

Spring 2027 Honors Courses

Class Schedule Listing

Honors Art Appreciation – 21569 – ART 203 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

Hybrid (Mostly In Person) Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	12:30 PM – 2:00 PM	W	Ridlen, Tray

Honors Introductory Biology II – 21216 – BY 106 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	8:45 AM – 9:45 AM	MWF	Brown, Grover

Honors Intro Biology Lab II – 21217 – BY 108 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

1.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	12:30 PM – 2:30 PM	W	Meade, Megan; LaShall, CarolAnn; Brown, Grover

Honors General Chemistry I – 21312 – CY 125 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	9:15 AM – 10:45 AM	TTh	Albraiki, Sharifah

Honors General Chemistry II – 21315 – CY 126 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	12:30 PM – 1:30 PM	MWF	Shen, Meikun

Honors English Composition II – 20403 – EH 104 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	10:00 AM – 11:00 AM	MWF	Tigner, Julia

Honors Literature II – 20454 – EH 220 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	12:30 PM – 1:30 PM	MWF	Douglas, Christopher

Honors Business Professionalism – 21149 – CBA 331 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	12:45 PM – 2:15 PM	TTh	Simon, Amy

Honors Physical Geography – 21387 – GY 254 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	11:15 AM – 12:15 PM	MWF	Ghosh, Subhasis

Honors Western Civilization II – 20250 – HY 104 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	11:00 AM – 12:30 PM	TTh	Weiser, Rachel

Honors Principles of Management – 21122 – MGT 302 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	11:15 AM – 12:15 PM	MWF	Alikaj, Albi

Honors Principles of Marketing – 21479 – MKT 302 – 001

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

3.00 Credits

Honors Lecture – 20081 – UH 101 – 001

This one-credit Honors seminar explores traditions of nature appreciation in Japan and the ways plants, landscapes, and seasonal change are represented and experienced in everyday life. Drawing on literature, art, religion, travel, natural history, and personal observation. The course examines recurring themes in Japanese engagements with nature, including seasonality, close observation, landscape viewing, and the cultural meanings attached to familiar plants and places. Topics include Satoyama landscapes, shrine forests, cherry blossom viewing, autumn leaf excursions, moss gardens, mountain pilgrimage, forest bathing, and the cultural associations of plants such as bamboo, pine, maple, lotus, and camellia. Taught by a botanist with extensive field experience and academic collaborations in Japan, the course brings together botany, environmental humanities, travel observation, and scientific culture. Throughout the semester, students will consider how culture influences both the appreciation and study of the natural world.

Associated Term: Spring 2027

Jacksonville State University Campus

In-Person Instruction Schedule Type

1.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	3:00 PM – 4:00 PM	W	Triplett, Jimmy

Honors Lecture – 20082 – UH 101 – 002

Mental health topics affect everyone in some way. We will explore how students may interact with mental health issues during their future careers. We will use the characters of Harry Potter to connect the issues to a widely known book series and then translate those into the student's own world.

Associated Term: Spring 2027

Jacksonville State University Campus

1.00 Credits

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	10:00 AM – 11:00 AM	M	Mikel, Stacy

Honors Book Club – 20083 – UH 202 – 001

"The Making of a Poem" - Poetic Forms for Fun will start with the Norton Anthology of Poetic Forms as its primary focus. From there, each week, students and instructor will engage with the forms found in the text - a new one every week - across the semester and will try their hands at writing in these forms themselves. Experience in creative writing is not expected, just a willingness to explore the ways in which poetry has been shaped in English for the last several hundred years.

Scheduled Meeting Times

Type	Time	Days	Instructors
Class	4:00 PM – 5:00 PM	T	Douglas, Christopher

Honors Book Club – 20084 – UH 202 – 002

In this course, students will explore the power of short, poignant narratives that capture the essence of personal experience in just a few hundred words. Through a combination of lectures, hands-on workshops, and peer feedback, students will learn how to distill complex emotions and experiences into compact, impactful stories. By the end of this course, students will have developed a portfolio of micro-memoirs that showcase their ability to craft powerful, concise stories. Students will also gain valuable skills in editing and feedback processes, preparing for further exploration of nonfiction writing. Regardless of writing experience, this course will challenge students to think creatively about storytelling and refine their ability to communicate meaningfully in miniature.

Class	12:45 PM – 1:45 PM	Th	Pitts, Laura Emily

Honors Seminar – 22102 – UH 320 – 001

This interdisciplinary honors seminar introduces students to the structure and organization of the human body through hands-on study of human cadaver anatomy. Using guided dissection, anatomical specimens, imaging, and clinical case discussions, students will explore major organ systems and examine how anatomy relates to health, disease, injury, and medical care. The course emphasizes observation, critical thinking, collaborative learning, and respectful engagement with human donors rather than memorization of extensive anatomical detail. No prior coursework in biology or anatomy is required.
