Weekly Grant Opportunities Update

Jacksonville State University

July 22, 2019

Department of Commerce

Department of Commerce - National Institute of Standards and Technology - Small Business Innovation Research (SBIR)

Proposal Due Date: **September 20, 2019**

Expected Number of Awards: **15**

Estimated Total Program Funding: **\$78,000**

Award Ceiling: **\$6,500**

Award Floor:

Funding Opportunity Number: **2019-NIST-SBIR-03**

Purpose: The NIST SBIR TABA program will provide support to NIST SBIR Phase I and Phase II awardees.

It should be noted that the NIST SBIR awardees have the option to not participate in this assistance effort that is made available to them and may select to utilize similar support from an organization other than the TABA recipient under this program. In the event that a NIST SBIR awardee opts not to participate in this program, the TABA recipient is not expected to provide services to that NIST SBIR awardee.

The TABA recipient will be awarded \$6,500 for each of the NIST SBIR Phase I and/or Phase II awardee that participates in the TABA program, up to an estimated 12 Phase I and/or Phase II awardees. The TABA recipient will provide those NIST SBIR Phase I and/or Phase II awardees with technical and business expertise and resources to identify optimum pathways to promote successful transition of the Phase I and/or Phase II results to commercialization.

Through this program, the TABA recipient will engage with NIST SBIR Phase I and Phase II awardees in technical and business development activities such as: making better technical and business decisions concerning SBIR projects; solving technical and business problems that arise during the conduct of SBIR

projects; minimizing technical and business risks associated with SBIR projects; and developing and commercializing new commercial products and processes resulting from the SBIR projects.

Department of Homeland Security

Department of Homeland Security – FEMA Fiscal Year (FY) 2019 National Urban Search & Rescue (US&R) Response System Readiness Cooperative Agreement

Proposal Due Date:	August 14, 2019
Expected Number of Awards:	28
Estimated Total Program Funding:	\$35,199,412
Award Ceiling:	\$1,386,604
Award Floor:	\$1,145,104
Funding Opportunity Number:	DHS-19-DOD-025-00-01

Purpose: The National Urban Search and Rescue (US&R) Response System (the System) provides funding for 28 national task forces staffed and equipped to conduct around-the-clock search-and-rescue operations following earthquakes, tornadoes, floods, hurricanes, aircraft accidents, hazardous materials spills and catastrophic structure collapses. When deployed, these task forces, support state and local emergency responders' efforts to locate survivors and manage recovery operations. This program supports Mission 5, Goal 5.1: "Enhance National Readiness", as provided in the Quadrennial Homeland Security Review. To provide for the sustainment and readiness of the System and their local jurisdictions, through the funding of: administration and management, training, equipment and storage and maintenance.

Department of Homeland Security - FEMA - Fiscal Year (FY) 2019 National Incident Management System (NIMS)

Proposal Due Date:	August 23, 2019
Expected Number of Awards:	1
Estimated Total Program Funding:	\$2,000,000
Award Ceiling:	\$2,000,000
Award Floor:	\$2,000,000
Funding Opportunity Number:	DHS-19-NPD-107-00-01

Purpose: Our Nation faces a wide range of threats and hazards. As it is stated in FEMA's 2018-2022 Strategic Plan, under Strategic Objective 2.3 - Posture FEMA and the Whole Community to Provide Life - Saving and Life Sustaining Commodities, Equipment, and Personnel from all Available Sources, "No one

agency or organization is able to store enough equipment, supplies, and commodities, or marshal enough internal teams to quickly meet all the needs of a catastrophic incident. These devastating incidents necessitate the collective assets and contributions of many supporting organizations aligned through a coordinated structure." Communities can address these challenges by using a systematic approach that builds on proven preparedness activities. The National Incident Management System (NIMS) provides stakeholders across the whole community with the shared vocabulary, systems, and processes to deliver the capabilities described in the National Preparedness System (NPS). The implementation of the NIMS directly supports Quadrennial Homeland Security Report (QHSR) Mission 5: Strengthen National Preparedness and Resilience and Goal 5.3 Ensuring Effective Emergency Response. Toward this end, Emergency Management Assistance Compact (EMAC) provides at the national level a consistent and reliable approach to emergency resource allocation. The purpose of the Fiscal Year (FY) 2019 NIMS cooperative agreement is to support EMAC, which is a congressionally ratified mutual aid compact that defines a non-Federal, state-to-state system for sharing resources across state lines during an emergency or disaster. Signatories include all 50 states, the District of Columbia, Puerto Rico, Guam, and the U.S. Virgin Islands. EMAC's unique relationships with states, regions, territories, and Federal organizations, such as FEMA and the National Guard Bureau, enable it to move a wide variety of resources to meet the jurisdictions' needs. EMAC, established in 1996, is a national mutual aid compact that offers assistance during governor-declared states of emergency and supports states in sending personnel, equipment, and commodities to support disaster relief efforts in other states. This NOFO aids EMAC's development and maintenance of a consistent system for the request, dispatch, use, and return of resources needed to support local capabilities during incident response and recovery operations. The development of a multi-jurisdictional and interstate regional mechanism for coordinating incident management and obtaining assistance during large-scale, complex, or catastrophic incidents will help to build, sustain, and deliver the core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The National Emergency Management Association (NEMA), which manages and administers EMAC, is the only eligible recipient of this cooperative agreement. NEMA is a 501(c) (3) non-profit organization with headquarters in Lexington, KY, which represents emergency management directors in the 50 States, U.S. Territories, and the District of Columbia. This cooperative agreement also advances the NPS, which is the instrument the Nation employs to build, sustain, and deliver core capabilities to achieve the Goal of a secure and resilient Nation. Complex and far-reaching threats and hazards require a collaborative and whole-community approach to national preparedness that engages individuals, families, communities, private and nonprofit sectors, faith-based organizations, and all levels of government. The guidance, programs, processes, and systems that support each component of the NPS allow for the integration of preparedness efforts that build, sustain, and deliver core capabilities and achieve the desired outcomes identified in the Goal.

National Endowment for the Humanities

**National Endowment for the Humanities - Dialogues on the Experience of War
Proposal Due Date:**

Expected Number of Awards:	15
Estimated Total Program Funding:	
Award Ceiling:	\$100,000
Award Floor:	
Funding Opportunity Number:	20191015-AV

Purpose: The National Endowment for the Humanities Division of Education Programs is accepting application for the Dialogues on the Experience of War program. NEH offers the Dialogues on the Experience of War (Dialogues) program as part of its current initiative, Standing Together: The Humanities and the Experience of War. The program supports the study and discussion of important humanities sources about war, in the belief that these sources can help U.S. military veterans and others think more deeply about the issues raised by war and military service. Dialogues is primarily designed to reach military veterans; however, men and women in active service, military families, and interested members of the public may also participate.
