**Contact Information:** POC: David Partner at 256.525.9808, or Email [ARM\\_Group\\_LLC@yahoo.com](mailto:ARM_Group_LLC@yahoo.com) or [www.arm-group-llc.com](http://www.arm-group-llc.com).

**Minimum # Students:** 10

**Maximum of Students:** 24

**Physical Attributes:** The student must possess the physical strength and stamina to repetitively manipulate and fire their weapon during prolonged drilling, in all weather conditions. The student must be able to get up and down from a standing, kneeling, and prone position, as well as move forward, backward, and laterally.

**Gear:** The student, regardless of duty position, needs to arrive with the proper gear and equipment in relation to the weapon systems that will be taught and used. For example, if a road officer arrives for tactical training without any type of tac vest or equipment is unacceptable and undermines the training being conducted – it delineates the training value. This also includes gear for inclement weather, a method of hydration, etc...

**Training:** The instructors take the time to guide, mentor and explain the material effectively. They also take the time to analyze and inform the shortcomings of students then make corrections to improve the overall performance of the student. Each student is evaluated and performance increased.

When requested, ARM Group will provide W9, DHS E- Verify and other information when requested.

We reserve the right to discharge students for any reason including medical, safety reasons or failure to comply. Once the class begins, no refunds will be provided.
