Option:**

Total of 30 graduate semester hours. The student must complete 24 hours in criminal justice courses, including 15 hours in required criminal justice courses and 9 hours of criminal justice electives. The remaining 6 hours may be in criminal justice or in a related field approved in advance by the head of the Criminal Justice Department.

**Thesis Option:**

Total of 30 graduate semester hours. The student must complete 24 hours in criminal justice courses, including 15 hours in required criminal justice courses, 6 hours of thesis, and a 3 hour criminal justice elective. The remaining 6 hours may be in criminal justice or in a related field approved in advance by the head of the Criminal Justice Department. See “Thesis Options and Procedures” on page 43 of this Bulletin.

Notes:

a Master of Science degree with a major in counselor education and a concentration in school counseling.

b Master of Arts degree with a major in music and a concentration in music education.

The College also offers courses leading to the Master of Science (MS) with a major in counselor education. Two concentrations are offered within the counselor education major: community agency counseling and school counseling. A student seeking fifth-year Alabama Class A teacher certification must select the concentration in school counseling. The concentration in community agency counseling does not lead to teacher certification.

The College offers the Alternative Fifth-Year Teacher Certification Program for students who completed bachelor’s degrees from regionally accredited institutions in a field other than teacher education or for initial certification in a second teaching field. Completion of the alternative fifth-year program leads to the MS.Ed. and recommendation for fifth-year Alabama Class A teacher certification. Eligible teaching fields and admission requirements for the alternative fifth-year program can be found in the Alternative Fifth-Year Teacher Certification section of this Bulletin.

All teacher education programs are approved by the State of Alabama Board of Education. The College of Education and Professional Studies at Jacksonville State University is accredited by the National Council for Accreditation of Teacher Education (NCATE), 2010 Massachusetts Avenue NW, Suite 500, Washington, D.C. 20036, phone: (202) 466-7496. Accreditation includes the initial teacher preparation and advanced levels of professional education programs offered at JSU. Teacher education programs may be altered to meet changes in federal and Alabama State Department of Education regulations.

The faculty of the College of Education and Professional Studies adopted “The Developing Education Professional as Creative Decision-Maker” as its model, or metaphor, for teacher preparation programs. Teachers must prepare to take on the challenge of the decision-making process knowing that their educational advancement and consequently that of the students they serve, requires a personal commitment to lifelong learning. The various programs prepare teachers who enter the field armed with knowledge gleaned from both its rich history and its state-of-the-art scholarship.

The deadline for application to most programs in the College of Education and Professional Studies will be on or before the first day of classes for any given semester, unless otherwise specified in this Bulletin. First time enrollees for programs with an application deadline of the first day of classes for any given semester must seek immediate advisement to register for classes. For all programs in counselor education, instructional leadership, and library media, the deadline dates for application will be July 1 for fall admission, November 1 for spring admission and April 1 for summer admission. Please refer to specific program pages in the Education section of this Bulletin.

An Alabama background check is required for admission to any teacher education program.
The Praxis II examination is required prior to any internship for all initial teacher certification programs.

APPLICATION MATERIALS REQUIRED FOR ALL EDUCATIONAL SPECIALIST PROGRAMS

Applicants for an Educational Specialist (Ed.S) program must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission.

The deadline for application to most programs in the College of Education and Professional Studies will be on or before the first day of classes for any given semester, unless otherwise specified in this Bulletin. First time enrollees for programs with an application deadline of the first day of classes for any given semester must seek immediate advisement to register for classes.

Ed.S. programs with deadline dates for all admission requirements to be submitted are: community agency counseling, instructional leadership, and school counseling. Application deadline dates for these programs are: November 1 for spring semester admission, April 1 for summer admission and July 1 for fall semester admission. Applicants in these programs whose application packages are complete will be contacted to schedule an appointment for a writing sample and an interview with faculty members of the counselor education or instructional leadership programs. As part of the interview process, applicants will be asked to submit a writing sample. The admission requirement rubrics for evaluating the interview and writing sample are available online at www.jsu.edu/depart/graduate/forms.html.

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)

4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).

5. Copies of all clear and renewable teaching certificates. (Does not apply to community agency counseling.) ALL certificate(s) must be clear and renewable throughout the program and at graduation.

For students applying to an educational specialist program, the master’s level teaching certificate must be in the same area as the chosen area in the educational specialist program except collaborative teacher/special education. In the collaborative teacher/special education K-6 or 6-12 programs, applicants must possess a master’s level clear and renewable teaching certificate in some area of education.

6. Background check. Any candidate applying for admission to a state-approved teacher education program shall be required to be fingerprinted for a criminal history background check through the Alabama State Department of Education to the Alabama Bureau of Investigation (ABI) and
the Federal Bureau of Investigation (FBI). Applicants should contact Cogent Systems at www.cogentid.com/alabama for directions in completing this process.

7. Professional resume required for the following Ed.S. programs:
   - Community Agency Counseling
   - Instructional Leadership
   - School Counseling

8. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.

9. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE ED.S. DEGREE

The master’s level teaching certificate must be in the same area as the chosen area in the educational specialist program except collaborative teacher/special education (K-6 and 6-12). In the collaborative teacher/special education programs, the student must possess a master’s level clear and renewable teacher certificate in some area of education. Applicants selecting the concentration in community agency counseling must possess a master’s degree in community agency counseling.

Applicants for the Ed.S. in all majors must meet one of the following formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional:

450 times the graduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 2250 points.

OR

15 times the graduate GPA plus the MAT score is equal to or greater than a total of 85 points.

Conditional:

450 times the graduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1800 points (currently reviewed and recommended by the graduate faculty in the applicant’s major and approved by the Dean of the College of Graduate Studies).
OR

15 times the graduate GPA plus the MAT score is equal to or greater than a total of 70 points (currently reviewed and recommended by the graduate faculty in the applicant’s major and approved by the Dean of the College of Graduate Studies).

Applicants who are granted conditional admission must achieve a GPA of at least 3.25 on the first 12 graduate hours attempted. Failure to meet these conditions will result in the student being dropped from Graduate Studies.

MINIMUM REQUIREMENTS FOR THE ED.S. DEGREE

The course requirements and the minimum number of semester hours for each program are provided on each individual program of study sheet in the subsequent sections of this Bulletin.

An overall GPA of 3.25 on a 4.0 scale is required on all course work attempted for the educational specialist degree.

Any course completed for the master’s degree or for master’s level teacher certification may not be repeated or counted for the Ed.S. Graduate courses at the 400 level will not count as credit towards the Ed.S. degree.

CLASS AA TEACHER CERTIFICATION REQUIREMENTS

Teacher education programs are approved by the Alabama State Board of Education and are therefore subject to periodic revision resulting from changes in State certification requirements. Subsequently, modifications in students’ programs may become necessary. Students in all graduate level teacher education programs must schedule their course work each semester with approval of their faculty advisors. Issuance of Alabama teaching certificates is the legal responsibility of the Alabama State Department of Education. Universities cannot issue a professional certificate. To be eligible to apply for certification, a student must complete a program of study at a college or university which has been approved by the State Board of Education to offer a program leading to the desired certificate. When a student completes the program of study, the institution recommends to the State Department of Education that the appropriate certificate be issued.

1. For all fields other than special education, the applicants must possess fifth-year certification in the same area as the chosen concentration in the educational specialist program. Applicants selecting the concentration in collaborative teacher/special education (K-6 or 6-12) must possess fifth-year clear and renewable teacher certification in some area of education.

2. Alabama State Department of Education regulations are subject to change; therefore, it is recommended that students apply for certification upon graduation. Students, during their last semester of course work, are to obtain application forms for certification from the Teacher Service Center, 207 Ramona Wood Hall. The appropriate fees (money order or Cashier’s Check...
made payable to the Alabama State Department of Education), with the student’s credits are forwarded to the State Department of Education by the Teacher Service Center. The University cannot recommend any student for certification who has not satisfied all State and University requirements for admission to and completion of an approved program.

3. Students certified in states other than Alabama who wish to apply for certification in Alabama upon completion of the educational specialist degree must apply for Alabama certification on the undergraduate and master’s levels prior to applying for the educational specialist level certification. Earning an educational specialist degree at JSU does not automatically entitle a student to an Alabama certificate without first holding the appropriate undergraduate and master’s certificates.

4. Recommendation for certification must be made within five years of program completion. Recommendation after five years requires completion of a current program.

APPLICATION MATERIALS REQUIRED
FOR ALL MASTER’S DEGREE EDUCATION PROGRAMS

Applicants for a master’s degree education program must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama, 36265-1602, to be considered for admission.

The deadline for application to most programs in the College of Education and Professional Studies will be on or before the first day of classes for any given semester, unless otherwise specified in this Bulletin. First time enrollees for programs with an application deadline of the first day of classes for any given semester must seek immediate advisement to register for classes.

Master’s programs in education with deadline dates for all admission requirements to be submitted are: community agency counseling, instructional leadership, library media, and school counseling. Application deadline dates for these programs are: November 1 for spring semester admission, April 1 for summer admission and July 1 for fall semester admission. Applicants in these programs whose application packages are complete will be contacted to schedule an appointment for a writing sample and an interview with faculty members of the counselor education, instructional leadership, or library media programs. As part of the interview process, applicants will be asked to submit a writing sample. The admission requirement rubrics for evaluating the interview and writing sample are available online at www.jsu.edu/depart/graduate/forms.html.

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.) Students seeking alternative fifth-year teacher certification must submit two official transcripts from all postsecondary institutions attended. For additional information on the alternative fifth-year teacher certification program, see pages 152-177 of this Bulletin.
4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).
5. Copies of all clear and renewable teaching certificates. (Does not apply to community agency counseling.) ALL certificate(s) should be clear and renewable throughout the program and at graduation.

For students applying to a master’s program in education, the bachelor’s level teaching certificate must be in the same area as the chosen area in the master’s program except the programs listed below. In these programs applicants must possess a clear and renewable certificate in some area of education.

This form is available in the office of the College of Graduate Studies or online at [http://www.jsu.edu/graduate/forms.html](http://www.jsu.edu/graduate/forms.html) or [http://www.jsu.edu/graduate/docs/ref_form.pdf](http://www.jsu.edu/graduate/docs/ref_form.pdf)

15. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR MASTER’S PROGRAMS IN EDUCATION

Applicants for a master’s program in education must meet one of the following formula requirements. For purposes of computing the undergraduate GPA, a 4.0 GPA is used. The plus (+) and the minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional:

450 times the graduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 2100 points.

OR
15 times the graduate GPA plus the MAT score is equal to or greater than a total of 80 points.

**Conditional:**

Any applicant failing to meet the requirements for unconditional admission must meet one of the following conditional formula requirement:

450 times the graduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points (currently reviewed and recommended by the graduate faculty in the applicant’s major and approved by the Dean of the College of Graduate Studies).

**OR**

15 times the graduate GPA plus the MAT score is equal to or greater than a total of 60 points (currently reviewed and recommended by the graduate faculty in the applicant’s major and approved by the Dean of the College of Graduate Studies).

**Applicants who are granted conditional admission must achieve a GPA of at least 3.25 for instructional leadership and 3.0 for all other programs on the first 12 graduate hours attempted. Failure to meet these conditions will result in the student being dropped from Graduate Studies.**

**MINIMUM REQUIREMENTS FOR MASTER’S PROGRAMS IN EDUCATION**

The course requirements and the minimum number of semester hours for each program are provided on each individual program of study sheet in the subsequent sections of this *Bulletin*. A written comprehensive examination is required of all candidates for the master’s degree and fifth-year teacher certification programs. In preparation for the comprehensive examination, candidates should contact their academic advisor.

An overall GPA of 3.0 on a 4.0 scale is required on all course work attempted in all approved teacher education programs at the master’s level except instructional leadership. The major in instructional leadership requires a GPA of 3.25 on a 4.0 scale on all course work for the program. Transfer credit cannot be used to raise the GPA in this major to the required 3.25. Professional education courses cannot be transferred to JSU if taken in another state.

A student majoring in secondary education is required to have an overall minimum GPA of 3.0 on a 4.0 scale and in the teaching field course work. The master’s program in secondary education offers the following teaching fields: biology, English language arts, family and consumer science, general science, history, mathematics, and social science. Transfer credit cannot be used to raise the GPA in the teaching field course work to the required 3.0. At least one-half of the graduate courses taken in the teaching field within the secondary education major must be numbered 500 and no more than three hours in the teaching field may be transferred to JSU.
CLASS A TEACHER CERTIFICATION REQUIREMENTS

Teacher education programs are approved by the Alabama State Board of Education and are therefore subject to periodic revision resulting from changes in State certification requirements. Subsequently, modifications in students’ programs may become necessary. Students in all graduate level teacher education programs must schedule their course work each semester with approval of their faculty advisors. Issuance of Alabama teaching certificates is the legal responsibility of the Alabama State Department of Education. Universities cannot issue a professional certificate. To be eligible to apply for certification, a student must complete an appropriate program of study at a college or university which has been approved by the State Board of Education to offer a program leading to the desired certificate. When a student completes the program of study, the institution recommends to the State Department of Education that the appropriate certificate be issued.

1. Students must hold or meet requirements for a valid baccalaureate level (undergraduate) teaching certificate in the same area of Class A certification they wish to complete at the master’s level. However, the areas of collaborative/special education (K-6), collaborative/special education (6-12), instructional leadership, library media, reading specialist, school counseling, and sport management are exceptions to this requirement.

   Students may complete a master’s in any of these specific areas by holding a valid baccalaureate level teaching certificate in any area of education. To complete a Master of Science in Education (MS.Ed.) in early childhood special education, students must have certification at the baccalaureate level in the areas of early childhood education, elementary education, or any area of special education except gifted-talented.

2. Alabama State Department of Education regulations are subject to change; therefore, it is recommended that students apply for certification upon graduation.

3. Students, during their last semester of course work, are to obtain application forms for certification from the Teacher Service Center, 207 Ramona Wood Hall. The appropriate fees (money order or Cashier’s Check made payable to the Alabama State Department of Education), with the student’s credits are forwarded to the State Department of Education by the Teacher Service Center. The University cannot recommend any student for certification who has not satisfied all State and University requirements for admission to and completion of an approved program.

4. Students certified in states other than Alabama who wish to apply for master’s level certification in Alabama upon completion of the master’s degree must apply for Alabama certification on the undergraduate level prior to applying for the master’s level certification. Students must be eligible for undergraduate certification in the teaching field(s) in which master’s level certification is sought. Earning a master’s degree at JSU does not automatically entitle a student to an Alabama certificate without first holding the appropriate undergraduate certificate.

5. Recommendation for certification must be made within five years of program completion. Recommendation after five years requires completion of a current program.

APPLICATION MATERIALS REQUIRED FOR ALTERNATIVE FIFTH-YEAR TEACHER CERTIFICATION PROGRAMS

Applicants for the alternative fifth-year teacher certification programs must submit the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission. Additional admission criteria can be found in each individual program section:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Two (2) copies of official transcripts from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. Background check. Any candidate applying for admission to a state-approve teacher education program shall be required to be fingerprinted for a criminal history background check through the Alabama State Department of Education to the Alabama Bureau of Investigation (ABI) and the Federal Bureau of Investigation (FBI). Applicants should contact Cogent Systems at www.cogentid.com/alabama for directions in completing this process.
5. Official test scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).
6. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.
7. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).
ADMISSION REQUIREMENTS FOR THE ALTERNATIVE FIFTH-YEAR TEACHER CERTIFICATION PROGRAMS

Applicants for the alternative fifth-year program must meet one of the following formula requirements. For purposes of computing the undergraduate GPA, a 4.0 GPA is used. The plus (+) and the minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional:

450 times the graduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 2100 points.

OR

15 times the graduate GPA plus the MAT score is equal to or greater than a total of 80 points.

Conditional:

Any applicant who fail to meet the requirements for unconditional admission must meet one of the following conditional formula requirement:

450 times the graduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points (currently reviewed and recommended by the graduate faculty in the applicant’s major and approved by the Dean of the College of Graduate Studies).

OR

15 times the graduate GPA plus the MAT score is equal to or greater than a total of 60 points (currently reviewed and recommended by the graduate faculty in the applicant’s major and approved by the Dean of the College of Graduate Studies).

Applicants who are granted conditional admission must achieve a GPA of a 3.0 for all programs on the first 12 graduate hours attempted. Failure to meet these conditions will result in the student being dropped from Graduate Studies.

Applicants for the alternative fifth-year program must meet additional admission requirements listed below:

1. Hold a GPA of 2.50 overall in a degree program prior to enrollment in this program. This GPA must be documented on the official transcript of the degree-granting institution and must be the GPA that was used as the basis for granting the degree.
2. Students may complete no more than 12 hours of graduate course work prior to removal of all undergraduate deficiencies. (See undergraduate course listings on each program of study.)

3. Contact the Teacher Service Center at (256)782-5574 for an individual evaluation concerning undergraduate deficiencies and admission requirements prior to registration for classes in this program.

If, at any time, a student wishes to change from one alternative fifth-year major or teaching field to another, the student must contact the Teacher Service Center for an evaluation concerning undergraduate deficiencies for the newly selected major or teaching field, and the College of Graduate Studies must also be notified. The student must meet the admission and program requirements for the newly selected major or teaching field as specified in the Bulletin current at the time the student is changing. Students not enrolled for a one year period must be re-evaluated by the Teacher Service Center and must meet the admission and program requirements for the major or teaching field as specified in the Bulletin current at the time of the re-evaluation.

**INTERNSHIP ELIGIBILITY REQUIREMENTS FOR ALTERNATIVE FIFTH-YEAR TEACHER CERTIFICATION PROGRAM**

Students are required to make formal application for the internship semester. In order to accommodate students with appropriate clinical settings, the following priority dates for applications have been established: April 1 for the following Fall Semester and October 1 for the following Spring Semester.

Please note that student teaching is offered only in the Fall and Spring Semesters and must be taken the last semester before graduation. Also, all alternative fifth-year students will have certain obligations at JSU during the internship semester. Alternative fifth-year interns will be required to attend scheduled seminars, which will be held on the main JSU campus.

The seminars are designed to complement the pre-service teaching experience in order to provide an opportunity for reflection, professional growth, and exchanging of ideas. Application forms are available in the Teacher Service Center, 207 Ramona Wood Hall.

Eligibility requirements for the internship semester:

1. The student must be fully admitted to the alternative fifth-year program.

2. The internship semester is to be completed during the student’s last semester of residence at JSU.

3. The student must have completed all courses, including teaching field courses.

4. The student must possess a graduate 3.0 GPA in each of the following areas:
a. All graduate hours to meet the alternative fifth-year program requirements.

b. All graduate hours in the teaching field to meet the alternative fifth-year program requirements.

c. All graduate hours in professional education courses to meet the alternative fifth-year program requirements.

5. The internship is a stand-alone experience. The pre-service teacher shall not be enrolled in other courses during the normal operational hours of the schools where the internship is being completed.

6. The student will be required to take and pass the appropriate Praxis II examination. A list of passing scores may be obtained at [www.alsde.edu](http://www.alsde.edu). For additional information, contact the Teacher Service Center, 256-782-5574.

7. Alternative fifth-year students planning to complete the internship while employed must supply proof of employment and appropriate certification to the Teacher Service Center, 207 Ramona Wood Hall, by the priority dates.

**APPLICATION REQUIREMENTS FOR INITIAL ALABAMA CERTIFICATION**

1. Teacher education programs are approved by the Alabama State Board of Education and are therefore subject to periodic revision resulting from changes in State certification requirements. Subsequently, modifications in students' programs may become necessary at any time resulting in additions and/or deletions of program requirements. Issuance of Alabama teaching certificates is the legal responsibility of the Alabama State Department of Education. Universities cannot issue a professional certificate. To be eligible to apply for certification, a student must complete an appropriate course of study at a College or University that has been approved by the State Board of Education to offer a program leading to the desired certificate. When a student completes the course of study, the institution recommends to the State Department of Education that the appropriate certificate be issued.

2. The student, during his/her last semester of course work, is to obtain an application form for certification from the Alabama State Department of Education website ([www.alsde.edu](http://www.alsde.edu)) or the Teacher Service Center, 207 Ramona Wood Hall. The appropriate fees (money order or Cashier’s Check made payable to the Alabama State Department of Education), which are forwarded with the student’s credits to the State Department of Education by the Teacher Service Center, should accompany the application. Upon completion of the appropriate course of study, the institution recommends to the State Department of Education that the appropriate certificate be awarded. The University cannot recommend any student for certification who has not satisfied all State and University requirements for admission to and completion of an approved program.
3. To be eligible for recommendation for a certificate, the candidate must earn a passing score on the appropriate Praxis II examination, and a written comprehensive examination that covers the content of the teaching field(s) and professional education.

4. No grade below “C” in professional studies or teaching field may be used to meet certification requirements.

5. Recommendation for certification must be made within five years of program completion. Recommendation after five years requires completion of a current program.

553. Theory and Process (3). An examination of the major counseling theories and related techniques and an overview of the counseling relationship.

556. Career Development (3). An introduction to career development theories and concepts and related resources and practices for career planning and decision-making.

558. Counseling Children/Adolescents (3). Development of programs, practices, and techniques which address the unique needs of children and youth through college age.
585. **Counseling Practicum (3).** Prerequisites: ECG 506, ECG 525, ECG 553 and ECG 591. Supervised observation and application of counseling concepts, principles, and techniques in field settings.

588. **Crisis Counseling (3).** Basic concepts and steps of crisis intervention with a focus on the background, dynamics, and strategies related to specific crises.

593. **Internship in School Counseling (3).** Prerequisites: Permission of the instructor, ECG 585 and a passing score in the appropriate Praxis II. Must be completed at JSU. A 300 clock hour supervised field experience in an appropriate K-12 school setting.

594. **Internship in School Counseling (3).** Prerequisites: Permission of the instructor, ECG 585 and a passing score in the appropriate Praxis II. Must be completed at JSU. A 300 clock hour supervised field experience in an appropriate K-12 school setting.

595. **Internship in Community Agency Counseling (3).** Prerequisites: Permission of the instructor; ECG 585. Each course requires a 300 clock hour supervised field experience in an appropriate job setting; limited to three semester hours in enrollment periods of less than 15 weeks.

596. **Internship in Community Agency Counseling (3).** Prerequisites: Permission of the instructor; ECG 585. Each course requires a 300 clock hour supervised field experience in an appropriate job setting; limited to three semester hours in enrollment periods of less than 15 weeks.

**Note:** 600 level courses are open only to persons holding master’s degrees.

634. **Advanced Counseling Theories (3).** Examination of a variety of counseling theories through selection, both individually and as a group, of theories on which to focus throughout the semester.

637. **Advanced Career Counseling (3).** Laboratory-based course, merging contemporary career theory with actual field practice; selection and administration of a battery of assessment instruments to individuals at significant life stages, scoring and interpretation of the test battery; presentation of findings and recommendations.

646. **Advanced Group Procedures in Counseling (3).** Various theories of group work, review of basic group leadership skills, and basics of group process; provides integration of concepts and skills; opportunities to lead groups with supervision and ongoing feedback, participation in demonstrations of various group models, writing of reaction/thought/positions papers.

693. **Supervision in Counseling (3).** Study of the supervision process in counseling highlighting legal and ethical issues, trends, multicultural considerations, and evaluation; both classroom seminars and supervision of master’s students in clinical experiences required.
EARLY CHILDHOOD EDUCATION COURSES
PREFIX ECE

500. **Materials and Methods (3).** Process of development in specific content areas and implementation of educational programs for young children.

501. **Behavior and Development in Early Childhood (3).** Physical, emotional, intellectual, and social components of development, their interrelationships and their effect on later functioning; psychological principles.

507. **Assessment in Early Childhood Education (3).** Review the use of assessment procedures which are developmentally appropriate for the use in early childhood education. (Replaces EFD 501.)

512. **Practicum in Early Childhood Special Education (3).** Prerequisite: A passing score on the appropriate Praxis II examination is required prior to taking this course. Practicum experiences working with the young handicapped child, ages infancy to eight.

513. **Individualization of Education for Young Children (3).** Prerequisite: Permission of instructor. Methods and procedures for individualizing instruction.

530. **Designing Programs for Young Children (3).** (Not open to students enrolled in Ed.S. programs.) Theory, school design, scheduling, and equipment. A practicum is required.

531. **Implementation and Administration of Early Childhood Programs (3).** Prerequisite: Permission of instructor required. Supervision and implementation of programming of early childhood programs with emphasis on communication with professionals and lay-citizenry of goals and purposes of early childhood programs.

532. **Issues & Trends in Early Childhood Education (3).** Prerequisite: Permission of instructor. Current issues and trends in early childhood education. (ECE 532 is cross-listed with EED 532 and only one course may be counted for credit.)

533. **Enhancing Learning Through Children’s Literature (3).** Techniques and strategies to utilize children’s literature to enhance the early childhood curriculum. (ECE 533 is cross-listed with EED 533 and only one course may be counted for credit.)

538. **Teaching Reading in ECE (3).** Methods, materials and research findings concerned with beginning reading instruction emphasizing P-3. (ECE 538 is cross-listed with RDG 538 and only one course may be counted for credit.)

539. **Teaching Writing in Early Childhood Education (3).** Theories, methods, and current research involving writing instruction; emphasis on P-3.

540. **Intervention in the Early Childhood Classroom (3).** Theory and research-based practices used in early childhood education and early education special education. Emphasis on strategies to plan developmentally appropriate activities for all children.

588. **Graduate Internship in Early Childhood Education (3).** Complete semester long internship and earn “pass/fail” upon completion of the course. Students will complete a working portfolio and electronic LiveText portfolio, along with other standard course requirements.

**Note:** 600 level courses are open only to persons holding master’s degrees.

**EDUCATION COURSES**
**PREFIX ED**

500. **Introduction to Graduate Education and Technology (1).** (Discipline specific section required first semester.) An introductory course for graduate programs in the College of Education and Professional Studies. It is a requirement for all graduate students (Master’s Class A Certificate, Ed.S., and Graduate Certificate (non-education) with concentrations in sport management and in education) who have not previously taken this course at the master’s level. Must be completed at JSU.

595. **Internship in Education (3).** (Grade of Pass or Fail only.) Prerequisite: Approval of academic advisor. Corequisite: To be taken concurrently with ED 596 Reflective Practices in Education (3). Internship will be under the supervision of a cooperating teacher and a university supervisor. Internship is a semester-long course.

596. **Reflective Practices in Education (3).** Corequisite: To be taken concurrently with ED 595 Internship in Education (3). This course contributes to the preparation and meaningfulness of the student internship and is a hybrid course. This hybrid course is a blend of face-to-face instruction with online learning.

**EDUCATIONAL PSYCHOLOGY COURSES**
**PREFIX EPY**

429G. **Developmental Psychology (2).** Intellectual, emotional, social, physical, and moral development in the school age person. Tutoring practicum required.

442G. **Educational Measurement (2).** Measurement/evaluation of students’ academic progress and basic statistical principles. Construction and uses of teacher-made tests and standardized achievement tests are emphasized.

525. **Lifespan Development (3).** A study of principles and concepts of physical, cognitive, personality, and social development from birth through death.

**ELEMENTARY EDUCATION COURSES**
**PREFIX EED**

522. **Assessment in Elementary Education (3).** Review the use of assessment procedures that are developmentally appropriate for us in elementary education. (Replaces EFD 501.)
532. **Issues and Trends in Elementary Education (3).** Prerequisite: Permission of instructor. Current issues and trends in elementary education are examined. (EED 532 is cross-listed with ECE 532 and only one course may be counted for credit.)

533. **Enhancing Learning Through Children’s Literature (3).** Techniques and strategies to utilize children’s literature to enhance the elementary education curriculum. (EED 533 is cross-listed with ECE 533 and only one course may be counted for credit.)

540. **Curriculum Integration in Elementary Education (3).** Designed to examine the needs of elementary students within the content areas of language arts, math, science, and social studies, as well as the literacy needs of English Language Learners (ELL). Because literacy skills are so crucial to success in school, the course will focus on strategies and their application to the above content areas. (Replaces EFD 502.)

541. **Teaching Mathematics (3).** Advanced course in materials and teaching techniques for improving math concepts and skills.

542. **Teaching Reading (3).** Prerequisite: EED 342. This advanced course in reading examines the research base, theories, and current issues in reading as well as instructional methods and practices, effective strategy instruction, and assessment. Classroom observations required for the 5th year and/or non-teaching master’s students. (EED 542 is cross-listed with RDG 542 and only one course may be counted for credit.)

543. **Teaching Social Studies (3).** Advanced course in materials and methods of teaching social studies emphasizing individual research projects.

544. **Teaching Science (3).** Problems in development of science program in the elementary school; facilitating children’s learning of science – its concepts and attitudes.

545. **Teaching Language Arts (3).** Scope and sequence of total language arts program in the elementary school; individual research projects. (EED 545 is cross-listed with RDG 545 and only one course may be counted for credit.)

547. **Diagnosing Reading Abilities (3).** Prerequisite: Three semester hours of graduate study in reading or language arts. Research in diagnosing reading abilities, handling current diagnostic tools, and construction of evaluation of instruments.

549. **Reflective Teaching Practices (3).** Current teaching practices examined in scheduled seminars and then implemented in an elementary classroom setting. (Not open to students enrolled in Alternative Fifth-Year Teacher Certification or Ed.S. programs.)

588. **Graduate Internship in Elementary Education (3).** Prerequisite: Successful completion of the appropriate Praxis II examination. Complete semester long internship and earn “pass/fail” upon completion of the course. Students will complete a working portfolio and electronic LiveText portfolio, along with other standard course requirements.

**Note:** 600 level courses are open only to persons holding master’s degrees.

631. **Teacher as Researcher/Issues and Trends in EED (3).** Exploration of current research and issues and trends in elementary education; review and comparison of selected teacher research projects, and examination of the concept and practice of teacher research as a strategy to build school collaboration and strengthen the professional role of teachers. 508. **Research in Physical Education (3).** The purpose of this course is to provide the foundation for the interpretation and conceptualization of research in HPER. This course will provide instruction on the variety of research methodologies and strategies and how to incorporate such strategies into personal research goals (replaces EFD 500, Research in Education (3)).

510. **Physical Education Curriculum (3).** This advanced online course examines the underlying philosophies and foundations of the physical education curriculum in the educational setting (replaces EFD 502, Curriculum Development (3)).

515. **Assessment in Physical Education (3).** Advanced study of assessment techniques and tools with an emphasis on assessment in school based physical education settings.

525. **Current Issues and Trends in Athletics (3).** This advanced online course examines issues and trends encountered by secondary and collegiate coaches in the administration of sport programs. The concepts will be explored from a theoretical and applied perspective. This course examines possible courses of action to meet such issues and trends that occur in athletics. It includes in-depth study and problem-solving approaches.

530. **Physiology of Exercise (3).** Experiences in physiology of muscular activity and application of these to physical education, training, and health.

535. **Skill Analysis (3).** Basic skills involved in several individual and team sports; special attention will be given to body movement.

537. **Issues and Trends in Physical Education (3).** This advanced course examines the underlying philosophies and issues/trends of various topics of interest in health/physical education and the educational setting.

539. **Diet and Performance (3).** Study of the basic nutrients and different types of diets, and their effects on health related and sports related fitness.

540. **Law and Ethics in Physical Education and Sport Management (3).** Legal implications of those involved with physical education, recreation, and athletic programs.

545. **Stress Management Strategies for the Physical Education Teacher (3).** This course is intended to help the PE teacher develop knowledge and skills relative to stress management. Emphasis is placed on stress responses and relaxation technique strategies.

551. **Tests and Measurements in PE (3).** Prerequisite: Admission to alternative fifth-year teacher certification program. Techniques of test evaluation, administration, and interpretations, emphasis on physical fitness, body mechanics, sports skills, and knowledge tests.

555. **Advanced Anaerobic Physiology (3).** Prerequisite: None. Effectiveness of different training methods on the performance of the anaerobic athlete.

556. **Advanced Aerobic Physiology (3).** Exercise physiology examines the physiological responses of the human body to acute and chronic physical activity. This course will provide a more in-depth study of aerobic metabolism, energy balance, and muscle structure and function.
560. Readings in PE (3). Identification and analysis of current issues and trends; recent developments in physical education, curriculum, and practices in physical education.

562. Physical Education Program (3). Prerequisite: Admission to alternative fifth-year teacher certification program. Study of curriculum, teaching methods, skills, and the organization and administration of PE programs.

563. Sport Finance (3). Concepts, principles, and application associated with finance in the sport and physical activity contexts. This course covers a variety of topics ranging from basic financial concepts to taxation and cash management.

564. Human Resources Management in Sport (3). Concepts, principles, and application associated with human resources management in the sport and physical activity contexts. A variety of topics ranging from performance appraisal strategies to job design.

566. Public and Media Relations in Sport (3). Concepts, principles, and application associated with public and media relations issues in the sport and physical activity contexts. A variety of topics ranging from the process of sport information to the sport broadcast media.

567. Sport Facility Administration and Design (3). Concepts, principles, and application associated with the planning, designing, and managing a sport facility. A variety of topics ranging from maintenance and security operations to sport facility design principles.

568. Administration of Athletics (3). Place of interscholastic athletics in the program, organization and administration of program, budget, equipment, facilities, public relations, and legal liability.

575. Physical Fitness and Health (3). Research evidence of relationships of physical exercise to the following: longevity, weight control, cardiovascular disease, low back pain, mental health, and aging.

576. Sport Marketing (3). Introduction to the principles and application of marketing theory to the sport industry. Covers wide range of sport marketing related topics including promotion and media relations in sport businesses, licensing and sponsorship of sport products, and the marketing mix strategies for sport organizations. Students will gain valuable insight into the theory and practice of sport marketing strategies for a diverse range of sport related organizations.

580. Adapted Physical Education (3). Comprehensive study to develop ability to deal successfully with handicapped children, youth, and adults in a variety of settings.

581. Advanced Practicum in Special Physical Education (3). Supervised field experience in applying skills, knowledge, and concepts in special physical education; supervised work with the handicapped.

582. Research Seminar in Special Physical Education (3). Critical analysis and evaluation of current research and practical application in the field of special physical education.

583. Perceptual Motor Development (3). Development of perceptual motor skills through physical activities; including locomotor skills, laterality and direction ability; investigations of theories, programs, activities, and evaluation.
585. **Physical Activity and the Aging Process (3).** Examination of scientific evidence concerning the relationship between physical activity level and physical, mental, and social-psychological wellbeing during aging.

586. **Sport Promotion and Event Planning (3).** Concepts, principles, and application associated with planning and promoting sporting events. Topics range from developing an event budget to attracting sponsors to a sporting event.

588. **Graduate Internship in PE, P-12 (3).** Prerequisite: Successful completion of the appropriate Praxis II examination. Complete semester long internship and earn “pass/fail” upon completion of the course. Students will complete a working portfolio and electronic LiveText portfolio, along with other standard course requirements.

590. **Directed Study in PE (3) (3).** Prerequisites: Permission of instructor and approval of the department head. Work with a HPER professor to complete a specific project. May be repeated once for a total of six (6) credit hours. This course will be offered on an as needed basis. This course is to be offered as elective credit for those MS.Ed. and Ed.S. students who are interested in engaging in formal research practices under the guidance of the HPER faculty.

591. **Internship in Sport Management (3).** The sport management internship is designed to provide students with practical experience under the supervision of an athletic administrator in a secondary school setting.

592. **Internship in Sport Marketing and Administration (3).** Provides students with practical experience under the supervision of a sport management practitioner. This mutually beneficial relationship enhances the student’s job marketability in the field of sport management by providing the student with professional experience.

598. **Independent Study in PE (3) (3).** Prerequisites: Permission of the instructor and approval of the department head. Opportunity to explore, in detail, an area or issue in PE. May be repeated once for a total of six (6) credit hours.

### INSTRUCTIONAL LEADERSHIP COURSES

**PREFIX IL**

504. **Graduate Education and Technology (3).** An introductory instructional leadership course to inform students of graduate expectations including the use of technology to locate, create, and disseminate information for educational purposes.

510. **Action Research (3).** A study of the basic elements of action research design with effective research and evaluative strategies.

553. **Instructional Leadership (3).** Principles of curriculum development, staff development, and instructional leadership at the local school and system levels.

555. **Management of the Learning Organization I (3).** Development and managing financial resources to enhance student learning. This new course will replace EAD 563 School Finance (3).

556. **Management of the Learning Organization II (3).** Processes and procedures to develop and enhance the school’s learning environment. This new course will replace EAD 556 Management of Student Services (3).
562. **The Principalship in the 21st Century (3).** This course addresses the successful preparation of visionary school leaders who focus on improving schools, instructional leaders who are moral advocates for students and for the communities they serve; and responsible leaders who connect with diverse groups of people.

564. **Law and Ethics (3).** Legal, ethical, and political structures under which school personnel and community counselors function with emphasis on school-community interaction and institution advocacy.

566. **Internship in Instructional Leadership (3).** Prerequisites or corequisites: IL 553, 556, 562, 563, 564, 576 and passing the Praxis II: School Leadership. May be taken before or after IL 576, but must be taken during the last or next-to-last semester of the student’s program. Either IL 566 or IL 576 must be taken in the last semester. Supervised field-based experience: study, analysis, observation, and participation in instructional programs in selected schools under the guidance of a school mentor and the university supervisor. Offered fall and spring and must be completed at JSU.

576. **Internship in Instructional Leadership and Residency (3).** Prerequisites or corequisites: IL 553, 556, 562, 563, 564 and passing the Praxis II: School Leadership. May be taken before or after IL 566, or may be taken with IL 566 with permission of advisor. Either IL 566 or IL 576 must be taken in the last semester. Supervised field-based experience including participation in and leadership of educational programs in selected schools under the supervision of a mentor who is a practicing school administrator, and a university supervisor: includes the ten-day residency; must be scheduled during the last or next-to-last semester of study, must be completed at JSU; is offered fall, spring, and summer semesters.

**Note:** 600 level courses are open only to persons holding master’s degrees.

**Note:** To enroll in any 500 or 600 level EAD course (except EAD 564, Law and Politics) students must be admitted to one of the following programs: the MS.Ed. with a major in Instructional Leadership or the Ed.S. with a major in Educational Leadership.

610. **Research in Educational Administration (3).** Introduction to and utilization of essential research skills with an emphasis on application, ethics, and report-writing as commonly needed in the field; should be scheduled early in the program.

622. **Effective Schools Research (3).** Critique of research literature on effective schools and effective instruction with implications for school administrators.

636. **School Plant Planning (3).** Procedures and issues related to design, development, and operation of educational plant facilities.

637. **School Personnel Administration (3).** Procedures and issues related to administration of effective and efficient school personnel pro-grams.

648. **Curriculum Issues in Administration (3).** Analysis and discussion of curriculum issues and application of a process approach to curriculum review and development in the local school/school district level.

655. **Supervision and Staff Development (3).** Study of theories of supervision; assessing, planning, implementing, and evaluating staff development programs; mentorships. (Open to instructional leadership majors only.)
681. **Problems in Educational Administration I (3)**. Prerequisite: EAD 610. Development of a practical problem-solving process in relation to the administration of schools and school systems. This course culminates in a public presentation of a school-based problem-solving project. Course must be scheduled near the end of a student’s program.

682. **Problems in Educational Administration II (3)**. Prerequisite: EAD 681. Continuation of practical problem-solving in relation to the administration of schools and school systems culminating in a public presentation of a school based problem-solving project.

**INSTRUCTIONAL MEDIA COURSES**  
**PREFIX EIM**

502. **Technology in Education (3)**. The use of technology in the school setting. Research, small group discussions, and demonstrated applications will be emphasized.

503. **Computer Based Instructional Technologies (3)**. Basic to theory and operations of microcomputing hardware and software for instructional purposes; concepts presented include computer systems, hardware and software; hands-on experience with selected productive software packages pertinent to the K-12 environment.

504. **Current and Emerging Instructional Technologies (3)**. Application of current and emerging instructional technology in the information age classroom.

505. **Curriculum Integration of Technology (3)**. Study of concepts and techniques for integrating various technology tools into K-12 curricula; emphasis on problem solving with intuitive and systematic methods with implementation of solutions to be done with various technology tools and computers, appropriate software, multi-media devices, and courseware authoring software.

**LIBRARY MEDIA COURSES**  
Prefix LM

510. **Library Media Programs (3)**. Overview of the design and implementation of the total school library media program. Emphasis is placed on the integration of the information literacy skills throughout the school curriculum. Offered fall and spring semesters.

511. **Collection Development (3)**. Criteria of selection and evaluation of media center materials for building a library media collection to support the curriculum and encourage reading for pleasure. The tools/techniques used in selection all forms of materials and equipment for school library media centers are emphasized. Offered fall and spring semesters.

512. **Children and Young Adult Literature (3)**. Evaluation of books and other materials for junior/senior high school students. Selection aids, selection criteria, and interests, needs, and abilities of young adults emphasized; children’s literature component included for those who have not previously taken a children’s literature course.

513. **Management of Media Centers (3)**. Policies and procedures relative to the operation of a media center.
514. **Classification and Cataloging of Media (3).** Principles and procedures of classifying and cataloging print and non-print media.

515. **Internship in Media Services (3).** Prerequisite: Permission of the instructor. Directed experience in performing various services in a school library media center. Must be completed at JSU.

516. **Practicum in Media Services (3).** Prerequisites: LM 515 and permission of the instructor. Directed experience in performing various services in a school library media center.

520. **Reference Materials (3).** Study and evaluation of basic reference sources and services.

550. **Technology in Media Centers (3).** The processes and technology involved in the automation of a school media center.

555. **Instructional Design (3).** Design and development of a systematic approach to learner-based instruction emphasizing the role of media in the communication process.

**READING SPECIALIST COURSES**

**PREFIX RDG**

538. **Teaching Reading in ECE (3).** Methods, materials and research findings concerned with beginning reading instruction emphasizing P-3. (RDG 538 is cross-listed with ECE 538 and only one course may be counted for credit.)

542. **Teaching Reading (3).** Prerequisite: EED 342 or EED 338 or ESE 383. This advanced course in reading examines the research base, theories, and current issues in reading as well as instructional methods and practices, effective strategy instruction, and assessment. Classroom observations required for the 5th year and/or non-teaching master’s students. (EED 542 is cross-listed with RDG 542 and only one course may be counted for credit.)

545. **Teaching Language Arts (3).** Scope and sequence of total language arts program in the elementary school; individual research projects. (RDG 545 is cross-listed with EED 545 and only one course may be counted for credit.)

567. **Improvement of Reading in Secondary Schools (3).** Prerequisite: ESE 383 or instructor approval. Teaching reading in subject matter areas and developmental reading for high school students. (RDG 567 is cross-listed with ESE 567 and only one course may be counted for credit.)

572. **Assessment and Diagnosis in Reading (3).** Prerequisite: EED 542 or RDG 542. Application of knowledge gained in course work; emphasis placed on using a variety of formal and informal assessment tools to determine the strengths and weaknesses of struggling readers while using this information to implement specialized instruction to enhance the student’s literacy development; case study requires collection and interpretation of assessment data, planning, and implementation of remediation lessons for the struggling reader.

573. **Intervention Strategies for Reading Instruction (3).** Prerequisite: EED 542 or RDG 542. Examines research-based best practices in effective intervention strategies for students experiencing difficulties in reading; reading materials and programs will be examined and evaluated in terms of application for effective intervention instruction.
574. **Practicum for Teachers of Reading (3).** Prerequisites: EED 542 or RDG 542; a passing score on the appropriate Praxis II examination is required prior to enrolling in this course. Application of knowledge gained in course work; emphasis placed on providing literacy services in developmental reading or reading intervention programs at a variety of levels.

575. **Internship in the Organization and Supervision of Reading Programs (3).** Prerequisites: EED 542 or RDG 542 and successful completion of the appropriate Praxis II examination. Application of knowledge gained in course work; emphasis placed on designing and implementing literacy programs, planning and providing professional development, providing leadership in literacy instruction and serving as a resource for teachers, administrators, and the community. Must be completed at JSU.

**SECONDARY EDUCATION COURSES**  
**PREFIX ESE**

500. **Research in Secondary Education (3).** Provides the foundation for the interpretation and conceptualization of research in secondary education. Instruction will focus on the variety of research methodologies and strategies and how to develop and incorporate such strategies into action research projects for the 6-12 classrooms. (Replaces EFD 500.)

555. **Professional Practices in Secondary Schools (3).** of the current trends and issues in the American society today and the psychological, sociological and philosophical impact of those issues on American education. (Replaces EFD 515.)

567. **Improvement of Reading in Secondary Schools (3).** Teaching reading in subject matter areas and developmental reading for secondary level students. (ESE 567 is cross-listed with RDG 567 and only one course may be counted for credit.)

582. **Methods of Teaching in Secondary Schools (3).** Contemporary methods of teaching in secondary schools; behavioral objectives, teaching techniques, and group and individualized instruction.

585. **Assessment and Integration of Technology in Secondary Schools (3).** The purpose of this course is to review the use of assessment procedures which are developmentally appropriate in secondary education.

588. **Graduate Internship in Secondary Education (3).** Prerequisite: Successful completion of the appropriate Praxis II examination. Complete semester long internship and earn “pass/fail” upon completion of the course. Students will complete a working portfolio and electronic LiveText portfolio along with other standard course requirements.

589. **Contemporary Issues for Secondary Education Leaders (3).** In-depth study of critical contemporary issues of discipline and classroom management facing education leaders, both in the classroom and in administration, in the secondary education environment.

**SPECIAL EDUCATION COURSES**  
**PREFIX SPE**

500. **Survey Course in Special Education (3).** Various areas of exceptionality including cognitive impairments, behaviorally disordered, multiple
handicapped, learning disabled, gifted and talented, hearing impaired, visually impaired, speech and language disordered, and early education for the handicapped. (Offered Spring, May, and Summer.)

505. **Functional Communication (3).** Developmental approach to acquisition of language with emphasis on educational intervention for specific linguistic anomalies.

516. **Characteristics of Mild to Moderate Disabilities (3).** Introduction to potential causes, characteristics, definitions, placement process, classification, and the matching of limited forms of intervention with students exhibiting disabilities of learning and behavior.

517. **Methods: Mild to Moderate Disabilities K-6 (3).** Designed to familiarize students with assessment instruments, perspectives, therapeutic techniques, and curriculum materials associated with teaching students with disabilities of learning and behavior.

518. **Methods: Mild to Moderate Disabilities 6-12 (3).** Designed to familiarize students with assessment instruments, perspectives, therapeutic techniques, and curriculum materials associated with teaching students with disabilities of learning and behavior.

522. **Assessment of Special Populations (3).** Focuses on the evaluation process, related strategies and instruments designed to facilitate decision-making for students with various disabilities.

533. **Applied Behavior Analysis (3).** Practical approach to applied behavior management through demonstration and application of frequently employed models of classroom intervention.

554. **Medical, Legal, and Ethical Aspects of SPE (3).** Prepare teachers with the following skills: needs of management techniques for students who have communicable diseases, medical diagnosis or who are considered medically fragile, the adverse effect of these conditions on learning and family function; administration of medications and health school care procedures, ability to serve as child advocate, identification of key legal issues.

560. **Characteristics of Severe Disabilities (3).** Prerequisite: SPE 500 or permission of instructor. Broad overview of a typical development and characteristics of low incidence and severe disabilities; focuses on students with low incidence and severe physical, mental, and medical developmental disabilities at the graduate level.

561. **Research and Practices: Severe Disabilities K-6 (3).** Prerequisite: SPE 560 or permission of instructor. Study of methodologies, materials, and management techniques for students with severe physical, mental, and medical developmental disabilities K-6 grades.

562. **Research and Practices: Severe Disabilities 6-12 (3).** Prerequisite: SPE 560 or permission of instructor. Study of methodologies, materials, and management techniques for students with severe physical, mental, and medical developmental disabilities 6th - 12th grades.

581. **Practicum in Mild to Moderate Disabilities K-6 (3).** Prerequisites: SPE 516, SPE 517, SPE 533, and SPE 561, permission of the instructor, and a passing score on the appropriate Praxis II examination. Designed to provide 120-150 practicum hours applying previously learned skills in assessing and teaching students with mild disabilities of learning and behavior. Classroom placement will be in an accredited public school classroom for students with mild disabilities at the K-6 level. For traditional programs only. Offered fall semester only.
582. **Practicum in Mild to Moderate Disabilities 6-12 (3).** Prerequisites: SPE 516, SPE 518, SPE 533, and SPE 562, and permission of the instructor. Designed to provide 120-150 practicum hours applying previously learned skills in assessing and teaching students with mild disabilities of learning and behavior. Classroom placement will be in an accredited public school classroom for students with mild disabilities at the 6-12 level. For traditional programs only. Offered fall semester only.

583. **Practicum in Disabilities of Learning and Behavior (3).** Prerequisites: SPE 516 and SPE 517 or SPE 518, a passing score on the appropriate Praxis II examination is required prior to taking this course. Designed to provide practicum/internship application of previously learned skills in assessing and teaching students with disabilities of learning and behavior.

584. **Practicum in Severe Disabilities, K-6 (3).** Prerequisites: SPE 533, SPE 560, and SPE 561, permission of the instructor, and a passing score on the appropriate Praxis II examination. Designed to provide 120-150 practicum hours applying previously learned skills in assessing and teaching students with severe disabilities of learning and behavior. Classroom placement will be in an accredited public school classroom for students with severe disabilities at the K-6 level. For traditional programs only. Offered spring semester only.

585. **Practicum in Severe Disabilities, 6-12 (3).** Prerequisites: SPE 533, SPE 560, SPE 561, permission of the instructor, and a passing score on the appropriate Praxis II examination. Designed to provide 120-150 practicum hours applying previously learned skills in assessing and teaching students with severe disabilities of learning and behavior. Classroom placement will be in an accredited public school classroom for students with severe disabilities at the 6-12 level. For traditional programs only. Offered spring semester only.

586. **Practicum in Severe Disabilities (3).** Prerequisites: SPE 560 and SPE 561 or SPE 562; a passing score on the appropriate Praxis II examination is required prior to taking this course. Supervised classroom teaching experience through on-site observation, as well as related assignments and seminars for graduate students in an actual teaching situation; experience provides a vehicle for discussing current practical issues and teaching strategies as they apply to existing problems in the teacher’s classroom setting.

588. **Graduate Internship in Special Education/Collaborative Teacher (3).** Prerequisite: Successful completion of the appropriate Praxis II examination. Complete semester long internship and earn “pass/fail” upon completion of the course. Students will complete a working portfolio and electronic LiveText portfolio, along with other standard course requirements.

**Note:** 600 level courses are open only to persons holding master’s degrees.

617. **Advanced Strategies for Students with Disabilities – Elementary Level (3).** Prerequisite: SPE 300/500. This course is designed to present specialist students with preparation in learning, reading, writing, note taking, math, social skills, content, and transition strategies for persons at the elementary level.

618. **Advanced Strategies for Students with Disabilities – Secondary Level (3).** Prerequisite: SPE 300/500. This course is designed to present specialist students with preparation in learning, reading, writing, note taking, math,
social skills, content, and transition strategies for persons at the secondary level.

620. **Curriculum Development Seminar in Special Education (3).** Individual student review and development of curriculum in special education field of interest; analysis of principles of early and present curricula and validity of prevailing practice.

624. **Writing for Professional Publication (3).** Refine and develop professional writing skills.

661. **Advanced Research and Practices of Severe Disabilities, K-6 (3).** Prerequisite: SPE 560 or permission of instructor. Advanced study of methodologies, materials, and management techniques for students with severe physical, mental, and medical developmental disabilities K-6th grade. The purpose is to enhance the capacity of teachers as creative decision makers who are committed to and capable of facilitating student learning in appropriate settings.

662. **Advanced Research and Practices of Severe Disabilities, 6-12 (3).** Prerequisite: SPE 560 or permission of instructor. Advanced study of methodologies, materials, and management techniques for students with severe physical, mental, and medical developmental disabilities 6th – 12th grade. The purpose is to enhance the capacity of teachers as creative decision makers who are committed to and capable of facilitating student learning in appropriate settings.
EMERGENCY MANAGEMENT

The Institute for Emergency Preparedness (IEP) offers courses leading to the MS with a major in Emergency Management. This degree balances conceptual knowledge in emergency management with skill acquisition in crisis management, hazard assessment and other analytic and management skills.

The IEP also offers courses for the MPA with a major in public administration and a concentration in emergency management and supporting courses for the MA with a major in liberal studies. For information on the MPA, please refer to the Public Administration section of this Bulletin. For information on the MA with a major in liberal studies, please see the Liberal Studies section of this Bulletin.

A graduate certificate in emergency management is also available for non-degree students who wish to specialize in the area of emergency management. Upon satisfactorily completing the requirements of the graduate certificate (comprehensive examination not required for graduate certificate), an entry will be made on the student’s transcript. A student who completes the graduate certificate in emergency management may apply the 15 hours credit toward the MA with a major in liberal studies, MPA with a concentration in emergency management, or the MS with a major in emergency management. All course work for the MA, MPA, and MS degrees, including the emergency management concentration course work, must be completed within six years.

APPLICATION MATERIALS REQUIRED FOR THE MS WITH A MAJOR IN EMERGENCY MANAGEMENT

Applicants for the MS with a major in Emergency Management may be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the MS with a major in emergency management must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html).
2. Non-refundable $30.00 application processing fee
3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).
5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of
Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.

6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE MS WITH A MAJOR IN EMERGENCY MANAGEMENT

A particular undergraduate major is not specified for admission to the program.

Applicants must meet one of the following formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional Admission

450 times the undergraduate GPA plus the total score of the verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 2250 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 80 points;

OR

450 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus the total score of the verbal and quantitative measures of the General Test of the GRE is equal to or greater than a total of 2250 points;

OR

15 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus the MAT score is equal to or greater than a total of 80 points.

Conditional Admission

Any applicant failing to meet the requirement for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.
MINIMUM REQUIREMENTS FOR THE MS WITH A MAJOR IN EMERGENCY MANAGEMENT

A total of 30 graduate semester hours is required for the degree with 21 required hours of emergency management courses and 9 hours of approved emergency management electives. Courses taken in other fields must be approved by the Director of the IEP for recommendation to the Dean of Graduate Studies.

MASTER OF SCIENCE
MAJOR: EMERGENCY MANAGEMENT

Required Emergency Management Courses (21 semester hours):

- EM 505 Foundations of Emergency Management (3)
- EM 525 Disaster Recovery (3)
- EM 530 Research Methods in Emergency Management (3)
- EM 540 Hazard Mitigation (3)
- EM 545 Emergency Preparedness (3)
- EM 555 Disaster Response (3)
- EM 590 Capstone in Emergency Management (3)

Electives (9 semester hours):

Elective courses should be based on student interest and career objectives and are to be chosen from any 500 level emergency management elective offerings at JSU.

EMERGENCY MANAGEMENT COURSES
PREFIX EM

505. Foundations of Emergency Management (3). History of the profession; contemporary emergency management concepts, functions, and practices for government, nonprofit organizations, and the private sector.

515. Legal Aspects of Emergency Management (3). Legal context and constraints for emergency management; administrative law, administrative discretion, and liability.

525. Disaster Recovery (3). Prerequisite: EM 505. Processes for short- and long-term recovery for individuals, families, and communities; provision of recovery assistance by both public and voluntary sectors.

528. Maritime Transportation Security (3). Historical aspects of shipping vulnerability including; seaports, ships, cargoes, operations, commerce, government coordination, international security conventions and practices, and related technology. Case studies of recent events and new initiatives in international maritime transportation security will be examined.

530. Research Methods in Emergency Management (3). Comprehensive coverage of major analytical and statistical tools used in emergency management program administration.

535. Terrorism and Homeland Security (3). Prerequisite: EM 505. Incident management approaches for domestic and international terrorism; anti and counter-terrorism organizational roles, responsibilities, and coordination, homeland security initiatives.

540. Hazard Mitigation (3). Prerequisite: EM 505. Mitigation concepts, implementation approaches, and planning.

545. Emergency Preparedness (3). Prerequisite: EM 505. Preparedness frameworks and strategies; techniques of emergency operations planning, exercise design and evaluation, and public education.

548. Vulnerability and Capacity-Building (3). Prerequisite: EM 505. Individual, social, economic and policy dimensions of vulnerability and client needs for disaster; service delivery strategies, coordination models, resource management and capacity building for nonprofit disaster relief organizations.

565. Management Systems in Disaster (3). Prerequisites: EM 505, EM 525, and EM 555. Integration of emergency management functions, response structures, technology use, information management, and decision-making.

570. Biosecurity (3). A detailed review of global concerns for biosecurity including the history of biological warfare, bioterrorism, concerns for agroterrorism and current initiatives in bio-defense. Included will be a thorough review of specific agents, the diseases they cause, detection methodologies, and consequence management consideration.
Medical Aspects of Emergency Management (3). Prerequisites: EM 505, EM 525, and EM 555. Surveillance and rapid needs assessment, disaster epidemiology, disaster medical systems and approaches, and disaster mental health.

Current Issues in Homeland Security (3). The examination of current issues and concerns with Homeland Security including upcoming National Special Security Events that mandate comprehensive security planning and response capabilities. Innovations and reactions from politicians and citizens will serve to offer students insight into the challenges of implementing and maintaining homeland security.

Disaster Analysis (3). The course will focus on modeling and simulation of high consequence events as a means of preparing emergency managers for future disasters. Several types of high consequence disasters will be examined from the perspectives of preparedness, prevention, decision-making, and effective response.

The Military's Role in Disaster Relief (3). Prerequisite: EM 505. A historical review of the military role in disaster relief and humanitarian support missions. Primary emphasis will be on recent case studies of major disasters. The course will also discuss the possible expanding role of the military in future natural disasters and CBRN events. Students will conduct a small research project to explore a current issue surrounding the use of the US military in domestically-based incidents.

Special Topics in Emergency Management (3) (3). An in-depth study of selected topics in Emergency Management.

Capstone in Emergency Management (3). Prerequisites: EM 505 and three of the following four courses: EM 525, EM 540, EM 545, and EM 555. Should be taken in the last term of program of study. Integration and synthesis of theory and practice for emergency management.

Directed Studies (3). Prerequisites: Permission of the instructor and approval of the program director. In-depth study of selected topic of special project.

Internship (3). Prerequisites: Permission of the instructor and approval of the program director. Supervised practice experience in a professional emergency management setting.

ENGLISH

The English Department offers courses leading to the MA with a major in English and supporting courses for the MA with a major in liberal studies. For students majoring in secondary education with a teaching field in English Language Arts, supporting courses are offered for the MS.Ed. and the Ed.S. degrees.

APPLICATION MATERIALS REQUIRED FOR THE MA WITH A MAJOR IN ENGLISH

Applicants for the MA with a major in English will be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the MA with a major in English must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)

4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).

5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.

6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE MA WITH A MAJOR IN ENGLISH

In addition to meeting general admission requirements of the College of Graduate Studies, applicants for the MA with a major in English must have an undergraduate minor in English or its equivalent, as determined by the head of the English Department.

Applicants must meet one of the following formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The
plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

**Unconditional Admission**

450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 60 points;

**Conditional Admission**

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.

**MINIMUM REQUIREMENTS FOR THE MA WITH A MAJOR IN ENGLISH**

**Non-Thesis Option:**

Total of 30 graduate semester hours in approved English courses, including EH 501, which English MA students must successfully complete within their first 15 hours of graduate English study, and three semester hours in Shakespeare at either the undergraduate or graduate level.

**Thesis Option:**

Total of 30 graduate semester hours. Minimum of 24 hours in approved English courses, including EH 501, which English M.A. students must successfully complete within their first 15 hours of graduate English study, and three semester hours in Shakespeare at either the undergraduate or graduate level, and six hours of thesis. See “Thesis Options and Procedures” on page 43 of this Bulletin.

Upon advisement, students may be required to demonstrate foreign language proficiency when a chosen program of study requires translation skills.

ENVIRONMENTAL SCIENCE MANAGEMENT

The Department of Physical and Earth Sciences offers core courses and an area of concentration in environmental science management within the MPA degree program and supporting courses for the MA with a major in liberal studies. Please refer to the Liberal Studies and Public Administration sections of this Bulletin for application materials required, admission requirements, and program requirements for these programs.

A graduate certificate in environmental science management is also available for non-degree students who wish to specialize in the area of environmental science management. Upon satisfactorily completing the requirements of a graduate certificate (comprehensive examination not required for graduate certificate), an entry will be made on the student’s transcript. A student who completes the graduate certificate in environmental science management may apply the 15 hours credit toward the MA with a major in liberal studies or the MPA with a concentration in environmental science management. All course work for the MA and MPA degrees, including the environmental science management course work, must be completed within six years.

APPLICATION MATERIALS REQUIRED FOR A GRADUATE CERTIFICATE IN ENVIRONMENTAL SCIENCE MANAGEMENT

Applicants for the graduate certificate in environmental science management may be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the graduate certificate in environmental science management must submit all the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602 to be considered for admission:

1. Completed JSU Graduate Application for Admission ([http://www.jsu.edu/graduate/grad_app.html](http://www.jsu.edu/graduate/grad_app.html))
2. Non-refundable $30.00 application processing fee
3. Official transcripts from the postsecondary institutions awarding the bachelor’s degree. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).
REQUIRED ENVIRONMENTAL SCIENCE MANAGEMENT COURSES FOR A GRADUATE CERTIFICATE IN ENVIRONMENTAL SCIENCE MANAGEMENT

The student must complete the 15 semester hours of required environmental science management concentration courses listed below:

ESC 490G Environmental Auditing (3)
ESC 495G Risk Analysis (3)
ESC 496G Water Management (3)
ESC 510 Environmental Laws and Regulations (3)
ESC 535 Integrated Waste Management (3)

15 Graduate Semester Hours Required for this Program

ENVIRONMENTAL SCIENCE MANAGEMENT COURSES
Prefix ESC

444G. Topics in Environmental Conservation (3) (3). Prerequisites: ESC 500 or its equivalent. In-depth examination of various conservation issues. Topic selection varies, see instructor. May be duplicated for credit for a total of six semester hours.

490G. Environmental Auditing (3). Prerequisite: ESC 500 or its equivalent. Overview of systematic auditing techniques with a focus on regulatory compliance, liability, environmental awareness, and ethics. The course will also cover process mapping as a tool of auditing, the new international standards (ISO 14000) and their implications on future industrial activity. Course will conclude with a class audit of a local facility and software application.

495G. Risk Analysis (3). Prerequisite: ESC 500 or its equivalent. An in-depth study of methodologies for human and environmental risk analysis, with a focus on hazardous chemical releases. Case studies will be evaluated and compared.

496G. Water Management (3). Prerequisites: ESC 300 or ESC 500 or their equivalents. Fundamental principles of the hydrologic processes occurring in watersheds. The material will cover the hydrologic impacts of management activities on watersheds such as: urbanization, farming, forestry, and recreational use. Case studies of watershed management techniques will be used to illustrate problems confronting our nation waters.

500. Concepts in Environmental Science (3). Overview of environmental science principles, environmental health effects of pollutants, and a discussion of possible solutions that can be implemented to minimize or eliminate damage to Earth. Emphasizes the interdisciplinary nature of environmental issues and their solutions. ESC 500 cannot be used to meet program/concentration requirements for graduation.
510. **Environmental Laws and Regulations (3).** Prerequisite: ESC 500 or its equivalent. Laws, regulations, and policies regarding environmental quality. Review of local, state, and national inter-relationships with regard to promulgating environmental regulations. Local issues confronting regulatory agencies will be used to illustrate systems of pollution control and management.

535. **Integrated Waste Management (3).** Prerequisite: ESC 500 or its equivalent. Overview of solid and hazardous waste issues at the local, state, national, and international levels. The focus on waste management will include a systems approach to waste separation and reuse, treatment and disposal of waste from both municipal and industrial activities.

541. **Groundwater Hydrology (3).** Prerequisite: ESC 500 or its equivalent. Basic principles of groundwater hydrology and transport of contaminants in groundwater systems; groundwater system characteristics; hydrologic properties of earth materials.

565. **Hazardous Waste Remediation (3).** Prerequisite: ESC 500 or its equivalent. An overview of physical, chemical and biological techniques for treatment of hazardous wastes, and the application of these techniques to decontaminate soil, water, and air. Case studies will illustrate current field techniques.

591. **Directed Research (3).** Prerequisites: Permission of the instructor and approval of the department head and ESC 500 or its equivalent. In depth study of selected topic(s).
GEOGRAPHICAL INFORMATION SYSTEMS

The Department of Physical and Earth Sciences offers core courses and an area of concentration in geographical information systems (GIS) within the MPA degree program and supporting courses for the MA with a major in liberal studies. Please refer to the Liberal Studies and Public Administration sections of this Bulletin for application materials required, admission requirements, and program requirements these programs.

A graduate certificate in geographical information systems is also available for non-degree students who wish to specialize in the area of geographical information systems. Upon satisfactorily completing the requirements of a graduate certificate (comprehensive examination not required for graduate certificate), an entry will be made on the student’s transcript. A student who completes the graduate certificate in geographical information systems may apply the 15 hours credit toward the MA with a major in liberal studies or the MPA with a concentration in geographical information systems. All course work for the MA and MPA degrees, including the geographical information systems course work, must be completed within six years.

APPLICATION MATERIALS REQUIRED FOR A GRADUATE CERTIFICATE IN GIS

Applicants for the graduate certificate in geographical information systems may be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the graduate certificate in geographical information systems must submit all the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602 to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Official transcripts from the postsecondary institutions awarding the bachelor’s degree. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).
REQUIRED GIS COURSES
FOR A GRADUATE CERTIFICATE IN GIS

NOTE: Students who have not had undergraduate courses in GIS, or no prior experience in GIS using ESRI software, are required to complete GIS 510 as a prerequisite for the required courses.

The student must complete the 15 semester hours of required GIS concentration courses listed below:

GIS 520 Spatial Data Collection and Management (3)
GIS 550 Organization and Management of Spatial Systems (3)
GIS 560 Spatial Data Layout and Design (3)

Two courses from the courses listed below:
GIS 530 Analyzing Spatial Networks (3)
GIS 540 Site Location Analysis (3)
GIS 570 Advanced Topics in Spatial Analysis (3)

15 Graduate Semester Hours Required for this Program

GEOGRAPHICAL INFORMATION SYSTEMS COURSES
PREFIX GIS

510. **Introduction to Spatial Analysis (3).** An overview of geographic information systems and a foundation in map coordinate systems, map projections, and map scale.

520. **Spatial Data Collection and Management (3).** Methods of capturing data, acquiring and importing existing spatial data into geographic information systems, deriving spatial information from remotely sensed data, and storing spatial data.

530. **Analyzing Spatial Networks (3).** Introduction to topology theory and its employment in GIS network analysis. Emphasis on methods of determining efficient paths, modeling network flows, and creating efficient service areas for organization entities.

540. **Site Location Analysis (3).** Emphasis on evaluating existing site location efficiencies, determining of appropriate point site and area site locations for organizational entities, and analyzing environmental impact analyses using GIS.

550. **Organization and Management of Spatial Systems (3).** Fundamental of GIS implementation and GIS management. Consideration in designing organization-wide GIS and the management of both special projects and organization-wide use of GIS.

560. **Spatial Data Layout and Display (3).** Fundamentals of map composition and layout, chart creation, data classification, and map design to produce meaningful maps and charts of the results of spatial analysis.

570. **Advanced Topics in Spatial Analysis (3)(3).** Advanced GIS instruction and work in a variety of topics such as imagery interpretation and classification, surface modeling, spatial manipulation languages, and statistical analysis of spatial data. Can be taken twice for credit.

580. **Directed Research (3).** Prerequisite: Permission of the instructor.
GEOGRAPHY

The Department of Physical and Earth Sciences offers supporting courses for the MA with a major in liberal studies. For students majoring in secondary education with a teaching field in social science or general science, supporting courses are offered for the MS.Ed. and the Ed.S. degrees. A graduate program is not offered in geography. However, students interested in additional geography courses may enroll in environmental science management courses, and/or geographical information systems (GIS) courses.

GEOGRAPHY COURSES
Prefix GY

403G. Independent Study (1)(1)(1). (Grade of Pass or Fail only.) Permission of instructor required. This course gives the advanced student opportunity to pursue directed research. May be repeated for credit for a total of 3 semester hours.

422G. Geographic Views of History (3). Use of the geographic perspective to examine facets of World, United States, and Alabama history.

431G. Topics in Physical Geography (3)(3)(3). Advanced geographic study of various facets of the natural environment; topic selection varies; see instructor.

445G. Topics in Environmental Conservation (3)(3). Prerequisite: ESC 500 or its equivalent. In-depth examination of various conservation issues. Topic selection varies, see instructor. Examples of the types of topics that could be covered in this course include energy resources, public land management, water or air quality and issues regarding food production. This course may be used to meet degree requirements in the MPA degree with an Environmental Science Management emphasis or in the MA degree with a major in Liberal Studies course work. May be duplicated for credit for a total of six semester hours.

475G. Natural Hazards (3). An introduction to natural hazards, their causes, distribution and impacts. Focus on human perception, vulnerability and risk analysis.

501. Concepts in Cultural Geography (3). Application of geographical concepts and perspectives to the study of the world’s culture regions. (May be used in the social science teaching field with a major in secondary education.)

510. Concepts in Earth Sciences (3)(3)(3). Selected topics in earth science such as atmosphere systems and processes, climatology, landform development, soils and biogeography. See instructor for specific topic(s) each term. (May be used in the general science and social science teaching fields with a major in secondary education.)

580. Directed Studies (3)(3). (Grade of Pass or Fail only.) Prerequisites: Permission of the instructor and approval of the department head.

590. Internship (3)(3). (Grade of Pass or Fail only.) Supervised assignment in an area agency or firm for a minimum of 150 hours.
HISTORY

The History Department offers courses leading to the MA with a major in history and supporting courses for the MA with a major in liberal studies. For students majoring in secondary education with a teaching field in history or social science, supporting courses are offered for the MS.Ed. and the Ed.S degrees.

APPLICATION MATERIALS REQUIRED FOR THE MASTER OF ARTS WITH A MAJOR IN HISTORY

Applicants for the MA with a major in history will be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

469G. **Age of Churchill (3)**. An examination of the late Victorian-twentieth century British and world events through the career of Winston S. Churchill.

470G. **American Diplomatic History to 1933 (3)**. History of the United States foreign relations beginning with the American Revolutionary Period and continuing through the decade of the 1920s; study of the historical changes in American foreign policy objectives which led to the increased size and importance of the United States.

471G. **American Diplomatic History Since 1933 (3)**. Detailed study of United States foreign relations beginning with Franklin D. Roosevelt and continuing to the present.

480G. **Colonial Latin America (3)**. Interaction of Native American, European, and African people in the Spanish and Portuguese empires of the Americas, concluding with the wars for independence.

481G. **Modern Latin America (3)**. Examination of the political, economic, social, and cultural developments of the diverse Latin American nations since 1821, against a backdrop of tradition, reform, and revolution.

483G. **United States-Latin American Relations (3)**. A survey of the diplomatic, economic, and cultural relations between the United States and Latin American Republics from 1810 to the present.

484G. **The United States and the Caribbean Basin in the Twentieth Century (3)**. Examines the issues, problems and international relationship of the United States with the countries of the Caribbean, Central America, Mexico, Colombia, and Venezuela from the Spanish American War until the present.

485G. **History of Mexico (3)**. A study of Mexico's past including pre-Columbian civilizations, the Spanish Conquest and Colonial period, the independence movement and the early republic, the struggle for nationhood, the modernization of Mexico with a special emphasis on the Mexican Revolution and the forces that shaped present day Mexico.

486G. **The Andean Nations (3)**. A history of Colombia, Ecuador, Peru and Bolivia from pre-Colombian times until the present with an emphasis on the diversity of the peoples of these nations.
487G. **History of Brazil (3).** A survey of Brazil’s history from 1500 until the present with an emphasis on The Empire of Brazil 1822-1889 and modern Brazil, 1889-present.

490G. **History of Religions (3).** An introduction to the theory of Religious History and the study of the history and practices of the five dominant world religions using resources from within those traditions.

500. **Special Problems (3).** Directed readings or research project agreed to among student, instructor and head of the History Department.

501. **Historiography and Historical Methods (3).** Techniques of historical research, nature of history, theories of historical interpretation, and intensive study of controversies in history.

504. **Modern European History (3).** Major themes of European history from the seventeenth to the twentieth centuries including survey of relevant literature and interpretations.

510. **American Foreign Policy to 1921 (3).** Foundations of American foreign policy. (Not open to those taking credit for PSC 421G.)

515. **Contemporary Latin America (3).** A study of the political, economic, social, and cultural trends of the nations of Latin America from the end of World War II to the present.

534. **American Social and Intellectual History from 1865 (3).** Effect of the Industrial Revolution and urbanization of America on society and thought patterns in the U.S. as seen in the end of “American innocence” and the search for security in a changed America and a constantly changing world.

535. **Contemporary American Women (3).** This course will trace the evolution of women’s societal, economic and political roles in the United States from the “Age of Association” in the mid-nineteenth century through the modern period. By the end of the course, we will have answered the question of whether “we’ve come a long way, Baby!” or not.

537. **Contemporary Black America (3).** The African-American experience from the Civil War to the present, focusing on the creation of segregation, resistance to discrimination and the Civil Rights movement. The influence of African-American culture on the larger American society will receive special attention.

551. **The South in the Nineteenth Century (3).** Study of major economic, political, sociological, racial, cultural, and intellectual developments during the century.

553. **Civil War and Reconstruction, 1860-1877 (3).** Causes of the Civil War and political, social, economic, and military aspects of its conduct; examination of various interpretations of the Reconstruction period, regional and national.

560. **The French Revolution and Napoleon (3).** Economic, social, political, military, and diplomatic aspects of years 1789-1815, with emphasis on France as the moving force of the period.
562. **Diplomatic History of Europe, 1815-1914 (3).** International relations of European states in 19th century, with emphasis on the Congress System, Eastern Question, Bismarckian System, and pre-War balance of power.

564. **History of Ideas, Renaissance through Enlightenment (3).** Study of the principal ideas and scope of thought in political philosophy, philosophy of history, science and technology, fine arts, literature, and religion.

565. **History of Ideas, Romanticism to the Present (3).** Study of principal ideas and scope of thought in political philosophy, philosophy of history, science and technology, fine arts, literature, and religion.

567. **Europe Since 1939 (3).** Political analysis of development of individual states within framework of East-West conflict and economic competition and cooperation.

568. **The South in the Twentieth-Century (3).** Study of major economic, political, sociological, racial, cultural, and intellectual developments since the turn of the century.

570. **Modern Far East History (3).** Survey of Modern Far Eastern history with emphasis on China and Japan.

576. **Tudor England (3).** England’s emergence as a modern state, 1485-1603; constitutional, economic, social, and intellectual developments during the Renaissance and Reformation.

577. **Stuart England, 1603-1714 (3).** Study of major political, social, economic, and religious developments in seventeenth century England.

578. **Hanoverian England, 1714-1815 (3).** Study of major political, social, economic, and diplomatic developments in eighteenth century England.

584. **Modern Britain (3).** Detailed study of Britain’s political, social, diplomatic, and industrial development since 1865; Britain’s experiment with socialism and decline as a great world power.

598. **Research (3).** In-depth study of selected topic(s). Prerequisites: Permission of the instructor and approval of the department head.

599. **Thesis (3) (3).** (Grade of Pass or Fail only) Prerequisite: Approval of Application for Thesis Option. See “Thesis Options and Procedures” on page 43 of this Bulletin.
LIBERAL STUDIES

The MA with a major in liberal studies is an interdisciplinary degree characterized by its flexibility. After being admitted to the College of Graduate Studies, the student and the faculty advisor will plan a program of study designed to meet the student’s specific needs. Courses must be selected from two or more academic disciplines. Electives approved by the advisor may be taken in any department offering graduate courses. Students will select courses from the following fields of study: anthropology; biology; computer science and information systems; criminal justice; drama; economics; emergency management; English; environmental science management; geography; geographical information systems, history; music; political science; and psychology.

APPLICATION MATERIALS REQUIRED FOR THE MA WITH A MAJOR IN LIBERAL STUDIES

Applicants for the MA with a major in liberal studies will be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the MA with a major in liberal studies must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).
5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.html.
6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).
ADMISSION REQUIREMENTS FOR
THE MA WITH A MAJOR IN LIBERAL STUDIES

Applicants who meet general admission requirements to the College of Graduate Studies are eligible for admission to this program. A particular undergraduate major is not specified for admission to this program.

Applicants must meet one of the following admission formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional Admission

450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 60 points;

Conditional Admission

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.

MINIMUM REQUIREMENTS FOR
THE MA WITH A MAJOR IN LIBERAL STUDIES

The student must complete a minimum of 30 graduate semester hours in approved courses of which 18 graduate semester hours must be from two or more of the following fields of study: anthropology; biology; computer science and information systems; criminal justice; drama; economics; emergency management; English; environmental science management; geography; geographical information systems; history; music; political science; and psychology. The remaining 12 graduate semester hours may be completed in other fields selected by the student and the advisor.

A maximum of six hours of graduate credit may be transferred; however, courses transferred must be applicable to the student’s program of study.

LIBERAL STUDIES COURSES

Course descriptions are located in various programs listed alphabetically in this Bulletin.
MANUFACTURING SYSTEMS TECHNOLOGY

The Department of Technology and Engineering offers courses leading to the MS degree with a major in manufacturing systems technology. Manufacturing systems technology is a field of study designed to prepare management oriented technical professionals. The program balances academic instruction with practical applications in manufacturing systems to provide graduates with a broad base of knowledge and skills needed to effectively manage and control production in manufacturing facilities.

Specifically, the purpose of this master’s program is to produce industrial leaders who:

• Make decisions to integrate appropriate technologies into manufacturing operations.

• Apply advanced principles and practices used in manufacturing systems.

• Creatively use technology in solving practical problems in the manufacturing environment.

• Manage technology systems in manufacturing industries.

APPLICATION MATERIALS REQUIRED FOR THE MS WITH A MAJOR IN MANUFACTURING SYSTEMS TECHNOLOGY

Applicants for the MS with a major in manufacturing systems technology may be permitted to enroll in one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the MS with a major in manufacturing systems technology must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)

4. Official tests scores on the GMAT, General Test of the GRE, or MAT (please refer to page 16 of this Bulletin).

5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or
6. If English is not the applicant’s native language, the applicant is required
to submit an official TOEFL score report or an IELTS score report (please
refer to page 18 of this Bulletin).

**ADMISSION REQUIREMENTS THE MS WITH A MAJOR IN MANUFACTURING SYSTEMS TECHNOLOGY**

An undergraduate degree in technology is not required for admission, but
candidates with other degrees may be required to complete additional
undergraduate courses based on evaluation of academic and professional
experiences.

Applicants must meet one of the following admission formula requirements. For
purposes of computing the undergraduate grade-point average, a 4.0 grade-point
scale is used. The plus (+) and minus (-) grades from undergraduate transcripts
are not used in calculating the GPA.

**Unconditional Admission**

200 times the undergraduate GPA on the initial undergraduate degree plus the
GMAT score must be equal to or be greater than a total of 950 points.

OR

450 times the undergraduate GPA on the initial undergraduate degree plus the
total score of the verbal and quantitative sections of the General Test of the GRE
must be equal to or be greater than a total of 2250 points.

OR

15 times the undergraduate GPA on the initial undergraduate degree plus the
MAT score must be equal to or be greater than a total of 80 points.

**Conditional Admission**

An applicant failing to meet the requirements for unconditional admission may
be considered for conditional admission upon recommendation from the
departmental graduate faculty with approval from the Dean of the College of
Graduate Studies.

A student admitted on a conditional basis must attain a minimum GPA of 3.0
on the first 12 semester hours of graduate courses attempted within a twelve-
month timeframe. Failure to meet these conditions will result in the student
being dropped from graduate studies.
MINIMUM REQUIREMENTS FOR THE MS WITH A MAJOR IN MANUFACTURING SYSTEMS TECHNOLOGY

A total of 30 graduate semester hours is required for the degree including 18 semester hours (six courses) of manufacturing systems technology courses, 6 semester hours in approved electives, and 6 semester hours related to a comprehensive project.

MANUFACTURING SYSTEMS TECHNOLOGY COURSES
Prefix MFG

505. Manufacturing Operational Systems I (3). The analysis, design, and implementation of world class manufacturing systems and their integration with functions of the production system for the manufacture of superior quality, low cost products. Topics include lean manufacturing, cellular manufacturing, integrated quality systems, Just-In-Time/Pull production control, and other current manufacturing strategies.

507. Manufacturing Operational Systems II (3). Prerequisite: MFG 505. A continuation of the analysis, design, and implementation of world class manufacturing systems studied in MFG 505. Detailed examination of competencies required of technology managers in contemporary manufacturing, with emphasis on integrating quality into all areas of the organization with the manufacturing system. Topics include quality management, manufacturing teams, safety and health management, total productive maintenance, vendor relationships, and other global manufacturing issues.

511. Manufacturing Computer/Information Systems (3). The theory and practice of using the computer to integrate the functional manufacturing areas into an effective system. Emphasis on computer interfacing, including hardware and software.

515. Manufacturing Systems Simulation (3). An examination of decision-making competencies required of manufacturing managers using current manufacturing system-modeling packages. Emphasis will be on solving manufacturing system problems consisting of labor, material, and equipment to predict future outcomes of various alternatives. Topics include computer simulation of manufacturing systems, computer simulation of material handling systems, data collection, validation, output analysis, job shop applications, and line balancing.

521. Manufacturing Value Analysis (3). A comprehensive course covering topics necessary for making effective manufacturing economic decisions with emphasis on using a computerized engineering economic decision packages for application of cost controls and budgeting. Topics include evaluation of alternative projects, make versus buy decisions, cost justification methods, cost of product tolerances, and replacement analysis.

531. Automated Manufacturing Technology (3). A summary course of material processing & machining methods with an emphasis on planning and implementation of flexible manufacturing systems (FMS) and computer-integrated manufacturing (CIM). Topics include robotics & computer numerical control (CNC) systems, automated material handling and storage, and automated inspection.
595. **Project Development and Management (3).** Students are directed in methods and techniques used in project development and management as they develop a proposal for completion of a project manufacturing systems technology.

596. **Comprehensive Project in Manufacturing Systems Technology (3).** Students complete an independent, comprehensive project integrating the functional areas of manufacturing systems technology. Students will be required to present a seminar outlining the project and submit a detailed technical project report.

598. **Selected Problems in Manufacturing Systems (3).** Independent study of selected problems under the guidance of a member of the graduate faculty.
MATHEMATICS

The Mathematical, Computing and Information Sciences Department offers courses leading to the Master of Science (MS) with a major in mathematics. Students pursuing graduate degrees in secondary education who meet Mathematical, Computing, and Information Sciences Department admission requirements (described below) may take mathematics courses as their teaching field.

APPLICATION MATERIALS REQUIRED FOR THE MS WITH A MAJOR IN MATHEMATICS

Applicants for the MS with a major in mathematics may be permitted to enroll for one semester of graduate course work while completing all other general application requirements.

Applicants for the MS with a major in mathematics must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

3. Official transcripts(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)

4. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).

5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.

6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE MS WITH A MAJOR IN MATHEMATICS

In addition to meeting general admission requirements of the College of Graduate Studies, an applicant must have completed at least 12 semester hours, or equivalent, beyond the three course JSU calculus series or equivalent, including at
least one course equivalent to MS 415, Advanced Calculus I, and one course equivalent to MS 441, Abstract Algebra I.

Applicants must meet one of the following admission formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional Admission

450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 60 points;

Conditional Admission

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.

MINIMUM REQUIREMENTS FOR THE MS WITH A MAJOR IN MATHEMATICS

A maximum of six hours of graduate credit may be transferred; however, courses transferred must be applicable to the student’s program of study.

Non-Thesis Option:

Total of 30 graduate semester hours in approved mathematics courses including four of the following five courses: MS 451G, 515, 516, 541, and 542. Only two of the following courses can be counted toward the 30 hours of course work: MS 504, 523, 526, 528, 530, 533, 535, 537, and 549.

Thesis Option:

Total of 30 graduate semester hours. Minimum of 24 hours in approved mathematics courses including four of the following five courses: MS 451G, 515, 516, 541, and 542 and six hours of approved thesis. Only two of the following courses can be counted toward the 24 hours of course work: MS 504, 523, 526, 528,

MATHEMATICS COURSES
PREFIX MS

NOTE: Prerequisite for all Mathematics Courses

Graduate courses in mathematics are open only to students who (1) are admitted to a graduate program of study in mathematics, or (2) are admitted to a graduate program of study in secondary education with a teaching field of mathematics, and with all undergraduate deficiencies in mathematics removed, or (3) have completed 32 semester hours in mathematics with at least 19 upper division hours. Some individual courses have further prerequisites; see the course descriptions below. Exemptions from course prerequisites require permission of the department head.

403G. Vector Analysis (3). Prerequisite: MS 227 and see “Prerequisite for all Mathematics Courses.” Algebra and calculus of vectors, Stokes theorem, and divergence theorem; applications to geometry, mass potential functions, electricity, and fluid flow.

404G. Mathematical Statistics II (3). Prerequisites: MS 227 and MS 304, and see “Prerequisite for all Mathematics Courses.” Continuation of MS 304; selected topics from multivariate probability distributions, functions of random variables, approximations to probability distributions, methods of estimation, linear models and least squares estimators, analysis of variance, and nonparametric statistics.

416G. Advanced Calculus II (3). Prerequisite: MS 415 and see “Prerequisite for all Mathematics Courses.” Selected topics from advanced calculus; elements of partial differentiation including the general theorems, Jacobians; topics on theory of integration.

423G. Survey of Geometries (3). Prerequisite: MS 323 and see “Prerequisite for all Mathematics Courses.” Selected topics from advanced Euclidean geometry, finite geometries, non-Euclidean geometry, and other geometries.

451G. Functions of a Complex Variable (3). Prerequisites: MS 227 and MS 300 and MS 415, and see “Prerequisite for all Mathematics Courses.” Fundamental operations with complex numbers, differentiation and integration theorems, mapping, series, and residues.

480G. Introductory Topology (3). Prerequisite: MS 415 and see “Prerequisite for all Mathematics Courses.” Basic topological concepts to include topological spaces, mapping, compactness, connectedness, and separation axioms.

484G. Partial Differential Equations (3). Prerequisites: MS 227 and MS 344, and see “Prerequisite for all Mathematics Courses.” Standard methods of solution; separation of variables, Fourier Series, Laplace Transforms; selected applications.

504. Applied Statistical Methods (3). Prerequisite: See “Prerequisite for all Mathematics Courses.” Fundamental concepts of descriptive and inferential statistics, probability distributions, estimation, and hypothesis testing; statistical software packages are used to facilitate valid analysis and interpretation of results; emphasis is on method and selection of proper statistical techniques for analyzing real situations.
505. **Basic Logic and Set Theory (3).** Prerequisite: MS 415 or MS 441, and see "Prerequisite for all Mathematics Courses." Basic topics in symbolic logic and naive set theory, including sets and set operations, symbolic logic, the language of set theory, and applications of set theory.

515. **Real Variables I (3).** Prerequisite: MS 416 or permission of the instructor, and see "Prerequisite for all Mathematics Courses." Selected topics from real analysis with emphasis on functions of one and several variables, measure, and the Riemann and/or Darboux integral.

516. **Real Variables II (3).** Prerequisite: MS 515 and see "Prerequisite for all Mathematics Courses." Selected topics from real analysis emphasizing Lebesgue integration, sequences and series of functions.

517. **Introduction to Functional Analysis (3).** Prerequisites: MS 352 and MS 415 and see "Prerequisite for all Mathematics Courses." Introduction to the fundamental topics of functional analysis. Topics include metric spaces, completeness, linear operators, normed spaces and Banach spaces, inner product spaces, and Hilbert spaces. Objectives include the Riesz Representation Theorem, the Hahn-Banach Theorem, and the Contraction Mapping Theorem.

523. **Topics in Geometry for Teachers (3).** Prerequisite: See "Prerequisite for all Mathematics Courses." Classical theorems, ideas, and constructions of Euclidean and non-Euclidean geometry in theorems of Ceva, Menalaus, Pappus, and Feuerbach; homothetic transformations, inversion, harmonic sets of points, and cevians.

526. **Topics in Analytic Geometry for Teachers (3).** Prerequisite: See "Prerequisite for all Mathematics Courses." Applications of Euclidean and homogeneous coordinates, geometric transformations, trigonometric, and vector techniques to geometric problems.

528. **Theory of Equations and Functions for Teachers (3).** Prerequisite: See "Prerequisite for all Mathematics Courses." Topics in the theory of polynomial and other equations, and in the properties of transcendental functions. (The goal is the development of a deeper understanding of the equations and functions commonly encountered in precalculus mathematics.) May require the use of computer software.

530. **Foundations in Calculus for Teachers (3).** Prerequisite: See "Prerequisite for all Mathematics Courses." Theory, problem-solving techniques, and applications of differential and integral calculus, including the use of graphing calculators and computer software. (Recommended for students who are teaching or planning to teach Advanced Placement Calculus.)

533. **Topics in Modern Analysis for Teachers (3).** Prerequisite: See "Prerequisite for all Mathematics Courses." Logic and set theory, functions and sequences, structure and development of the real number system including completeness.

535. **Topics in Finite Mathematics for Teachers (3).** Prerequisite: See "Prerequisite for all Mathematics Courses." Elementary combinatorial analysis, probability, vectors and matrices, game theory, linear programming, and model building in the social and physical sciences.

537. **Foundations in Algebra for the Secondary Teacher (3).** Prerequisite: MS 441 and see "Prerequisite for all Mathematics Courses." Concepts of high school algebra from the perspective of ring theory.
541. **Abstract Algebra I (3).** Prerequisite: MS 441 and see “Prerequisite for all Mathematics Courses.” General group theory including cyclic groups and permutation groups, homomorphism and isomorphism theorems.

542. **Abstract Algebra II (3).** Prerequisite: MS 441 and see “Prerequisite for all Mathematics Courses.” Theory of rings, ideals, fields, and integral domains.

549. **Selected Topics in Mathematics for the Secondary Teacher (3).** Prerequisite: See “Prerequisite for all Mathematics Courses.” Selected topics suitable for the secondary teacher; problem solving; secondary school mathematics from an advanced standpoint.

552. **Linear Algebra (3).** Prerequisites: MS 352 and MS 441 and see “Prerequisite for all Mathematics Courses.” Abstract treatment of finite dimensional vector spaces. Linear transformations, determinants, eigenvalues and eigenvectors, invariant subspaces, Rational and Jordan Canonical Forms, inner product spaces, unitary and normal operators, bilinear forms.

591. **Seminar in Algebra (3) (3).** Prerequisites: MS 541 and MS 542 or permission of instructor and see “Prerequisite for all Mathematics Courses.” Selected topics in modern algebra beyond the scope of the graduate algebra sequence. Topics may be chosen from the theory of groups, rings, fields, or modules; linear algebra; homological algebra; or other topics, depending on student and instructor interests.

595. **Seminar in Analysis (3) (3).** Prerequisites: MS 515 and MS 516 or permission of instructor and see “Prerequisite for all Mathematics Courses.” Selected topics in modern analysis beyond the scope of the graduate analysis sequence. Topics may be chosen from the fields of real analysis (measure theory and integration, special functions, finite differences, functional equations, sequences and series), complex variables, Fourier and harmonic analysis, integral transforms, operator theory, or other topics, depending on student and instructor interests.

598. **Directed Readings (3) (3).** Prerequisites: Students must have two courses in the topical area chosen and approval by the faculty advisor in mathematics and the instructor and see “Prerequisite for all Mathematics Courses.”
Algebra, analysis, geometry, and topology.

599. **Thesis (3) (3).** (Grade of Pass or Fail only.) Prerequisite: Approval of Application for Thesis Option. See “Thesis Options and Procedures on page 43 of this Bulletin.”
MUSIC

The Music Department offers courses leading to the MA with a major in music and supporting courses for the MA with a major in liberal studies. Within the MA with a major in music, students may elect one of two concentrations: general music or music education. Students who elect music education must choose between instrumental or vocal/choral emphases.

The graduate programs in music are accredited by the National Association of Schools of Music.

APPLICATION MATERIALS REQUIRED FOR THE MA WITH A MAJOR IN MUSIC

Applicants for the MA with a major in music and a general music concentration may be permitted to enroll for one semester of graduate course work while completing all other general application procedure requirements.

Applicants for the MA with a major in music and a general music concentration must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Official transcript(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.)
4. Official test scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin).
5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs_ref.pdf.
6. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE MA WITH A MAJOR IN MUSIC

In addition to meeting general admission requirements of the College of Graduate Studies, applicants must complete a qualifying examination given by the
Music Department. The examination requires students to demonstrate competence in the theory of music and practical keyboard skills, knowledge of the history and literature of music and an applied music audition.

Applicants for the concentration in music education must hold a teaching certificate in the appropriate field.

Applicants who do not currently possess a teaching certificate who wish to attain teacher licensure may elect to pursue the alternative fifth-year program, leading to the MA with a concentration in either instrumental or vocal/choral music. Completion of this program leads to eligibility for fifth-year (master's) teacher certification in the appropriate concentration. Students must meet admission requirements for the alternative fifth-year certification program, which is administered by the College of Education.

Applicants must meet one of the following admission formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

**GENERAL MUSIC CONCENTRATION**

**Unconditional Admission**

450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1600 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 60 points;

**Conditional Admission**

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.

**MUSIC EDUCATION CONCENTRATION**

**Unconditional Admission**
450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 2100 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 80 points;

Conditional Admission

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first twelve graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.

MINIMUM REQUIREMENTS FOR THE MASTER OF ARTS WITH A MAJOR IN MUSIC AND A CONCENTRATION IN GENERAL MUSIC

All three MA programs (MA with a major in music: general music emphasis; MA with a major in music: music education emphasis in instrumental or vocal/choral, P-12; and the alternative fifth-year MA with a major in music: music education emphasis in instrumental or vocal/choral, P-12) require successful completion of the following group of courses:

Required Music Courses (16 semester hours):

**NURSING**

The Lurleen B. Wallace College of Nursing and Health Sciences offers courses leading to the MSN with a major in community health nursing.

The baccalaureate and master’s degree programs are accredited by the Commission on Collegiate Nursing Education (CCNE), One Dupont Circle NW, Suite 530, Washington, D.C. 20036, (202) 887-6791.

The primary mission of the College of Nursing and Health Sciences is to provide excellence in undergraduate and graduate professional nursing education, as well as to pursue scholarly activities and provide service to the community. The M.S.N. program is designed to prepare community health clinical nurse specialists to address a broad spectrum of health care needs across settings and populations, as well as to promote the health of communities and population groups. The curriculum builds on the foundation of baccalaureate education and requires 36 hours of course work, including two courses in community health with clinical practica. A disaster management component is integrated into various courses in the curriculum. Courses in the MSN program are offered online.

**APPLICATION MATERIALS REQUIRED FOR THE MSN**

Applicants for the MSN must submit the following documentation to the College of Graduate Studies, Jacksonville State University, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission
   [http://www.jsu.edu/graduate/grad_app.html](http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

3. Bachelor’s degree with a major in nursing from a regionally accredited university with a professionally accredited nursing program

4. Official transcripts(s) from all postsecondary institutions attended.
   (Students who have previously attended JSU do not need to request a transcript from the University.)

5. A written statement setting forth career goals

6. A current RN license

7. Official tests scores on the General Test of the GRE or the MAT (please refer to page 16 of this Bulletin). The GRE or MAT must be taken within five years of enrollment.

8. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of
Graduate Studies or online at http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf.

9. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).

ADMISSION REQUIREMENTS FOR THE MSN

Applicants for the MSN must meet the following admission formula requirements prior to registering for MSN course work. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (−) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional Admission

450 times the undergraduate GPA on the initial undergraduate degree plus total score of verbal and quantitative measures of the General Test of the GRE is equal to or greater than a total of 2100 points;

OR

15 times the undergraduate GPA on the initial undergraduate degree plus the MAT score is equal to or greater than a total of 80 points.

OR

450 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus total score of verbal and quantitative measures of the General Test of the GRE is equal to or greater than a total of 2100 points;

OR

15 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus the MAT score is equal to or greater than a total of 80 points.

The GRE or MAT must be taken within five years of enrollment.

Students are required to demonstrate proficiency in health assessment, research/statistics, and basic computer literacy. The graduate nursing faculty will conduct interviews and evaluate each applicant’s undergraduate transcript and clinical nursing experience to determine adequacy of preparation in these areas. Students without adequate academic or experiential preparation may be required to complete additional undergraduate course work as part of their program of study. Grades achieved in these courses will not be included in the computation of the graduate GPA; however, students must earn a grade of B or above in each of these specified, required courses.
All requests for admission will be reviewed by the graduate nursing faculty. The faculty will submit to the Dean of the College of Graduate Studies its recommendation on the admission of each candidate.

Conditional Admission

Any student failing to meet the requirements for unconditional admission, as defined above, will receive a letter to that effect from the Dean of the College of Graduate Studies.

Under exceptional circumstances, consideration for conditional admission may be given to a student meeting one of the following formula requirements.

450 times the undergraduate GPA on the initial undergraduate degree plus total score of verbal and quantitative measures of the General Test of the GRE is equal to or greater than a total of 1500 points;

\[ OR \]

15 times the undergraduate GPA on the initial undergraduate degree plus the MAT score is equal to or greater than a total of 55 points.

\[ OR \]

450 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus total score of verbal and quantitative measures of the General Test of the GRE is equal to or greater than a total of 1500 points;

\[ OR \]

15 times the undergraduate GPA on the last 64 hours attempted toward completion of the initial undergraduate degree plus the MAT score is equal to or greater than a total of 55 points.

Students who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within the time frame specified by the graduate nursing faculty and indicated in writing to the student. Failure to comply will result in the students being dismissed from the program.

All requests for admission will be reviewed by the graduate nursing faculty. The faculty will submit to the Dean of the College of Graduate Studies its recommendation on the conditional admission of each candidate. The Dean of the College of Graduate Studies will make the final decision on the conditional admission of the student.

MINIMUM REQUIREMENTS FOR THE MSN

The MSN program consists of 36 graduate semester hours: 33 semester hours of required graduate nursing courses and three hours of electives by advisement in a
functional role in education or management. A comprehensive examination is required of all candidates.

Through an innovative partnership with Troy University, JSU will utilize four existing Troy University courses (11 semester hours) as the core sequence in the community health program. Troy University nursing faculty will deliver these courses using distance education technology, primarily via Internet. The courses offered by Troy University include: NU 504 Theories of Nursing, NU 507 Advanced Health Assessment, NU 513 Advanced Pathophysiology, and NU 522 Research Methodology. In addition to these four courses from Troy University, students may transfer a maximum of six graduate semester hours toward completion of this program.

GRADUATE CERTIFICATE IN NURSING EDUCATION PROGRAM

The graduate certificate program in nursing education is designed to prepare nurses to teach in nursing and health professional programs, health care institutions and agencies, and in the community. The certificate provides nurses with essential knowledge and skills about teaching, program development, evaluation, clinical instruction, and other aspects of the educational process in nursing. At the conclusion of the program, graduates receive a certificate acknowledging successful completion.

Courses in the graduate certificate program are offered online. The practicum is based on student needs, and is planned with students in a location convenient for them. A student who completes the graduate certificate may apply these hours of credit toward electives in the MSN degree.

APPLICATION MATERIALS REQUIRED FOR THE GRADUATE CERTIFICATE IN NURSING EDUCATION

Applicants for the graduate certificate in nursing education must submit the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

### NURSING COURSES

**Prefix NU**

**504. Theories in Nursing (2).** Explores the evolution and importance of knowledge and theory in nursing, mechanisms for developing and critiquing theory, and the analysis and application of theories in nursing practice. (TU course: NSG 5504)

**507. Advanced Health Assessment (3).** Provides advanced knowledge of history and interviewing processes across the lifespan, physical examination, and clinical judgments regarding health care needs. (TU course: NSG 5512)

**513. Advanced Pathophysiology (3).** Review of cellular structure and function with emphasis on cellular changes that give rise to pathology and disease; discussion of cellular and tissue physiology with a focus on pathological processes of major organs and body systems. (TU course: NSG 6671)

**514. Health Assessment Practicum (1).** Practical application skills related to data collection and analysis essential to comprehensive health assessment of various age groups; validates knowledge to perform complete health assessment of individuals as they exist in the community as well as analyze collected data for indicators of health maintenance or alterations in health.

**519. Issues in Community-Based Health Care (2).** Provides opportunities to review, examine, and analyze selected issues that affect the discipline of nursing with specific emphasis on community-based practice.

**520. Advanced Pharmacology (3).** Designed to augment and support the practice of the APN. Encompasses the prescriptive role of the APN, legal statutes, general principles of pharmacodynamics and pharmacokinetics, treatment guidelines related to evidence based practices, pharmacology concerns for special populations, and drugs most commonly used in primary care.

**522. Research Methodology (3).** Discussion of principles of the research process; emphasis on the utilization and generation of research relevant to nursing. (TU course: NSG 6691)

**527. Epidemiology (2).** Study of various factors as they relate to the occurrence, frequency, and distribution of disease across the lifespan; includes origin, transmission, host/environmental factors that influence the development of disease, as well as issues related to health planning, policy, and evaluation.

**534. Statistics and Data Management (2).** Quantitative methods and statistics as applied to nursing and health care; topics include descriptive statistics, probability theory, sampling and statistical inference, hypothesis testing, regression and correlation analysis, and analysis of variance.
540. **Community Health I (6).** Prerequisites: NU 504, 507, 513, 514, 519, 527, and 534. Application of advanced specialized knowledge relevant to health promotion/disease prevention issues in select populations. Clinical experiences will be designed to meet individual learning needs of the MSN student in implementing the multifaceted role of the community health clinical nurse specialist.

542. **Transcultural Nursing and Healthcare (3).** An exploration of theoretical foundations for cultural diversity in health and illness, with emphasis in assessment and analysis of selected cultures as related to nursing and health care practices.

545. **Community Health II (6).** Prerequisite: NU 540. Application of advanced specialized knowledge relevant to implementing and evaluating programs for community health, with an emphasis on evidence-based interventions with vulnerable populations and aggregates. Clinical experiences will be designed to meet individual learning needs of the MSN student in providing care for selected aggregates and/or populations.

550. **Developing Instruction Programs in Collegiate Nursing Education (3).** Development of curricular components for nursing instructional programs. Examines the relationships among philosophy, goals, and outcomes for various learning environments. (Graduate Certificate requirement/Elective for MSN.)

551. **Teaching, Learning, and Evaluation in Collegiate Nursing Programs (3).** Focuses on teaching-learning theories, processes, strategies, and styles. Examines evaluation principles in the classroom and clinical setting. (Graduate Certificate requirement/Elective for MSN.)

552. **Practicum in Collegiate Nursing Education (3).** Prerequisites: NU 550, 551, and 553. Application for teaching-learning theories/ strategies, assessment and measurement methods, curricular frameworks, and nursing knowledge in an educational context. (Graduate Certificate requirement/Elective for MSN.)

553. **Issues and Trends in Collegiate Nursing Education (3).** Exploration of issues and trends influencing the role of the nursing educator. Includes analysis of technological, legal, economic, political, cultural, and ethical, and professional dynamics. (Graduate Certificate requirement/Elective for MSN.)

556. **Advanced Practice Roles (3).** Functional role elective; explores roles of clinician, educator, manager, consultant, and/or researcher; actual implementation of an advanced nursing role emphasized. (MSN elective)

PSYCHOLOGY

The Psychology Department offers courses leading to the Master of Science degree in psychology. Included in the curriculum are a broad range of behaviorally focused courses. The purpose of this degree is to prepare students for careers in the application of behavior analytic techniques to the behavioral habilitation of diverse populations. The Behavior Analyst Certification Board® (http://www.bacb.com/) has approved the following course sequence as meeting the coursework requirements for eligibility to take the Board Certified Behavior Analyst Examination®: PSY 511, PSY 521, PSY 528, PSY 529, and PSY 530. Applicants will have to meet additional experience requirements to qualify.

APPLICATION MATERIALS REQUIRED FOR THE MASTER OF SCIENCE WITH A MAJOR IN PSYCHOLOGY

Applicants for the MS with a major in psychology must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)

2. Non-refundable $30.00 application processing fee

3. Official transcript(s) from all postsecondary institutions attended (students who have previously attended only JSU need not request a transcript from the university)

4. Official scores on the General Test of the GRE taken within five years immediately preceding enrollment (www.gre.org)

5. Three (3) “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work (http://www.jsu.edu/graduate/forms.html or http://www.jsu.edu/graduate/docs/ref_form.pdf)

6. A curriculum vitae including education, employment, and other applicable psychology-related experience/skills (e.g., practicum/research experience, presentations, publications)

7. Letter of intent describing reasons for pursuing a master’s degree with a major in psychology at JSU

See the College of Graduate Studies website for forms and fee information. All items must be sent to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602. Applications are considered for admission for the fall semester only and all materials must be received in the College of Graduate Studies by August 15. Applications completed after August 15 will be considered for admission in the fall semester of the following year.
MINIMUM REQUIREMENTS FOR THE DEGREE

A minimum of 36 semester hours of graduate psychology courses, plus additional foundation courses for students without adequate undergraduate preparation; successful completion of a comprehensive examination or thesis defense; and a minimum grade point average of 3.0 on a 4.0 scale in all graduate coursework is required.

The Psychology Graduate Committee will evaluate each student’s undergraduate coursework and experience to determine which foundation courses are required in addition to graduate coursework. Although grades achieved in undergraduate foundation courses will not be included in the computation of the graduate GPA, students must earn a grade of B or better in each foundation course if taken after completion of their bachelor’s degree. Foundation courses must be completed during the first year of graduate study.

Undergraduate Foundation Courses:

PSY 201 Principles of Psychology
PSY 300 Statistics for Life Sciences
PSY 310 Research Methods

The 36 semester hours of graduate psychology courses must include the following courses:

a. Core Requirements (18 hours):

PSY 511 Conceptual Foundations of Behavior Analysis (3)
PSY 521 Functional Assessment (3)
PSY 528 Applied Behavior Analysis I (3)
PSY 529 Applied Behavior Analysis II (3)
PSY 530 Single-Subject Research Methods (3)
PSY 565 Experimental Analysis of Behavior (3)

b. Electives (18 hours):

The remaining 18 hours are electives in psychology chosen from psychology graduate courses listed on the following pages. Students must complete PSY 504 as an additional one credit elective if they have not taken PSY 221, Behavior Analysis Lab, or an equivalent laboratory course at the undergraduate level. Students must complete PSY 450G as an elective if they have not taken PSY 450, History and Systems of Psychology, or an equivalent course at the undergraduate level. If students have already received credit for these courses at the undergraduate level, they may not enroll and receive graduate credit in them. Only 6 hours in PSY 570-595 may count towards degree requirements.

The thesis option is available to students in this program. Students who wish to complete a thesis must consult with their advisor and refer to p. 43 in this bulletin to review additional requirements for the thesis option.

## PSYCHOLOGY COURSES

**Prefix PSY**

**450G.** History and Systems of Psychology (3). Examines the historical evolution of modern psychology and the conceptual systems which have been developed.

**500.** Behavioral Psychopharmacology (3). Behavioral effects of psychoactive drugs and neurochemical and behavioral mechanisms of drug dependency.

**504.** Graduate Behavior Analysis Lab (1). Stresses the skills involved in specifying, observing, and consequenting behavior and teaches the standard techniques of behavioral laboratories.

**511.** Conceptual Foundations of Behavior Analysis (3). Issues underlying the acquisition, conceptualization, and understanding of valid knowledge in psychology, including the design, implementation, and interpretation of research.

**521.** Functional Assessment (3). The strategies and ethics of functional assessment are presented in the larger context of behavioral assessment. Research articles relevant to indirect, descriptive, and experimental functional assessment approaches and assessment-based interventions are reviewed.

**528.** Applied Behavior Analysis I (3). Pre- or Co-requisite: PSY 221 or PSY 504. An introduction to and examination of the theory, principles, and methods of modern applied behavior analysis.

**529.** Applied Behavior Analysis II (3). Prerequisite: PSY 528. Diverse populations commonly served by applied behavior analysts (e.g., substance abuse, autism, traumatic brain injury) are examined with respect to their prevalence, defining characteristics, etiology, and current research trends. The potential for the use of applied behavior analysis in underserved populations is also discussed.

**530.** Single-Subject Research Methods (3). Prerequisite: PSY 528. Examination of the strategies and tactics used in single-subject research to implement socially important behavior change.
540. **Analysis of Child Development (3).** Prerequisites: PSY 511. The behavior-analytic view of child development is compared and contrasted with other systems for understanding development (e.g., Piagetian theory). Students review and critically evaluate current and seminal literature related to several developmental domains (e.g., motor, language, social).

545. **Social Behavior (3).** Prerequisites PSY 310 or equivalent. Introduction to behavior within a social context with a focus on classic and contemporary studies of social influence, group processes, persuasion, and prosocial behavior, as well as their real-world applications.

551, 552, 553, 554. **Seminar in Contemporary Topics (3)(3)(3)(3).** Various topics covering research and real-world applications of contemporary topics in psychology.

562. **Associative Learning (3).** Prerequisite: 511. Analysis of classical conditioning, human causal and contingency learning, and memory paradigms, with a special emphasis on historical and contemporary theoretical accounts of these phenomena.

565. **Experimental Analysis of Behavior (3).** Prerequisite: PSY 511. A development of the paradigmatic framework of the experimental analysis of behavior, and an examination of the research and resulting body of knowledge provided by that analytical approach.

566. **Impulsivity and Self-Control (3).** Prerequisite: PSY 565. The conceptual, experimental, and economic analysis of impulsivity and self-control in both human and non-human animals.

570, 571. **Instructional Practicum (3)(3).** Prerequisites: Approval of the instructor. Application of psychological principles in educational settings such as undergraduate courses. Responsibilities could include lab assistantship tasks including mentoring of students, presentation of course work, organization of class materials, etc. under the supervision of a faculty member.

580, 581. **Applied Behavior Analysis Practicum (3)(3).** Prerequisites: Approval of the instructor. Practice of behavior analysis in applied settings such as habilitation of individuals with developmental disabilities, modification of behavior in schools, and improvement of organization performance.

592, 593. **Independent Research (3)(3).** Prerequisites: Approval of the instructor. Students will conduct supervised research projects chosen in coordination with their supervisor.

594, 595. **Independent Readings (3)(3).** Prerequisites: Approval of the instructor. Independent readings will normally include content not offered in regularly scheduled classes.

599. **Thesis (3)(3).** (Grade of Pass or Fail only) Prerequisites: Approval of the instructor. Design and conduct an empirical research study, topic to be chosen in coordination with thesis committee chair, resulting in a written thesis to be defended before the student’s thesis committee.
PUBLIC ADMINISTRATION

The Master of Public Administration (MPA) is designed to meet the professional development needs of individuals employed by or planning a career in local, state, or federal government, or non-profit associations and organizations.

Applicants to the MPA with a major in public administration must select one of the following concentrations: business administration, criminal justice, education, emergency management, environmental science management, geographical information systems, political science, or sport management.

Deadline dates for application and receipt of all required application materials for the MPA degree are: November 1 for spring semester admission, April 1 for summer admission, and July 1 for fall semester admission.

APPLICATION MATERIALS REQUIRED FOR THE MPA

Applicants for the MPA must submit all of the following documentation to the College of Graduate Studies, Jacksonville State University, 700 Pelham Road North, Jacksonville, Alabama 36265-1602, to be considered for admission:

1. Completed JSU Graduate Application for Admission (http://www.jsu.edu/graduate/grad_app.html)
2. Non-refundable $30.00 application processing fee
3. Official transcript(s) from all postsecondary institutions attended. (Students who have previously attended JSU do not need to request a transcript from the University.
4. Official test scores on the GMAT, the General Test of the GRE, or the MAT (please refer to page 16 of this Bulletin).
5. Three “Graduate Reference Forms” completed by individuals who can provide qualitative assessment of the applicant’s potential for success in graduate course work. This form is available in the office of the College of Graduate Studies or online at http://www.jsu.edu/graduate/forms/html or www.jsu.edu/graduate/docs/ref_form.pdf
6. A statement of purpose/interest that shows why the MPA degree is important to the applicant, what the applicant will bring to the program, and how the degree will benefit the applicant’s career aspirations.
7. A professional resume including academic history, employment, and voluntary/community work.
8. If English is not the applicant’s native language, the applicant is required to submit an official TOEFL score report or an IELTS score report (please refer to page 18 of this Bulletin).
ADMISSION REQUIREMENTS TO THE MPA

Applicants who meet the general admission requirements to the College of Graduate Studies are eligible for admission to the MPA. A particular undergraduate major is not specified for admission to this program.

Applicants must meet one of the following admission formula requirements. For purposes of computing the undergraduate GPA, a 4.0 grade-point scale is used. The plus (+) and minus (-) grades from undergraduate transcripts are not used in calculating the GPA.

Unconditional Admission

200 times the undergraduate GPA on the undergraduate degree plus the GMAT is equal to or greater than a total of 850 points.

OR

450 times the undergraduate GPA plus the total score of verbal and quantitative sections of the General Test of the GRE is equal to or greater than a total of 1900 points;

OR

15 times the undergraduate GPA plus the MAT score is equal to or greater than a total of 80 points;

OR

200 times the undergraduate GPA on the undergraduate degree on the last 64 hours attempted toward the completion of the initial undergraduate degree plus the GMAT scores is equal to or greater than a total of 900 points.

Conditional Admission

Any applicant failing to meet the requirements for unconditional admission may be conditionally admitted with the recommendation of the graduate faculty in the applicant’s major and approval of the Dean of the College of Graduate Studies.

Applicants who are granted conditional admission must achieve a GPA of at least 3.0 on the first 12 graduate hours attempted within a twelve-month time frame. Failure to meet these conditions will result in the student being dropped from graduate studies.
MINIMUM REQUIREMENTS FOR THE MPA DEGREE

A total of 39 semester hours is required. The student must complete 18 semester hours in required public administration courses; 15 semester hours in a concentration from one of the following fields: business administration, criminal justice, education, emergency management, environmental science management, geographical information systems, political science, or sport management; and six hours of electives.

Required Public Administration Courses (18 semester hours):

- PSC 500 Foundations of Public Administration (3)
- PSC 501 The Analysis of Policy (3)
  or
- PSC 545 Seminar in Public Administration (3)
- PSC 502 Research Methods in Public Administration (3)
- PSC 504 Administrative Leadership and Ethics (3)
- PSC 531 Public Personnel Administration (3)
- PSC 532 Public Finance Administration (3)

Concentration in one of the Following Fields of Study (15 semester hours):

- Business Administration: 15 semester hours by advisement
  or
- Criminal Justice: 15 semester hours by advisement
  or
- Education: 15-16 required semester hours
  or
- Emergency Management: 15 required semester hours
  or
- Environmental Science Management: 15 required semester hours
  or
- Geographical Information Systems: 15 required semester hours
  or
- Political Science: 15 semester hours by advisement
  or
- Sport Management: 15-16 required semester hours

Electives (6 semester hours):

The remaining six hours are electives in a field appropriate to the student’s interest and career objectives. Students concentrating in business administration may not elect these six hours in business courses.
