Dates of Courses: April 1-3, 2026

CEU's: 24 **Type:** Basic **Maximum class size:** 24

Register through the ARM Group web site (www.arm-group-llc.com).

Program Description: The Instructor Training Course (ITC-1) is a rigorous three-day program focused on developing the instructional skills required to design and deliver high-impact, competency-based training in a law enforcement environment. Through a combination of classroom instruction, peer interaction, and hands-on teaching exercises, participants will explore adult learning theory, lesson plan development, performance-based assessment, and scenario design. Each participant will design, deliver, and evaluate a training module or scenario, demonstrating their ability to apply instructional concepts in a realistic and practical setting. This culminating exercise ensures that each graduate possesses both the instructional skill and command presence necessary to lead training safely and effectively.

Training Location: 100 Gamecock Drive, Anniston, AL 36205, Exact classroom will be identified to all the participants via email confirmation.

Equipment List: Each student needs to bring a pen and note pad.

- Laptop (with MS Word, PowerPoint, or similar software)
- USB thumb drive (8 GB or larger) for file sharing and scenario submission (a template will be provided)
- Access to digital lesson materials (can be provided in class) Optional: Portable mouse, charger, and notepad
