Program Description: This approved sixty-one-hour Basic Tactical Operators Course (BTOC) will certify each student. The training days are long each day. This program is designed to address and reinforce basic tactical concepts, movement, entry and clearing using repetitive scenario-based force on force scenarios. This course requires moderate to high levels of physical fitness and the class learning objectives will fatigue the student. The student must be able to walk, run short distances, kneel, squat, bend, assume prone positions and recover to any position unassisted. Students should not attend that have bad backs, heart conditions or any other physical limitations.

How to register:

Registration: All students must register through the Northeast Alabama Law Enforcement Academy web site. Click on this link. <http://www.jsu.edu/lea/>

Payment: Due by day 1 of the course This is a prepaid course as required by the LEA. You MUST pay BEFORE the class begins.

- ✓ All checks/Purchase Orders: Payable to the Northeast Alabama Law Enforcement Academy

No shows (Failure to notify of a cancellation): Students that register and fail to “un-register” by contacting us will be invoiced the full amount of tuition.

Certificate: Issued by the Northeast Alabama LEA

Lodging: Tuition does not include lodging. Students must make their own arrangements.

Day 1 Meeting Location: Northeast Alabama Law Enforcement Academy, 100 Gamecock Drive, Anniston, AL 36205 (Exact Classroom # is to be determined). Signs will be posted on the morning of day 1 which classroom will be used.

Instructors: Certified Instructors assigned to coordinate and work with these programs have significant backgrounds in law enforcement/military and special weapons training as well as tactical training.

Standards: Complete all training objectives. APOSTC Pistol Qualification; Pass performance on demand drills; Pass a 4-minute live fire performance examination, pass an exposure to OC (gas) environment without a gas mask, function as a member of a team and attend all training sessions. We train in all weather conditions except for lightning or other extremely hazardous conditions.

Firearms: The student should be able to load, unload, manipulate, handle and reload their firearm in a SAFE and CONTROLLED manner. The student should be familiar with their weapon systems and equipment and possess the basic knowledge to be able to disassemble their firearm for cleaning, maintenance, and problem solving. The student will learn the four weapon safety rules and abide by the rules at all times. We cannot afford an unsafe student in any class. Safety violations are dealt with swiftly.

Equipment List: Each student needs to bring:
