Alabama author, Daniel Wallace, is a Birmingham native now living in Chapel Hill, North Carolina, where he works as an illustrator as well as a full-time writer. His recently published second novel, *Ray in Reverse*, tells the life story of Ray Williams backwards from his death at age 50 to his youth. Mr. Wallace's first novel *Big Fish* is an imaginative retelling of a dying father's tall tales by a son who hardly knew him. Both books will be available for signing by the author.
