Jax MIX Event Organizer Announcement Script

"Hi everyone! Before we begin, I want to share that this event is part of the **Jax MIX <insert microcredential name> microcredential pathway.**

- **Jax MIX microcredentials** is a <u>**free**</u> and **optional** program that adds value to your degree.
    - A microcredential is an academic achievement that verifies you have specific competencies and skills. It takes less time to complete than a major or minor.
    - Your Jax MIX microcredentials **show up on your transcript** and can be **shared on your resume or LinkedIn**.
    - Jax MIX microcredentials add value to your degree by using state required courses, which is Jax MIX, to complete university requirements to earn microcredentials.
    - This means Jax MIX microcredentials are entirely free, can–generally–be completed within one year, and help you stand out when applying for jobs or grad school.

- After the event, please scan the QR code on the Jax MIX flyer found at **<insert location(s)>** to gain microcredential credit for your attendance.
    - Upon successfully scanning the QR Code, you will receive an email confirming your progress towards earning this Jax MIX microcredential.

- This event counts towards fulfilling the **3-event requirement** for the <insert microcredential name> microcredential.

- Even if you are not currently pursuing the **Jax MIX <insert microcredential name> microcredential**, you should scan the QR code.
    - There's no commitment. This program is optional.
    - You have **your entire undergraduate career** to complete this free microcredential program.
    - This means it's easier to get credit now and decide not to pursue the microcredential.
    - It's better to get credit now—even if you don't decide to finish until later.
    - Otherwise, in a year or two, you may want to earn this **free microcredential** and will need to attend events again.
    - So, scan the QR code after the event because this will count towards this microcredential for **the rest of your undergraduate career** at Jax State.

By scanning today, you're making it easier for future you. One event down, two to go. That's it!"
