

### President's Remarks

Hello ROTC Alumni, can it be that we are half way through 2008? Has it been a year already? When one is having fun, time does fly! There have been a number of events this year which I shall address and at the same time hope I shall not put you to sleep while you read this letter. Let me summarize some of the events and then I will talk about each:

1. The Gamecock ROTC Battalion is 60 years old in 2008.
2. LTC Chip Hester, PMS from 2005 to June 2008 has retired and now resides in Savannah, GA.
3. LTC Richard E. White, new PMS, arrived in August to assume command of the Gamecock Battalion.
4. The ROTC Alumni Chapter has formulated a plan to establish a scholarship endowment.
5. The 08, Military Alumni of the year is COL. Terry Quarles.
6. We have two new board directors for the chapter: Clayton Scott and David Bowles.

Homecoming will be the 17-19 Oct. 2008. The Alumni Chapter Banquet will be held on Friday night, 17 Oct. in the Gamecock Center, Stephenson Hall at 1800 hrs (6:00 PM). As in the past the dress will be casual (no ties). Come enjoy time with the cadets and your fellow alumni and friends. Reservations can be made by calling the ROTC Department at 1-256-782-5601 or e-mailing [rotc@jsu.edu](mailto:rotc@jsu.edu).

LTC Chip Hester, serving as Professor of Military Science from 2005 to 2008, has retired and now resides in Savannah, GA. Chip's leadership and management propelled the Gamecock Battalion upward to an enrollment of just less than 100, with rankings in the top 10 percent of all the schools in the southeast region. We wish Chip and his family the best in retirement and challenges in his new occupation.

LTC Richard E. White, the new PMS, is no stranger to JSU. Richard is a graduate of JSU and served as the assistant PMS of the department back in 1997-99. Now as the PMS he is looking forward to applying his vast experience in the development of the cadets and the school's program. Read more of LTC White on page 2.

We welcome two (2) new directors to the Chapter board: Clayton Scott, class of 1963, and David Bowles, class of 1980.

Their biographies are within this newsletter. If you are interested in volunteering for a director's position or any other function to assist the chapter pick up the phone or e-mail me.

Tom Finley, director for this chapter for the past five years has stepped down as a director. We want to thank him once again for his fine work, service and support as a director. Tom continues to reside in Decatur, AL.

Congratulations to Col. Terry Quarles on being selected as JSU's Military Alumnus of the Year for 2008. Continue to read this newsletter for more information on Col. Quarles. We hope we can get Col. Quarles out of Texas and back to JSU for the banquet in October.

The scholarship program is one of which all of you can be very proud. Larry Lee and Therman Greene and their committee have out done themselves this year with 22 cadets on scholarships. The Chapter wants to thank all the sponsors and donors that have made this program a success. Larry and Therman have also been the driving force to add a new level to the scholarship program by the establishment of an ROTC Endowment. The Endowment will not be replacing the annual scholarships now given to the cadets. The endowment will be for the long term commitment of providing scholarships in the out years. The program is designed to establish a \$25,000.00 base fund and then as time moves on more money can and will be added to the fund. Hopefully in three years disbursement of funds to cadets can commence. The fund allows all alumni to donate small amounts and large amounts of money to build the fund. The endowment will be a perpetual growth fund for the out years. You can contact the Foundation Department at JSU to make your donation to this endowment.

Please read page 3 concerning the ROTC annual and the endowment scholarship programs for further information. In this regard we want to thank Dr. William A. Meehan, JSU President, and the University for providing matching funds to support the Annual Scholarship Program.

We are not yet sure, but this could be the last of the paper newsletters to our alumni. We may have to convert our newsletter and place the letter on the web. Since this decision has not been finalized stay tuned for events to come.

Finally, I want to thank all the officers and directors of your chapter who have admirably assisted me in my second year as your president. I look forward to seeing all of you at the ROTC Banquet.

—Cliff Lanham

# ROTC UPDATE FROM THE PMS

## New Professor of Military Science Remarks

I am LTC Richard White, the new Gamecock Professor of Military Science, replacing LTC Henry “Chip” Hester, who departed JSU after three years of leading this great program. My personal best wishes to him and his family as they begin a new chapter in life. I am a native of Albertville, Alabama, and no stranger to JSU from 1985-1989, I was a cadet there when I was commissioned a Second Lieutenant of Infantry and awarded a BS in Military Science. From 1997-1999, I served the JSU ROTC Department as an Assistant Professor of Military Science during which time I earned a MS in Criminal Justice.

I look forward to this next experience as the Professor of Military Science and would like to personally thank Dr. Meehan and the University for allowing me to be part of this absolutely wonderful program. The JSU ROTC Department has by far the most impressive facilities, support of the University, and support of its ROTC alumni bar none. It’s because of you and your support that the reputation of the program has become, “WHAT RIGHT LOOKS LIKE” drawing tomorrow’s future officers to join its ranks. As I write this brief introduction, I am focused on continuing to uphold the high standards and exceptional performance that JSU and its ROTC Department

are known for. I pledge to continue to build upon its already rock solid foundation. If you are on campus, please feel free to stop by Rowe Hall for a visit, call me at 256-782-5601 or e-mail [Richard.E.White@us.army.mil](mailto:Richard.E.White@us.army.mil). My wife Coni and I look forward to meeting you and serving the Corp of Cadets over the next few years!

Respectfully,  
Richard E. White  
LTC, IN

# ALUMNI SCHOLARSHIP PROGRAM

The Scholarship Program continued to grow this past year. For School Year 2008-2009, twenty nine[29] Scholarships will be awarded to deserving Cadets as selected by the ROTC Selection Board. This Board consists of the Professor of Military Science, an academic Professor, a National Guard Representative, a Cadre NCO, and ROTC Alumni Representative. These are for \$500 each and when matched by the JSU National Alumni Association become \$1000 per recipient. Worth recognition of outstanding support are:

**MRS PEARL WILLIAMS-** This year Mrs Williams will sponsor eight[8] Scholarships in memory of her son, Major Dwayne Williams, who was killed by terrorists on September 11, 2001, while working in the Pentagon.

**DEWEY E. TATE-** Dewey continues to sponsor five[5] Scholarships. He is a JSU ROTC graduate of 1962 and desires to give back to the institution that made him successful.

Cumulative donations for the ROTC Scholarship Program [Alumni and sponsors] since the beginning of the program are:

## JSU ROTC Alumni Chapter Endowment Scholarship[s]

The ROTC Chapter Board has voted to establish a "Endowment Fund" to perpetuate the scholarships for JSU. To establish this type of Scholarship Program, the Chapter must raise \$25,000.00 within the next three years. This may sound like a lot of money, but it will only provide for one annual scholarship based on the funds yield. The principal will never be touched. Only the funds yield will be used for scholarship awards. The number of Scholarships to be awarded annually can be extrapolated by increments of \$25,000 available in the Endowment Fund. These means that the fund will have to grow over the years and the principal level be reestablished at a higher level.

The ROTC Alumni Chapter requests that all JSU Alumni, students, staff and associates join with the Chapter in raising these monies. Please send your contribution [tax deduct able] to: JSU Foundation, JSU, 700 Pelham Road N, Jacksonville, AL 36265. In the for section of your financial document indicate: JSU ROTC Scholarship Endowment Fund.

# NEW DIRECTOR FOR CHAPTER

**Dave Bowles** received his commission from Jacksonville State in 1980. After spending eight years in the Regular Army in the Aviation Branch, he resigned his commission and joined the New Jersey Army National Guard in the Active-Guard and Reserve Program. He continued his active service through 2000, retiring as a Lieutenant Colonel. His

service includes assignments in Texas, Alabama, New Jersey, Maryland, Germany and Virginia. He is married to Abigail and has two daughters, Kristen and Emily. He is currently employed by EG&G Technical Services as the Manager of the Training Technologies Team in Norfolk, Virginia.

**Clayton Scott** graduated from JSU in May 1962, with a B.S. in Biology/Chemistry and was commissioned in Armor. His first assignment was at Ft. Wainwright, Alaska where he served as an Infantry, Cavalry and tank Platoon leader, and then Tank Company Executive Officer. For the next two years he served as a Tank Company commander at Ft. Benning and then off to the Career course at Ft. Knox. After a two year tour at Wheaton College as an Associate Professor of Military Science he was placed in inactive Army Reserves while attending Seminary School. In Nov. 1977, he was commissioned. Chaplin, (LTJG) U.S.Navy. He served as Chaplin at El Toro, CA from March 1980, 1982 and then as Chaplin at Bahrain to 1984. The balance of his career has been Chaplain with the Marines. Clayton retired in October 1999 as a Commander and returned to Wedowee, Alabama. He now has his own church in Wedowee, AL.

## TIDBITS FROM ALUMNI

**Lieutenant Colonel Richard E. White** is a native of Albertville, Alabama. He was commissioned a Second Lieutenant of Infantry and awarded a Bachelor of Science degree in Military Science upon graduation from Jacksonville State University in 1989 as a Distinguished Military Graduate. In 1999 he was awarded a Masters of Science in Criminal Justice from Jacksonville State University.

Initially assigned to the 82nd Airborne Division he served

as a Rifle Platoon Leader, Anti-Tank Platoon Leader, and Company Executive Officer. During this tour he served in Operations Just Cause, Operation Hurricane Andrew Relief, Operation Dessert Shield and Operation Dessert Storm. He commanded Aco 511 ABN PFDR at Ft. Rucker, AL and was then assigned to Ft. Polk, LA where he Commanded Aco 509th ABN. After completing an ROTC assignment at Jacksonville State University he was assigned in Korea where he served as the Commandant for Command Post TANGO. He was then assigned to 1st Armored Division in Germany where he served as a Battalion Operations Officer, Battalion Executive Officer and the Division Chief of Current Operations. During this tour he served 15 months at Operation Iraqi Freedom. Upon return to the states he was assigned to First Army HQ where he served as the J3 Forward for Joint Task Force Katrina and as the Executive Officer for the Commanding General of First US Army. His most recent assignment was as the Battalion Commander of the 1-305th AR Task Force at Camp Shelby Joint Forces Training Center, MS where he trained all deploying RC Forces on Mounted Combat Operations and Mounted Gunnery, in support of Operation Iraqi Freedom and Enduring Freedom.

LTC White's military education includes: the Command and General Staff College, the Combined Arms Service Course, the Infantry Officers Basic and Advanced Course, SERE School, Pathfinder School, Jumpmaster School, Jungle Warfare School, Ranger School, Air Assault School, and Airborne School.

# BIRTH OF JACKSONVILLE STATE RESERVE OFFICERS TRAINING CORP (ROTC)

World War II had come to an end in 1945, yet the world was truly not at peace. The Department of the Army activated a Field Artillery Senior Division, Reserve Officer's Training Corp (ROTC) at Jacksonville State Teachers College on July 11, 1948. Enrollment was around 176 cadets for the school year of 1948-49. By 1951, the enrollment was over 349 cadets. The first full four year class to be commissioned in 1951 was made up of approximately 17 cadets.

In 1954, the ROTC unit was re-designed as a General Military Science with the branch assignments being immaterial, no longer Artillery. The ROTC department was housed in a building on West Frances Ave across from Kitty Stone Elementary School. The building is no longer there.

Marion Johnson'50 remembers that "many of the first classes of the Jacksonville ROTC were made up of veterans that had served during WW II and had returned to civilian life to use their educational government benefits." Rex Wallace'51 recalls, "the 1948/49 classes of ROTC were a mixture of prior service and young men straight from the small towns of north Alabama." The junior class of those years was made up of at least twelve prior service students consisting of: Kermit Hudson, William Johnson, Cecil Williams, Marion Johnson, George Lott, James G. White, Owen Knight, Everitt Patrick, Orus Kinney, William Gerstlouer, Rufus B. Bryson and Joe Hassell. Some of these lieutenants were soon to be called to fight another war- the Korea Conflict. George Lott'50 was killed in action and Joe Hagan'51 received the Silver Star for bravery.

According to Johnson and Wallace "the junior class of 1948/49 worked in concert with the newly formed cadre (consisting of two officers and four non-commissioned officers), to train the incoming freshman of 1948". The Professor of Military Science (PMS) for those first two years was Colonel Thomas B. Whitted. His tenure laid the foundation for the next 17 years. LTC Richard White arriving in August 2008 will be the 19th Professor of Military Science at JSU.

Until 1971, enrollment in the Army ROTC program was mandatory for JSU students. In the 60 years of military training 1,422 lieutenants have been commissioned from the Jacksonville State University Army ROTC Department. The graduates have seen at least four major wars in 60 years.

The Military Science Department today is called the Gamecock Battalion and is ranked as one of the top producing military science departments in the country. Its enrollment and number commissioned each year is in the top percentages within the southeast region of the country. There are 89 cadets enrolled in the 2008 program year.

The JSU ROTC program is healthy and growing. To learn more about the JSU ROTC program, visit [www.jsu.edu/depart/rotc](http://www.jsu.edu/depart/rotc)

As of May 2008, eight (8) commissioned officers have paid the ultimate sacrifice, losing their lives in the service of their country.

Countless commissioned officers have retired from Active, Reserves and National Guard service. Even more have served, honorably and faithfully fulfilled their military obligation after completion of Army ROTC training at JSU.

In 1996, former graduates of the military program formed the JSU ROTC Alumni Chapter to promote the university, the ROTC program and to provide scholarships for the cadets attending JSU. Presently there are some 23 cadets receiving scholarships from the alumni chapter. # WANTED

## HELP US FIND OUR LOST ALUMNI

We are looking for 53 “lost” alumni, listed by Commission Date. In order for them to receive any mailings from the ROTC Alumni Chapter they must be listed on the University’s Master Alumni Database and annotated as ROTC. If you are in contact with anyone on the list, please urge that person to contact the University at 800-231-5291, ask for the Alumni Affairs office and request to be entered on the database. A Social Security Number (SSN) is not required in order for someone to be entered on the database. The individual should also inform the office that he or she is an ROTC graduate and the date of commissioning. If you know someone on the list is deceased, notify Alumni Affairs or send the office an email at alumni@jsu.edu. You may also send an email to rotcalum@jsu.edu. For record purposes, deceased members can be entered in the database with only a graduation or commission date, and persons who were commissioned but did not graduate may be entered as ROTC but Did Not Graduate. Thank you for your help!
